The Editor's column

When fellow residents die in unnecessary auto accidents — 11 of them within ten days — an editor wishes he could use this column to stop the massacre that has again hit so near home.

The public appears to pay little attention to newspaper and radio warnings to "drive safely."

We thought we were doing a good safety job when we prevailed upon the State Highway to place speed limit signs on Rand road.

Now comes the Chicago Motor Club in a news release which criticises speed limits in general, saying "it is not the speed that causes the accidents; it is unsafe drivers."

We took to the road shoulder twice last week to escape a speed crazy driver. We suppose the Chicago Motor Club would not blame the speed, but the craziness of the driver, if we had been killed.

Upon trips to Sherman hospital Sunday we passed the intersection of Route 25 extended and Spring Creek road 4 times. Five persons had been killed there the day before.

Each time we passed cars were lined up as occupants hunted the roadside for something — we did not stop to ask.

They were not thinking of the horror of the accident; they were getting a thrill over a visit to the scene.

•

In looking about for some new way to present a safe driving lesson we came across an editorial sent to us three months ago by a Bensenville reader. It presents a "drive safely" lesson in a new way. Here it is:

When I walked into the emergency room I found two men — rather young men — fighting for their lives. One had a ruptured pleura and a pneumothorax as well as assorted cuts and abrasions. He won.

The other man was horribly crushed, and he lost his fight. There was literally nothing to fight with.

As I watched one life waxing and another waning, I wondered as thousands and millions of fellow Americans wonder: "How long?" "How long will Americans continue this senseless 'murder on the highways?" There is nothing original in my thoughts, or in the words as I have set them down.

I wondered further why a man — an otherwise probably stable man — who, if he is a workman, probably follows every safety precaution in his plant or shop, will place himself in a position where a lapse of an almost unmeasurable fraction of a second will wipe out his life.

In this case three died because some lapse occurred.

One was dead at the accident, and two died in the Emergency Room in spite of all the help medical science could offer.

At 70 miles per hour there is no time for thought — no room to maneuver. At 90 — even less. Yet otherwise sane men and women will place in jeopardy their lives, the lives of their families and everything else they hold dear by treating a powerful modern transportation tool as if it were a plaything and a toy with which to show off.

I wonder how many of these fast drivers have ever spent a day or a week in an emergency room in a hospital?

And I wonder if it would do any good if reckless drivers were sentenced to such an emergency room instead of jail?

Our safety councils and police have done a wonderful job in publicizing these horrible tragedies, but pictures and stories are so inadequate compared to the sight and smell of death itself.

I wonder what the beautiful young thing who urges her date: "Faster, faster, don't be chicken!" would do in the future if she would see a few mutilated, torn bodies who were D.O.A.?

Their dates might not be so anxious to show off if they had stood there for a half hour, watching and hearing death in action.

I wonder what would happen if every 'teen-ager, before he got the keys to the family car the first time, had to spend a week or two in an emergency room? Some of them might be so badly scared they would never get in a car again.

And maybe the rest would store up sounds, sights, and smells that they would never forget.

Doctors, if your son or daughter has shown a reckless streak with the family car, have your hospital call you the next time there is a mass accident and they receive the victims. Load the younster in the car, take him or her to the emergency room, put him or her in a chair with arms on it and have the youngster stay there until it is all over. You might be surprised at the careful driving from there on as a result of such an experience.

"How foolish some people can get," is an expression a friend of ours is continually using. If we were not affiliated with the Illinois Chamber of Commerce, we would like to apply that question to the state chamber.

A recent news release from that organization says it is against school grants by the U. S. government.

The letter to members reads in part, " the State Chamber is convinced that our local school districts, aided where necessary by the State of Illinois, are well able to finance construction of their public school buildings."

Again we say, "how foolish some people can get."

THE SPIRIT OF '76 leads the Mt. Prospect parade, immediately followed by VFW Prospect Post 1337 Color Guard. Thomas Mulso was the smallest drummer, Dick Paschke, the tallest, and Miss Sylvia Jo-Anne Pfeffer is the fifer. Miss Pfeffer was especially commended by parade officials because she carried on despite the fact her grandmother passed away just before the event. —Staff Photo

Rural Elk Grove Clears Way For Two New Suburbs

Elk Grove township, a farming community for most of its 100-plus years, bounded into the suburban era Tuesday with these developments:

—Incorporation of the village of Elk Grove on 750 acres east of Arlington Heights road and south of Higgins road became official.

—A second municipality for the township is on its way toward incorporation as a city. The proposed city, as yet unnamed, was approved 46-10 at a meeting of the Elk Grove school district 59 Men's association.

In a separate but related development, 2 announcements from the head of the District 59 school board, Frank J. Kessler, will mean that the area's school problems are becoming less critical.

* * *

ELECTION RETURNS from the Tuesday election showed 53 votes in favor of incorporation, 3 opposed and 3 defective ballots. The new village is now almost entirely farmland but will be the site of a multi-million dollar housing development expected to get under way next year. Roughly the village is bounded by Higgins rd., Devon ave., Tonne rd. and Arlington Heights rd.

The other municipality is proposed for the eastern portion of the township. It was discussed at the third meeting of the district 59 men's association at Elk Grove school.

At a meeting 2 weeks ago the proposed boundaries of the city caused aroused protests from farmers who want to be left out. Tuesday night there was less opposition as the boundaries had been reworked.

The new limits would take in 4 square miles which stretch in an irregular pattern from Golf rd. to Pratt ave., (one-fourth mile north of Devon) and from Busse rd. to Mt. Prospect. The city would at first take in only 4 of the 6 square miles within these streets.

* * *

IN ADDITION a 2-block section north of Golf rd. is included.

A principal objector at the last meeting, Walter C. Sass, Tonne rd., withdrew his opposition to incorporation and apologized for his previous conduct. (His farm is not within the new limits.) Sass then offered to finance a trip to Springfield for a school board "to get more dollars for the schools from the legislature" and Superintendent Ernest Cavallo agreed to go.

By a hand vote the group authorized incorporation 46-10 for the area mentioned above and also approved retaining of Attorney Paul Collins, also school board attorney, for incorporation proceedings.

After a legal description of the city is drawn, petitions for an incorporation election will start circulating.

* * *

KESSLER ANNOUNCED that the developer of Elk Grove village has agreed to construct and donate schools to the district and that a subdivider, E. E. Herzog, has promised in writing to dedicate 7½ acres of land for school in a subdivision he is soon to develop.

Kessler credited Cavallo for gaining these concessions from the 2 builders.

Hospital Denies Entrance To Woman

Cook county hospital Thursday refused to admit an Arlington Heights woman whose doctor said she was in need of hospitalization.

The woman was Mrs. Olga Lykes, of 1408 E. Northwest hwy. She tried to call for help over the phone Thursday evening for a nurse to summon the inhalator squad to her assistance.

* * *

A PHYSICIAN diagnosed her condition as a coronary occlusion and after treatment he advised that she be sent to a hospital. She was taken in an ambulance to the county hospital. She was refused admittance, according to a police report, "as she was not ill."

Mrs. Lykes returned home in the ambulance after the refusal.

Police Chief Skoog wrote a letter to Gilbert J. Klehm, supervisor of Wheeling township, calling the matter to his attention.

Man, 64, Injured In Collision; 1 Wreck On Holiday

Fred A. Siese, 64, of 208 S. Evergreen, Arlington Heights, was treated for a bruised right side and hip injured Saturday afternoon when his auto collided with another car that was backing out onto Kensington rd.

Ticketed on a charge of improper backing was Herbert Hattendorf, 55, of 901 N. Highland, who backed into westbound traffic on Kensington west of Hickory.

* * *

DESPITE unusually heavy traffic on the Fourth of July, police reported only 1 minor auto accident during the day. A car westbound on Northwest hwy. driven by Paul H. Ross, 44, of 1535 S. State rd., was crowded into an eastbound car near Belmont. The other driver was Richard C. Probstle, 19, of 1224 Kensington rd.

Police said items were reported stolen during the week: a 1956 Ford sedan from the George Poole garage, 500 W. Northwest hwy. and an assortment of plumbing fixtures from 1320 Sigwalt.

One Red Light Out of Order: 2 Die In 3-Car Collision

Because a red light was not working in a traffic signal at the intersection of Route 12 and 53 in Palatine township, 2 women lost their lives Tuesday.

A coroner's jury returned a verdict of accidental death Wednesday following the fatal 3-car collision but a state police officer testified that a red light in the signal on the southeast corner of the intersection was not in operation when he arrived on the scene.

Killed were Mrs. Mayrnell J. Anderson, 37, of La Grange Park, and her mother-in-law, Mrs. Mary Jarrett, 61, of Baytown, Tex. Mrs. Anderson was killed instantly. Mrs. Jarrett died a short time later in St. Joseph's hospital, Elgin.

State policeman Robert Rust said that a car driven by Miss Sylvia Clifford, 18, of Maywood, a school teacher, headed northwest on Rand rd. (Rte. 12), struck the Anderson car southbound on Rte. 53, hurling it against a third car.

* * *

MISS CLIFFORD was charged with failure to obey a traffic signal and directed to appear in the court of Police Magistrate Carl M. Behrens on July 19. Police said that another signal at the opposite corner of the intersection was in operation but was apparently not seen by Miss Clifford.

Driver of the car struck by the Anderson auto was Roy T. MacIntosh, 37, of 120 S. Linden, Palatine. He was stopped on Rand rd. for the red light.

Minor injuries were suffered by Miss Clifford and 2 passengers in her car, Nancy Wolf, 17, of Bellwood, and Barbara Starvel, 17, of Hillside.

* * *

A SEPARATE inquest on the death of Mrs. Jarrett was to be held in Elgin later.

A spokesman for the state highway department, which has charge of signal maintenance at the intersection, said that the lights are checked at least twice a week. Maintenance is contracted to Meade Electrical Co., 5401 W. Harrison, Chicago. Information was not immediately available from the firm as to when the lights were last examined.

Mrs. Anderson is survived by her husband and 4 children, aged 6 months and 5, 10 and 12 years.

3 Elections Called To Validate Tax Rate

From Sod To Cement--Fate Of Railway's 'Green Belt'?

Arlington Heights' green belt along the Chicago North Western railway tracks would make a mighty fine parking lot.

That's the idea of Trustee Frederick A. Weber, who last week suggested a plan to acquire a large portion of the park area south of the tracks for parking.

The railway now owns the park but Weber hopes that the road will give up a 25-foot strip from Vail to State road free if the village agrees to convert it to parking space. There would then be plenty of room for diagonal parking along Davis street.

Consoer, Townsend and Associates, village engineers, will survey the park to start the ball rolling on the plan.

* * *

IN OTHER ACTION, the village board last week:

Deferred action on a plan to provide sanitary sewer services for the area bounded by Ridge avenue, Central road, State road and the south village limits.

Forced a builder to pave his entire half of Windsor from Euclid to Miner. The builder had wanted to pave in front of 6 lots on which he is now building and complete the job later. To allow this would be to "widen a precedent" said Trustee Forrest F. Davis.

* * *

GAVE FINAL approval to a curfew ordinance, after amending it to apply to juveniles under the age of 17.

Went on record as opposed to annexation of Arlington Heights and other communities by the Chicago Sanitary district. The proposal comes up in a November referendum. Trustee Richard Bronwell quoted figures (which he said had not been "checked") purporting to show that the village would pay taxes equal to twice the present cost of sewage disposal operation if annexation goes through.

Passed ordinances providing for sale of special assesment bonds and for a requirement of $3 a foot to be placed in escrow to ensure construction of sidewalks.

Voted to allow septic tanks within the village on lots smaller than 20,000 sq. ft., if the board approves, in "hardship" cases.

Village's Policy On 'Rut' Streets Settled By Board

The confusion about village policy on unimproved streets was settled by the Arlington Heights village board last week but the dust remains.

* * *

THE BOARD concurred in a policy statement read by Trustee James E. Millay. In part, it said: With the rapid growth of the village during the past 10 years, the extent of these (unimproved) streets has increased greatly and it is now economically impracticable and manifestly unfair to continue our practices of the past. . . There are about 16 miles of substandard and unimproved streets. . . some have been maintained for many years and these particular homeowners have come to expect these services to continue indefinitely.

Millay urged property owners to seek special assessment proceedings or contractual agreements for pavement of streets.

* * *

THE BOARD then adopted a policy stating that maintenance of unimproved streets is not the responsibility of the village.

Some of the streets will still qualify for maintenance under a special provision. Streets with "substantial" vacant or tax delinquent property or those on which paving is not feasible will be considered for maintenance.

A delegation of Arlingdale residents took advantage of the loophole provision to ask for maintenance of their streets and the board agreed with their request. Apparently the subdivision's streets can't be paved now because no water mains are in and residents are still burdened by a 1955 special assessment for sewers.

Attorneys Urge Special Elections On Tax Rate

Arlington Heights must start from scratch a second time to validate its tax rate and a series of 3 elections must be held for that purpose.

Interpretation of the school law enacted a few years ago required all school districts to again start their tax rate structure from scratch.

The wording of the special elections at that time held by Arlington Heights school district 25 and other school districts of the state, is now questioned by a firm of attorneys that act on all bond issues and proceedings for sale of tax anticipation warrants.

* * *

ELECTION NO. 1 will be held Saturday, July 21, which will serve to raise the rate from 50 cents to 71 cents. The second election, to be held August 11, authorizes an increase from 71 cents to 92 cents. An election September 1 will reinstate the present maximum rate of $1.125.

The vast majority of elementary schools in the Chicago area is using the $1.125 rate. Some, by a special referendum have gone to $1.25. Present needs of the school do not require the $1.25 rate.

Patrons of the district are receiving this week from the Board of Education a report on current problems and accomplishments of the public elementary school system.

* * *

IT READS IN PART, "We believe that an occasional frank, carefully prepared report will continue to elicit the fine support from the community which has been received in the past.

"The district has a maximum tax rate of $1.125 per $100 of assessed valuation. This rate was approved by the voters on January 30, 1954.

"However, we have a technical problem with regard to our tax rate. In the light of recent court decisions, school attorneys have raised some question concerning the terminology employed in a past referendum of this sort, although the county clerk recognizes and extends the levy upon the basis of our $1.125 rate.

"To further complicate the matter, it has been suggested that the form of the notice whereby the voters approved a maximum rate of $.1875 for the building fund (for maintenance, repairs, insurance, etc., for school buildings) was not quite correct.

"To remove all questions about the legality of these rates, the board of education has decided to hold a series of elections to validate the existing rates.

"In order to save expense, there will be only 1 polling place for the district—the Junior high school gymnasium. We feel sure that the community will bear with us in the tedious matter of having these things done strictly 'according to Hoyle.'

"Please bear in mind that this is not a tax rate increase, rather, it is done solely to validate present maximum rates."

* * *

REPORTING ON the building program, the letter reads in part: "Contracts have now been let and work is beginning on the Miner Junior high school and the additions to the present Junior high school. Building costs are high and some changes in these buildings had to be made after the bids were received.

"The board has reserved sufficient funds from the recent bond issue to construct the Westgate school. That building is now being planned, and construction on it is expected to begin in late summer.

"The board of education has authorized the employment of 12 additional teachers to provide for increased enrollments next year. More could probably be utilized if classrooms were available. In fact, sharply increased enrollments will necessitate some triple sessions (in kindergarten) and double sessions (in primary grades) next year.

"To squeeze classes into the space available until the new buildings are occupied in September, 1957, it will be necessary to organize kindergarten on 3 daily sessions in the North, South, and Dryden schools and to have double sessions (4 hours of classes daily instead of the regular 5 hours) in the first grade at North and South schools, and in the first and second grades at Ridge school."

GOP Ladies Meet

The Women's Republican club of Rolling Meadows meets Tuesday at 8:30 p.m. in the home of Mrs. Margaret Chapman, 2702 George st.

Dual Protection For Construction Areas

Rolling Meadows police include construction areas in their regular patrol duties. It has been announced, however, that Kimball Hill and Associates have their own night watch service, which will implement this, thus giving a dual protection in the construction areas.

The special night watch service replaces the private patrol service which was effective until June 30.

Attorney Pinch Hits Safely In Water Tank Fuss

A good lawyer is worth at least twice as much as 170 names on a petition.

If you don't believe it, ask the folks in the neighborhood around Ridge and Oakton in Arlington Heights.

Their petition opposing erection of an elevated water storage tank in their area got them nowhere with the village board. So they passed the hat to hire a lawyer.

* * *

IN A LETTER to the board and a personal appearance at last week's board meeting, the lawyer, Everett Lewy, of 105 W. Monroe, Chicago, maintained that the erection of a tank on Ridge, 200 feet north of Oakton, would give the area an "eyesore" and cause serious deterioration in nearby property values.

Then Lewy cited a 1954 decision of the Illinois Supreme court which forced the village of Westchester to tear down a water tank already erected in a residential area. Lewy said his group would fight rezoning of the lots for the tank and, if necessary, go to court.

Though the board had voted to purchase the lots, Village Attorney Hugo Thal was directed to confer with Lewy and come up with a recommendation.

TOO YOUNG TO VOTE but not too young to meet a political candidate are these 2 juniors from Arlington high school. They are Nancy Reinlie, Golf rd., Mount Prospect, and Phyllis Anderson, 1143 Stratford rd., Arlington Heights, who talked with Richard Stengel, Democratic candidate for U. S. Senator, when he visited Arlington Heights Tuesday. —Staff photo

Round 'n About Westgate

Westgate Community Association

President, Jim Blocki, has again stressed the importance of residents of Westgate obeying the 20 M.P.H. speed limit. Various people out here have been seen going at speeds up to 45 M.P.H. which is not helping the safety of the children.

Everyone is urged to drive slow and help keep the community safe.

Happy Birthday

Linda Pollitz celebrated her ninth birthday June 30 with a luncheon attended by 9 of her friends. Invited guests were Mary Naso, Paula Krueger, Dorothy Schwind, Carol Ann Lorenzen, Diane Lorenzen, Cheryl Maley, Kathy Wegner, Katy Hasback and Eilleen Haly. In the evening a party was also held in her honor for relatives and friends with 22 adults and 15 children in attendance. Linda is the daughter of Shirley and Howard Pollitz, 11 Reuter.

Dcik Keslinke celebrated his 11th birthday July 6 with a family party. He lives at 1715 Miner with his parents, Mary and Emil Keslinke.

A birthday party with 5 neighborhood children attending was held for Donnie Bellino of 123 Reuter. Donnie became 6 July 3. Cake, ice cream, games and prizes were enjoyed by all.

Little Mark Graczyk, young son of Berty and Andy of 1417 Fremont, became 1-year-old July 9. He has celebrated the occasion at each of his grandpartents homes and again at his aunts, which is a very good percentage for such a little fellow.

Vacationing

Aquinas and Frank Powers and their 5 children of 118 Reuter, returned recently from a 3-week vacation spent in Minneapolis. The Powers, who are originally from Minneapolis, enjoyed seeing both of their parents again.

Spooner, Wis. was the vacation spot Jean and Jack Spies chose for a week's vacation of swimming and fishing. The Spies of 242 Yale had their 3 children, Jack, Jeff and Joy, with them on the trip.

Rickey Burnes is enjoying the summer up in Sayner, Wis., where he is attending Camp Northern Pines. Rickey lives with his parents, Lorraine and Collen, 246 Yale.

Pat Nelson of 1601 St. James and her mother enjoyed a week's vacation in Omaha, Neb.

Home from a 10-day vacation are Fran and Bill Johnston and their 4 children of 1505 Euclid. The Johnstons were at Lake Denoon, Wis., where they found the weather a bit cold. Bill's parents, Mr. and Mrs. W. F. Johnston of Menomonee Falls, Wis. spent 2 day here in Westgate, during which time they enjoyed a day at the race track.

Out Of Town Visitors

Visiting the Kadleciks, Gwen and Sam of 128 Reuter, are Gwen's folks, Mr. and Mrs. D. W. Brandt. The Brandts live in Los Angeles, Cal. and plan to spend another month here before returning to the west coast.

Far away visitors are the Rev. and Mrs. Richard Kruler of Nigeria, West Africa, who are here in Westgate at the home of Loretta and Red Kleim, 403 Yale. The Rev. Krugler does missionary work in Africa and is here in the States on furlough until next June. He is going to attend Concordia Seminary college in St. Louis in fall and do post graduate work for his degree and also study language. Quite some time will also be spent lecturing throughout the country while he is here. The Krugers have 2 children, John,6, and Barbara, 3, who were both born in Nigeria in a British hospital. Mrs. Krugler is Mr. Kleim's sister.

Mary and Emil Keslinke, 1715 Miner, had their daughter, Mrs. Mary Ann Dickert of Waukesha, Wis. here for a 4-day visit. Highlight of the visit was once again daughter, Cindy.

Caroline and Dick Burkett, 1405 Euclid, had some interesting guests this past week. Here from Reading, Penn. were Claire and James Westgate and their 2 daughters, Valorie and Diane. Their guests found it amusing to see their name at the shopping center and everywhere else they went in Westgate.

Sympathy

Sympathy is extended to Lois and Jack Madden, 1501 Euclid, on the death of Lois' father, Harry J. Cunningham of Chicago. Mr. Cunningham died July 8 after a long illness at the age of 68.

This 'N That

Fourth of July was the scene of a smorgasbord buffet supper with 5 couples sharing in the menu planning and preparation of food. The party was held at the home of Bari and Pat O'Dea, 301 Reuter. Each couple was to bring hors d'oeuvres and part of the main course. The girls made such an abundance of hors d'oeuvres that it took the entire evening to consume them. The results were that all guests returned on the following day to enjoy the main course. The other couples attending were Elaine and Bob Maley, Bud DeZonna, the Bennetts and Don Nelson, who came alone, his wife Pat being out of town.

Busy Westgaters this past week were Arline and Fred Hauth, 512 Yale, who helped run the American Legion carnival here in Arlington. Fred was the assistant in running the carnival and Arlene was ways and means chairman of food for the auxilliary. They both wish to thank all their Westgate friends for helping make the affair a huge success.

Last Saturday a party was held at the home of Milly and Jum Scott, 511 Yale, for neighbors to meet new Westgate residents, Elsie and Ed Johnson. Attending the party were Lorry and Dick Cahill, Joan and Fred Miller, Carol and Bill Franck, and Arlene and Fred Hauth.

Robert Keslinke recently graduated from a 4-week police training course held at the University of Illinois. The course included training in all phases of police work, law, F.B.I. study and first aid. Police Chief Skoog and his wife acempanied Mary and Emil Keslinke to Champaign for the graduation exercises.

Newcomers

A welcome to Westgate is extended Elsie and Ed Johnson, who are now resideng at 515 Yale. The Johnsons have 3 children, Edward 8, Kathleen, 6½, and Jimmy, who is almost 1 year old. Ed works at the 1 N. LaSalle building as assistant starter of elevator men and also makes out the pay roll for his men. The Johnsons moved here from Norwood Park and plan to attend a Lutheran church here in Arlington.

Correction

Last week when this reporter wrote the article about the Little League team, the Spartans, which is made up primarily of Westgate boys, not only did she list 2 of the boys as catchers when they are pitchers but also forgot 2 important members on the team. Robert Alm of 234 Yale is a coach for the Spartans, spending all his time when in town helping these boys, and whose own son is on another team in the league. The other member is Frank DeRosa Jr., the manager's son, who is an avid baseball player. The mistake was certainly not intentional.

News of all events happening in Westgate are always appreciated by this reporter. Help make the column interesting by letting her know what you are doing.

the HARRIS huddle

MARIAN HARRIS

At last I get a chance to sound off in print. I thought George would never, never stop, but here I am on my own . . . and a chance to talk to you girls about our "secret weapons"—perfumes and colognes.

Although we carry all the famous name brands, I'd like to talk to you about our EXCLUSIVE lines. First, HOUBIGANT. There are three exquisite odors that I will mention. REFRESHENCE, a particularly refreshing cologne with plenty of body; an after-the-bath must. CHANTILLY, the essence of femininity. FLATTERIE, a new fragrance added to the Houbigant family, on the sophisticated side.

Second, GUERLAIN. Four stars for Guerlain: VOL DE NUIT, an intensely interesting blend; you'll like it. MITSOUKO, the Oriental fragrance of teakwood, somewhat mystifying. L'HEURE BLEU, romance personified and SHALIMAR, the one, the only . . . for the formal affair with a romantic interest.

CARON: We're gathering speed, gals, 'cause Caron offers so many aromas—BELLODGIA, gay, informal, for the more carefree mood. POIVRE, the East Indian influence, a dramatic new fragrance. ROCK GARDEN, the fragrance of flowers, a subtleness that has punch. NUIT DE NOEL, the old standard Christmas Night; once you wear it, you're a slave to it, reminiscent of Shallimar in its possessiveness.

Now my piece de resistance — LANVIN'S PRETEXTE. You can't miss with this. RUMEUR, on the exotic side; be a little daring, ladies! SCANDAL—need I say more? ARPEGE, the most copied fragrance, definitely a nighttime must.

Gals, whether you've got him or want him, this is the "atom bomb" of perfumes—MY SIN. All I can say is, if you're kidding, don't wear it.

These are our EXCLUSIVE perfumes and colognes . . . others in the area may have it, but we are the only authorized agents.

Next week our two boys, Tommy and Billy, would like to talk to your girls and boys about our "SMALL FRY" department.

Hope some of you fellows read this—it might give you an idea for a birthday, anniversary, or a little remembrance to the gal that darns those darn socks. Goodbye now.

Eastwood Events

The summertime travel bug bites indiscriminately and for the previous 2 weekends this reporter and the rest of the Patton family have visited Elcho, Wis., and Lakeside, Mich. respectively. The record should indicate that a wonderful sunburned time was had by all and that while it was fine being away, it's nice to be home.

Good neighbor, Dorothy Raasch, has written this column and so relieved the family of the necessity of roaring back to meet a deadline. It was much appreciated.

New Resident

Returning to Arlington Heights and now at 415 N. Hickory are Charles and Evelyn Lavin and children, Karen, 5½, and Jeffrey, 3½. A 2-year residence in Gary kept them away, but as of July 3 they are back as new residents of Eastwood.

Move

Moving from their residence at 218 N. Beverly lane July 18 are Mr. and Mrs. Melville A. Anderson. The future is a full one during these next months. They leave for Harbor Bluffs, Fla., where their new home is under construction. After a week there they plan a trip to Los Angeles, where they will visit with Mrs. Anderson's sister, Mrs. Irene Campbell. September 24 they sail to Hawaii, returning to Harbor Bluffs about the first of November. Their neighbors in the Beverly lane block joined together last Sunday evening in adjoining yards of the Lindahls and Gustafsons and enjoyed a potluck supper as a send off party for the Andersons. A unique gift of a quantity of movie film was presented to them for their proposed trip. Eastwood folk wish the Andersons well on their trip and in their new home.

Guests

Guests in the Eastwood area this past week included the Rev. and Mrs. W. B. Bliss and daughter, Ruby, of Lincoln, Neb. who visited for a week at the home of their son and family, Mr. and Mrs. J. R. Bliss, 417 N. Dryden.

The Lee Gustafsons, 211 N. Beverly lane, houseguested friends from Washington, D. C., Mr. and Mrs. Hugo Knoernschilds, formerly of Glenview.

Visiting at the home of their daughter, Mrs. John Williams, 501 N. Dryden, for 10 days, from Cincinnati enroute to Florida, where they will make their home, were Mr. and Mrs. Louis Kunz. The Williams' guests this week are their daughter and family, Mr. and Mrs. Richard Raab of Columbus.

Guests at the A. N. Magnussens, 622 N. Dryden, last weekend were Mrs. Magnussen's sister, Mrs. S. Manz, and daughter, Ruth, who visited here from Lemberg, Sask., Canada. It was not too long ago that Mrs. Magnussen and daughters, Dorothy and Beverly, spent 2 weeks motoring through western Canada.

Curt and Dorothy Kenyon, 313 N. Brighton, enjoyed a weekend visit from friends, Mr. and Mrs. Phillip Jonas and year-old-son, Doug, of Valparaiso, Ind.

Return

Mr. and Mrs. John Albrecht, 301 N. Brighton, returned last week from a month's vacation to Miami and St. Petersburg. Accompanied by Mrs. A. B. Fries of Racine, the threesome enjoyed dining in famous spots and the scenery and beauty of the south.

Off motoring for the week Mr. and Mrs. H. L. Watson, 603 E. Euclid, returned last Sunday from Tuscaloosa, Ala.

Twelve-year-old Karen Heisig returned to her home at 726 E. Euclid after a 2-week visit in Madison at the homes of her grandparents. Driving up with dad Garth for the weekend and to bring Karen home was sister, Becky, and friend, Irene Heitz.

A luncheon party at Tally-ho restaurant in Park Ridge was given by Mrs. Melville Anderson last Thursday in honor of Mrs. Enoch Larson's July 9 birthday. Other guests included Mrs. L. Gustafson and Mrs. A. Lindahl, all of N. Beverly lane addresses.

It will be a family celebration at the home of Earl and Donna Lee Newquist, 407 N. Hickory, July 15 to wish 3-year-old daughter, Kristin, a happy birthday.

Eight-year-old Dickie Evans, 215 N. Beverly, is spending 10 days at the home of his maternal grandparents in La Salle.

Attending summer camp sponsored by the Methodist church at Conference Point, Lake Geneva, is 12-year-old Jimmy Bliss.

Jan and Ellen Behrens returned Sunday to their home 203 N. Brighton after a 2 week trip, which they enjoyed in Brights Grove, Canada.

Mother Of Three Named To Arlington Cancer Post

Charles J. Walters, 307 N. Bothwell, Palatine, chairman of the American Cancer Society's northwest suburban chapter, announced this week that Mrs. Rudolph W. Lippke, 412 W. Campbell st., Arlington Heights, will serve as educational chairman for the ACS in her community.

Walters pointed out that of all Americans who die of all types of cancer today, the deaths of one-third could be avoided, if proper treatment were begun before the cancers spread.

* * *

TO TRY to prevent this waste of human lives," Walters explained, "the ACS conducts an extensive education program to teach the public cancer's seven danger signals and the importance of getting to the doctor in time. The educational program is carried out by the promotion of films, literature, lectures, etc."

Walters pointed out that Mrs. Lippke will have available the free lifesaving educational material of the Society and urged anyone interested personally or program chairman of clubs to call her.

Mrs. Lippke, mother of 3, is a former member of the St. Peters Mothers club and the Arlington Heights Citizens Lay Advisory committee. She attended Northwestern university. (A

Farm Worker

A college student participating in the scholarship training program of the American Guernsey cattle club is spending the summer working at Rosewood farm in Roselle. He is Richard D. Mathews of Huntley.

R. D. Stewart, AGCC secretary, said that Mathews will work at Rosewood farm under the direction of Marvin Fansher, manager.

Mathews is one of 40 young men chosen for this summer's training program. At the end of their assignments, each trainee will write a report on his activities. Writers of the best five reports will receive $300 scholarships to be applied to their next year's college expenses. (Fm

Rhodes Hails Circus Event, Will Become Annual Affair

niture center on Northwest hwy., west of Arlington Heights, announced this week that their free circus promotion will become an annual anniversary event.

Max Rhodes, president of the firm, hailed the 2-day event last week as a "spectacular success."

He added that the circus, co-sponsored with Rhodes by Norge appliances, will be repeated each summer in connection with his anniversary promotion.

* * *

RHODES OPENED his new store across from Arlington Park a year ago. Previously he was located in Prospect Heights and Arlington Heights.

He said the circus attracted the greatest crowds the store has had since its grand opening.

Explained Rhodes: "We wanted something for children, and Norge came up with the circus idea. We expected lots of people, but the crowds that assembled exceeded our wildest expectations.

"Special credit for the response to our event must be extended to Paddock Publications. Once again it has demonstrated the effectiveness of concentrating our advertising in the pages of its editions," concluded Rhodes. (B7

Local Girls Among 6,000 Senior Scouts, At Michigan 'Roundup'

The 6,000 campers who are taking part in the first national senior girl scout roundup at Highland recreation area near Pontiac, Mich will broil or stew more than 14 tons of fresh meat and 2 tons of fresh fish during their 12-day stay, according to Mrs. Melvin W. Title, chairman of food services.

The teenagers will quench their thirst with 230,000 glasses of milk and enough canned and frozen juices to fill two 1,000 gallon reservoirs. For breakfast scouts will scramble, fry, or broil 45,000 fresh eggs.

The campers will eat their way through 159,320 loaves of bread (or 30 miles, if the loaves were laid end to end). On the slices will be spread more than 3 tons of butter.

In addition, 27 tons of fresh vegetables 2 tons of canned soup and more than 15 tons of canned vegetables will be served.

Among the Illinois senior scouts attending the roundup are: Babs Rasmussen, Arlington Heights, Judy Maitland, Arlington Heights, Gail Smith, Arlington Heights, Jean Sullivan, Arlington Heights, Kitty Mueller, Morton Grove, Linda Thomas, Des Plaines, Lola Hamm, Rolling Meadows and Alicia Wiley, Des Plaines. Patrol Leader is Jean Edgcumbe of Mt. Prospect.

Zoning Board To Hold Hearings In Palatine, Arlington, Mt. Prospect

Cook county zoning board of appeals has scheduled 3 hearings to be held July 19 and 2 hearings on July 26.

Two of the July 19 hearings will be held at Arlington Heights village hall at 5 p.m. They are in the name of LaSalle National Bank as trustee. Petitioners ask rezoning from present classification of farming.

A business classification is asked of 2 acres, located approximately 200 feet west of River road and 1780 feet south of Palatine rd.

* * *

SEVENTY-TWO ACRES are involved in the second hearing. The tract is located at the northeast corner of Palatine and Buffalo Grove roads. The petition asks its use as R-4 (Residence 10,000 sq. ft). Kurt J. Solomon is the attorney.

A public hearing will be held the same evening at Palatine village hall at 8 p.m. to consider a zoning change from residential to business of 3 small lots at the southwest corner of Baldwin rd. and Brockway st. Charles Neal is the petitioner and Norman Visdale is the attorney.

Two hearings will be held at Mt. Prospect village hall at 7 p.m. July 26 to consider rezoning of 2 lots in Lawndale Gardens on east side of Elmhurst rd. north of Oakton st. A B-1 business is requested by Arthur Busse, owner of lot 35. Arrow Gasoline Co. requests same treatment for lot No. 36. (AMP

Your Suburban GOVERNMENT

By Tom Brennan And Dick Dunkel, Jr.

Government has become an awesome thing.

Tremendous population growths, need for government controls, wars, disasters, depression and the safaris of cramped city-dwellers to the suburbs—these are but a few of the reasons that governments, both local and national, have become massive and complex, often beyond the layman's understanding.

But in America, the people are the government. The government is the people. The people are entitled to control the government.

Thus it is of prime importance that the size and complexity of government never get so far beyond the understanding of the people that the people feel inferior, impotent and convinced that their feeling can never be made known to an impersonal authority.

With this in mind, Paddock Publications begins a series of articles attempting to define and explain your governing bodies.

Source of information will be the written statutes of Illinois and the unwritten experience of men who hold public office and their advisors.

The series begins with suburban government.

Initial articles will deal with village, city and township governments. Villages such as Arlington Heights, Wheeling, Palatine and Mount Prospect; cities such as Rolling Meadows; unincorporated areas such as Prospect Heights; and townships such as Wheeling and Palatine will be discussed.

The job promises to be a large one. For example, a partial rundown of governing bodies at work in Wheeling township alone would include the township government; the large village networks of Arlington Heights, Wheeling and Mount Prospect; more than 6 elementary school districts; a high school district; drainage districts; rural fire protection districts, park districts. Add to these such outside governing bodies with local authority as the Forest Preserve, Chicago Sanitary district and the Mosquito Abatement district. And there are many more.

But all of these governing bodies have one thing in common. They all derive their power directly or indirectly, from the people.

It is important that the people understand what they have created.

It is perhaps more important that the people understand how they may use effectively what they have created.

Newcomers

Mr. and Mrs. A. Pisahl are new on Hickory st. They live at 923 N. Hickory. They formerly lived at 5738 Oricle, Chicago. Mr. Pisahl is sales manager for C and E Marshall in Chicago.

Mr. and Mrs. Richard Dean, 1010 N. Beverly, are also new. The Deans have a girl, Suzanne, who is 6 years old, and a boy, Richard, who is one and a half.

Mr. and Mrs. Donald A. Blazek are new. They live at 1006 N. Dryden. The Blazeks have 2 children, Barbara, 4, and Tommy 1½. They are from Chicago. Mr. Blazek is a salesman for Carl Gorr Printing co.

Mr. and Mrs. Philip Haag, 611 Frederick, had guests over the weekend of June 30. They were Mr. and Mrs. David Reinhardt from Sheboygan, Wis. They took Barbara Jean Haag back with them to spend the week.

Mr. and Mrs. Grant Johns, 1017 N. Douglas, had a nice time at Lake Como, near Lake Geneva, Wis. They had several couples over for Poker club Saturday. The Johns entertained 3 couples and 14 children with a picnic supper. The couples were Mr. and Mrs. Walter Graede, Mr. and Mrs. Frank Walter and Mr. and Mrs. Dick Wagner.

Mr. and Mrs. Ronald Lewis spent most of Friday at Arlington race track. With them were Mr. Lewis' parents, Mr. and Mrs. Harry B. Lewis from Villa Park, Ill. It was Mrs. Ron Lewis' first time at the races. That old story about beginners luck is not always true, according to Diane Lewis.

Cub Scout den 8 met at Mrs. Harold Henry's, 834 N. Hickory, for their last meeting of the season until September. Mrs. Howard Butcher is the den mother. They played baseball and enjoyed refreshments.

Mary Becholdt, a family friend from Cleveland, spent the weekend with Mr. and Mrs. Fred Dufelmeier 837 N. Hickory. Saturday afternoon the Dufelmeiers entertained Mrs. James Contos and children, George, Marion and Jim, and Mr. and Mrs. George Chakos. They all had dinner together.

Mr. and Mrs. Everett Klicker, 1013 N. Beverly, had company for 5 days. They were Mr. Klicker's parents, Mr. and Mrs. A. C. Klicker from Pine City, Minn.

Good luck goes to Mr. and Mrs. Robert Smith, 1006 N. Dryden, who moved to Deerfield Saturday.

Mr. and Mrs. Jack Menefee, 902 N. Dryden, spent 9 days in Fon du lac, Wis., swimming and fishing. Guests during the weekend of their vacation were Mr. and Mrs. George Meadle. They caught a lot of fish, Mrs. Menefee said. Jackie Menefee also enjoyed the vacation with her parents.

Mr. and Mrs. Oscar Holmgren, 838 N. Hickory, had a barbecue picnic Tuesday. Their guests were Mr. Ethel M. Kelly, Oscar's sister, who has been touring Europe for the last 2 months. She is staying with her son and daughter-in-law, Mr. and Mrs. Lloyd Kelly, who were also present. Mrs. Kelly is from West Palm Beach, Fla. Mr. and Mrs. Charles Kelly and Mr. and Mrs. Willard Askew were also guests.

Mr. and Mrs. Barton Love, 900 Frederick, are home from vacation. They spent a week in Colorado Springs, Colo. They saw Pikes Peak, which is an impressive sight to see as it is now capped all year round and can be seen from any vantage point in the city. They also visited the zoo and Will Rogers' shrine, which looks down over the famous Broadmoor hotel. They visited the Garden of the Gods. The Loves also went to Manitou Springs, about 5 miles from Colorado Springs. Mr. and Mrs. Love enjoyed their vacation very much.

Birthday

Kenelm Scheske, 833 N. Hickory, celebrated his second birthday last Saturday with his relatives. His grandparents Dr. and Mrs. G. T. Tideman, and his parents, Mr. and Mrs. Carl Scheske, enjoyed his birthday dinner.

Mr. and Mrs. Jacob C. Herr, 901 N. Douglas, have returned from their vacation in Mountain, Wis., where they visited Mrs. Herr's father, William Lazansky.

Virginia Terrace News

New residents in Virginia Terrace are Barbara and Ralph Wiederhold, 1322 N. Chicago. They moved into their home from Chicago July 1 and have 3 boys, Kim, 7½, Kyle, 4, and Karen, who will be 2 July 22. Ralph is employed by the Agreg Mfg. co.

Moving to Virginia Terrace in time to enjoy a suburban Fourth of July were Evelyn and Walter Bluhms, formerly from Chicago. The family moved into their home at 1235 N. Wilke June 29. They have 2 sons, Gregory, 9, who will attend St. James in the fall, and Patrick, 5. Walter is a tile setter.

Nieces Visit

Visiting Lucille and Bill Frankie, 1243 Wilke, are 2 nieces, Patty O'Neill, 14, from Los Angeles and Joy Wons, 13, from Buffalo. Patty, who is Lucille's niece arrived June 20 while Bill's niece, Joy, arrived July 1. Both girls enjoyed their first plane flight and plan to spend the summer with the Frankies. Joy's mother and father, Mr. and Mrs. Irv Wons, and her brother, Topper, are spending 2 weeks with the family at present.

Margery and Dick Frisbie, 1512 W. Oakton, are entertaining Dick's mother, Mrs. C. O. Frisbie, from Wichita. Dick's mother will spend a week with the family.

From Cleveland, Ohio comes Mrs. Martin Hess to visit her daughter and husband, Jen and Bob Kline of 1710 W. Oakton.

Mr. and Mrs. Archie Twito of Minneapolis spent 6 days with their daughter and son-in-law, Betty and Earl McAllister, 1111 Wilke.

From the Hoosier state Barbara and Les Poklen, 1208 N. Race, welcome Barbara's brother, Ronald Stoker of Indianapolis, who is spending the summer with them.

To celebrate the Fourth, Connie and Rex McBride, 1206 N. Race, entertained Rex's father and his wife, Mr. and Mrs. H. M. McBride from Akron, Ohio.

A day at Arlington Park was one of the highlights of a visit that Gerald Tierney of Dalton, Georgia, and Bob Langan from south Chicago made at the home of Mona and Frank McKiernan, 1429 N. Wilke. The weekend guests also enjoyed a barbecue Saturday night with more friends, Jack Buckley and Pat Zingler. Sunday the men played golf.

Kevin Gerard Quinn, son of Nancy and Dick Quinn, 1107 N. Wilke road, was christened Sunday. Kevin's maternal grandmother, Mrs. T. R. Arrants of Falls Church, Virginia, was present at the ceremony as she is spending a month with the family. The baby's godparents were Dorothy and Gene Dominque, 1706 W. Oakton.

Pat Gorman, 1440 N. Race, returned July 6 from Lake Geneva, Wisconsin, where she and her children, David, Maureen, Paul, Colleen and Eileen, had spent 10 days with Pat's parents, Mr. and Mrs. R. M. Northrop. Dick joined the family on weekends.

Celebrating his birthday at a pirate party Saturday, was Bobby Gunnison, 1407 W. Clarendon. Bobby's sixth birthday is July 11. The guests who enjoyed searching for the treasures were Suzanne Stassevitch, Georgie Herbert, Brucie Williams, Charlie Marshall, Larry Larson, Peter, Karen and Christine Forsberg, Nancy and Roberta Altman, Margie and Billy Hotze and Bobby's brother, Scotty.

Another boy who will be 6 July 11 is Bruce Williams, 1215 N. Race. Bruce will have an outdoor party this Saturday. His guests will be Scotty Poklen, Mark and Larry Larson, Billy Jacobsen, Ronald and Bobby Dolejs, Charlie Marshall, Butch Mells, Michael Henneman, Bobby Gunnison, Georgie Herbert, Kathy Ladney, Suzanne Stassevitch, Henry Silver, Kathy Klint and Bruce's sister, Carol.

Marianne Brown, 1504 W. Oakton, will be 5 July 15. Marianne will have her party today. Guests will be Timmy Trummer, Mary Ann Bourbon, Felicity, Ann and Tommy Frisbie, Leslie Yates, Guy Frick and Marrianne's sisters, Kathleen and Barbara, and brother, Jimmy.

Wayside Women Organize Afternoon Bowling League

Mrs. Russell Gilmore, president of Our Lady of the Wayside Catholic Womans club, Arlington Heights, has announced plans are in progress for a new activity to be added to the busy club schedule.

Under the direction of the ways and means committee, the club is organizing a fall bowling league, open to all the members. Teams are now in the process of formation to insure space in one of the local bowling lanes and members who have not already signed up should contact committee chairman Mrs. Stephen Murphy at CL. 3-5581.

The league will meet early Wednesday afternoons, to coincide with school time hours, and the committee also intends to supply transportation service when needed. (A

Troop 57 Boy Scouts Leave For Camp

Nine members of Boy Scout troop 57, Arlington Heights, left Saturday for Camp Napowan, Wild Rose, Wis., along with 2 troop leaders. Heading the group of boys planning to spend 2 weeks at the camp is John Ritzma who won enough merit points the first 6 months of this year to earn a week's free stay at the camp.

Adults leading the group to camp are Frank Webster and Albert R. Stedry. Boys making the trip are Frank Webster, Thomas Mueller, James Gutru, Richard Stedry, Fred Grannis, Buddy Mills, Raymond Podzimek, Dennis Bishop and John Ritzma.

This will be the eighth season for the Northwest suburban area scout camp northwest of Oshkosh b'gosh. It's about 200 miles from Arlington and is situated among many hills and lakeside Lake Napowan. (A

HER KITCHEN-10 degrees cooler-

HER RANGE-a modern electric

Hot weather's here again. And unless you have a modern electric range, your kitchen's likely to get even hotter when your oven's on a couple of hours.

Uncomfortable? Yes, and unnecessary. Today's electric ranges keep your kitchen about 10 degrees cooler because they keep the heat in the oven where it belongs.

Modern electric ranges also keep your kitchen cleaner. (Actually twice as clean as other ways of cooking.) And today, *nothing* cooks faster.

The latest electric ranges offer many "new idea" features. For example: built-in rotisseries, smokeless broilers, counter-top cooking units and automatic controls. See them at your dealer's. Discover how easy it is to own a cool-cooking electric range.

Big saving—we pay part of your range installation cost!
Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

And you get more than a money saving!
Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

ARLINGTON GREENS

Everyone is entitled to a vacation and your correspondent spent hers at Resurrection hospital undergoing minor surgery. That is why there was no column from the Greens last Thursday. Keep your news coming so you can have something to read about.

Ball Games

A baseball team has been organized for the Greens by Wally Johnson. They play Tuesday nights at Recreation park and welcome rooters. The first game played against Westgate was won by the Greens with a score of 12 to 11. They broke their winning streak by losing the second game to the same team. Games start at 7 p.m.

Birthdays

Kathleen Josetti celebrated her fourth birthday with a party June 22. Playing games and gobbling cake and ice cream in Josettis' basement were Jeffery and Laura Reed, Joyce Gran, Debbie Coughlin, Chris and Karen Johnson, Glen Shannon, Bonnie and Heather Gerrard, Ronnie Kadlecik and Jimmy and Titus Josetti.

Jeffrey Reed had a splash party in his yard to celebrate his third birthday June 24. Getting wet with him were Joyce Gran, Karen and Chris Johnson, Debbie Coughlin, Harry and Suzie Williamson, Kathy and Jimmy Josetti and Laura Reed.

Prizes

The Greens was well represented at the St. James annual barbecue and neighbors who came home with prizes were Jack and Shirley Kerz, who won second prize, an outdoor barbecue grill. Pete and Bette Johnson and Harold and Alice Nelson won utensils for outdoor cooking.

Vacation

Gene and Mary Lou Coughlin are pack from a 2-week stay in Lexington, Mass., where they visited Mary Lou's brother Thomas Sweeney. Mary Lou's mother took care of the children here while they were gone.

Jill Kaye spent last week with her children in her home town of Sheboygan, Wis.

William and Rita Ravas took their 2 oldest children, Diane and Robert to the Dells, Wis. last weekend. The children went through story-book land and enjoyed the Indian ceremonials.

A fishing trip to Sturgeon bay last weekend was enjoyed by Bill and Elizabeth Petrillo.

Jane and Walt Brown took their 4 children to Devon, Pa., to visit Jane's sister and her husband, Chandler and Anne Lord. They spent their Fourth of July very aptly at Valley Forge. The Lord's neighbors across the street are Connie and Jack Flodin, formerly from the Greens, so it was a double reunion.

Hospitalized

Oscar Josetti is in Veteran's Administration hospital with an ear infection. The family will welcome him home this weekend.

Degree

Chic Freund received his Bachelor of Laws degree on June 23 at John Marshall Law school. He will take his bar exam in September. Congratulations, Chic.

Visitor

From San Deigo came Dolores Mason last weekend to visit Pete and Bette Johnson.

Conventioneers

Maurice and Jean Cooney attended the national convention of Jaycees in Kansas City, Mo., the week of July 25 and had a wonderful time. The Cooney children stayed with grandparents here.

Gene Bludeau is attending the American Newspaper guild convention this week in Toronto, Ont., as representative of the United Press and will spend some time with his brother Bob and family in Buffalo, N. Y.

New Arrivals

Kevin Scott, a 7 pound 5 ounce boy was born to parents Bonnie and Harry Gerrard at Resurrection hospital on July 2. Bonnie came home on Monday.

Julie Maris, a 6 pound, 13 ounce girl arrived at Loretto hospital on July 1. Julie's parents are Rosemary and Harry Williamson.

RECORD CROWDS SWARMED through Rhodes, Inc., Arlington Heights appliance and furniture firm, last week to visit the free circus sponsored by Norge appliances and Rhodes to honor the local dealer's first anniversary at his new Northwest hwy. location.

Forest Preserve Chief Asks Aid To Fight Campus Site

Forest Preserve superintendent Charles G .Sauers has asked civic organizations and their leaders to go on record as opposing the University of Illinois proposal to use forest preserve land for its Chicago area campus.

In a letter to civic leaders, Sauers declared—"We turn to you for help in the difficult task of holding forest preserve lands intact for the purposes for which they were acquired."

* * *

CONTINUED Sauers: "This proposal, by the trustees of the University of Illinois, threatens the integrity and purpose of more than the forest preserve district of Cook county. If successfuly, it would establish an ominous precedent threatening the security of forest preserve districts in other counties, our state parks, and public properties for recreational purposes everywhere in Illinois."

University trustees have said they may go to court to obtain the land by a condemnation suit. Public pressure to forestall such a suit is asked by Sauers, who urges civic organizations to pass resolutions against it and advise Governor Stratton of their action.

* * *

THE FOREST preserves are under the jurisdiction of the county board, sitting as forest preserve district commissioners.

The board has taken no formal action since the university plan was announced, but individual members have expressed strong opposition to the proposal.

A previous request by the University 2 years ago was turned down by the board and later by the state legislature. (B7

PEOPLE WISE MARTINIZE

PETE WEINGART

Hi everybody. My name is Pete Weingart. Last week Mr. Erickson said he would introduce me to all of you, so ready or not, here I am.

This writing is out of my line, but I'd like to tell you about myself and how glad I am to be connected with a cleaning and pressing establishment that uses the MARTINIZING process. Although I'm still a young man, I have spent about ten years in this business. I started delivering for an ordinary cleaning and pressing place graduated to an apprentice presser, studied various cleaning methods and finally some five years ago I heard of this MARTINIZING process . . . gave it a look-see and decided this was for me. Being from McHenry, (incidentally, I'm moving to Arlington Heights) I wanted to stay out this way.

When the opportunity came to join Dunton Court Cleaners, who specialize in the MARTINIZING method, I said "yes" quickly because I'm thoroughly convinced this is the cleaning method of the future—MARTINIZING.

As a get-acquainted offer, here's a special from Dunton Court Cleaners for 2, yes, I said TWO weeks! We'll clean and press any cotton dress and SIZE it, for the regular price of cleaning and pressing alone. You save 75c. You pay only $1.25 for cleaning - pressing - sizing.

Glad of the chance to talk to all of you — let's get acquainted in person at

It's a Great Time to Buy a Buick

(And at the Best Buy Yet!)

WHAT'S IN IT for you—if you step out and buy yourself a 1956 Buick right now?

Well, first of all—the *time* is right.

Right now, your present car is at its peak worth.

And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year—if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beauteous big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the top three of America's best-selling cars. Yet, *you'll find it priced right close to the well-known smaller cars.*

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the *absolute smoothness* and the electrifying performance of Buick's terrific new Variable Pitch Dynaflow.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy—or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: *Now's the time to buy your 1956 Buick.*

Will you come in—before another sun sets—and get set with your best buy yet?

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

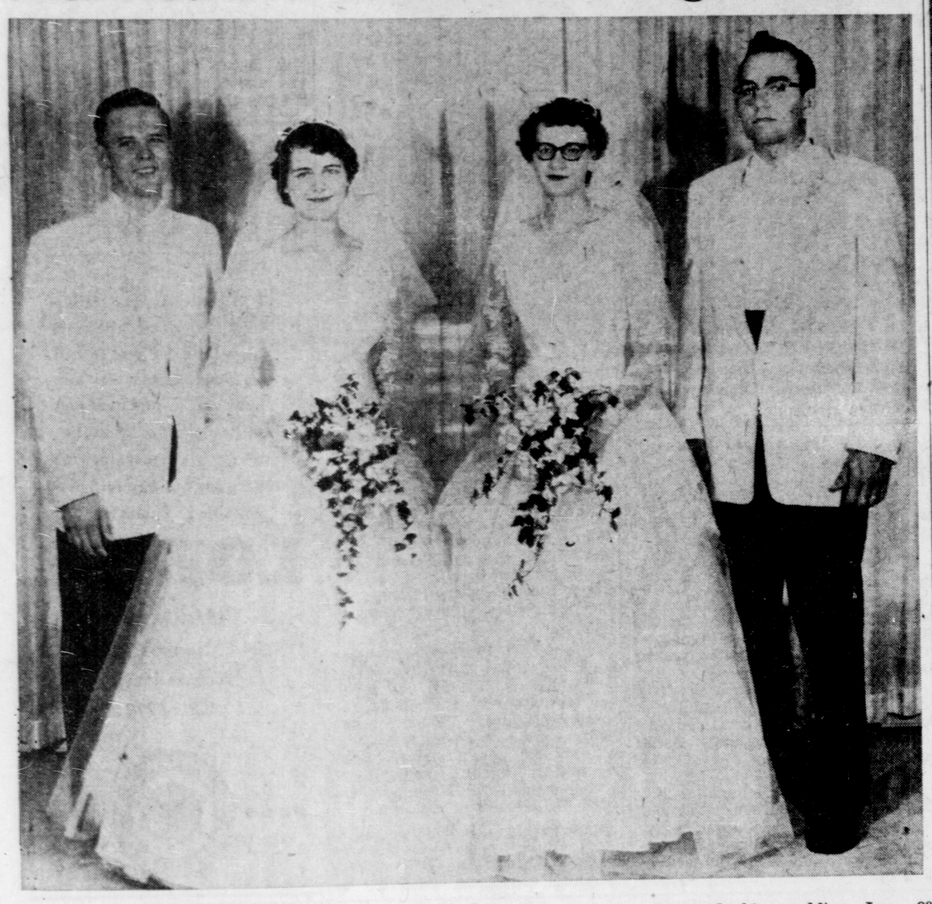
Misses Jean and Judith Meyer Are Married In Double Wedding June 23



In a double wedding June 23 Misses Jean Pearl and Judith Lee Meyer, daughters of Mr. and Mrs. Hjalmar E. Meyer of Arlington Heights, were married to David W. Hockman and Paul E. Johnson, respectively. Mr. Hockman is the son of Mr. and Mrs. Wesley Hockman of Nachusa, Ill., and Mr. Johnson is the son of the Grant Johnsons of Aurora.

The Rev. John P. Petersen of Our Saviour Evangelical Lutheran church, performed the 4 p.m. ceremony at the First Presbyterian church before the altar decorated with bouquets of white peonies. At the organ was Miss Joan Lamb of Colusa, Ill., and Dean Linton of Forest Park sang "O Perfect Love" and "The Lord's Prayer."

The brides, who were both given in marriage by their father, were dressed identically in white tulle and lace over satin, fashioned with long sleeves and v-neckline. The dresses were full length. Tiara headpieces of pearls held in place their finger-tip veils. They carried bouquets of lilies, stephanotis and ivy with a miniature tea rose in each lily.

The two brides were maid of honor to each other. Miss Sally Cole of Stillwater, Minn. and Miss Pat Hansen of Lake City, Minn., attended Miss Judy Meyer and Miss Lorraine Hockman of Nachusa and Mrs. Kate (Hockman) Baller of Evanston, sisters of the bridegroom, attended Miss Jean Meyer.

They wore light blue crystalette waltz length gowns with rolled collar and dropped waist. Miss Jean Meyer's bridesmaids' dresses were a shade lighter because they wore white petticoats, while Miss Judy Meyer's attendants were dusty blue. They carried baskets of garden flowers, roses, bachelor buttons, snapdragons and daisies.

Nancy Johnson, niece of Paul Johnson, was flower girl and wore white nylon in a style similar to the bridesmaids. George Meyer, brother of the brides, was acolyte.

Best man for David Hockman was Fred Gonnerman of Nachusa, and Ron Glossop of Aurora was best man for Paul Johnson. Ushers were Carl Obert of Chicago, John Hockman of Nachusa, Richard Johnson of Aurora, and Frank Meyer, brother of the brides.

A garden buffet supper and reception was held at the home of the brides with 300 guests attending. Mrs. Meyer received in a beige sheer dress appliqued with lace and with beige accessories. Her corsage was of rubrum lilies. Mrs. Hockman was in dusty blue lace with white acessories and Mrs. Johnson in pink handkerchief linen with full skirt and jacket.

The new Mr. and Mrs. Hockman left immediately for Ann Arbor, Mich., where David begins the summer session in graduate work in medicine. They will be in Chicago in September. Mr. and Mrs. Johnson honeymooned for a week and then went to Rames, N. D., where Paul will be temporary pastor of a Lutheran church.

Jean will graduate from Carthage college in February, and Judith attended St. Olaf college for 1 year. David received a B.S. degree at Carthage and has attended the medical school of the University of Illinois for 1 year. Paul has a degree from Carthage and has studied a year at Luther seminary in St. Paul, Minn. The 2 bridegrooms were roommates in college and both graduated with honors.

Marilyn McMahon Richard Hartsock Wed

After a wedding trip in Louisiana, Mr. and Mrs. Richard Stewart Hartsock are residing in Rockdale, Tex. Their double ring wedding took place June 16 in First Presbyterian church of Arlington Heights with Rev. Paul L. Stumpf officiating.

The bride is the former Mrilyn Elizabeth McMahon, daughter of Mr. and Mrs. William M. McMahon, 888 Bristol lane, Arlington Heights, and the bridegroom is the son of Mr. and Mrs. Perry L. Hartsock of Rockdale.

Huge white mums, carnations and snow drift pompons decorated the church for the 4:30 p.m. candlelight service during which Earl Auge sang "The Wedding Prayer," "Because" and "The Lord's Prayer." Mr. Auge was accompained at the organ by Mrs. Auge.

Escorted by her father, the bride wore a gown of hand-clipped chantilly lace and nylon tulle fashioned with off-the-shoulder neckline of lace tiers scalloped with seed pearls and irridescent sequins. The long sleeves of her gown were embroidered with the same trim as was the lace and tulle skirt which ended in a chapel train of lace and tulle over satin. A pearl crown with 3 layers of tulle held her veil and she carried a bouquet of white roses, amazon lilies and stephanotis.

Miss Joan Meyer, school friend of the bride, was maid of honor and wore a bon bon pink lace and nylon sheer gown fashioned with a cowl neckline and cumberbund of pleated nylon. She wore a large picture hat of pink nylon and lace and carried pink roses, blue carnations and ferns in a blue basket with satin streamers.

Miss Renie Schroeder, college roommate of the bride, Miss Gretchen Hartsock, sister of the bridegroom, and Miss Susan Nead, cousin of the bride, were bridesmaids. All wore aqua gowns fashioned identically to the maid of honor's gown and carried pink baskets with all pink roses, carnations and ferns.

the bride, was best man and ush- Robin McMahon, was flower girl and wore a pink flower nylon gown. She carried a pink basket of pink carnations with satin ribbon.

William McMahon, brother of the bride, was best man andushers were Herbert Sass Jr., Thomas Vale and Theodore Varixicous.

A garden reception was held at the home of the bride's parents where 175 guests were served buffet at tables and umbrellas on the lawn. Mrs. McMahon received in a pink lace dress, pink lace hat and a corsage of pink roses. Mrs. Hartsock wore a beige lace sheath with satin trim, straw picture hat and a corsage of yellow roses and rubrum lilies.

The bride was graduated from Arlington Heights high school and attended Beloit college. She has been employed at General Telephone Directory in Des Plaines. Her bridegroom attended the University of Oregon and the University of Texas and is employed by Alcoa in Rockdale. He plans to return to school in the fall for further study in electrical engineering. (Janert Studio

Modern Etiquette

by ROBERTA LEE

Q. Is a man obligated to give up his seat in a bus to some woman he knows.

A. While men no longer give up their seats in public conveyances indiscriminately to women, it still is considered the polite and wellbred thing for them to extend this courtesy to women they know know well.

Q. What is really the correct position in which a person should hold his head at the table?

A. The head should be held in an erect position, without appearing stiff. The body can lean forward slightly, but the head should never be bent at a right angle.

Q. If a widow is to be remarried, and she has always worn her first wedding ring, would it be proper for her to wear both wedding rings?

A. Certainly not.

Q. When are bread and rolls served at dinner?

A. As soon as the soup is served, the rolls or bread are passed. Most popular container nowadays is a shallow wicker basket that has a fringed napkin laid in it, and several sorts of bread displayed.

Barbara Ransdell, C. R. Bergsted Wed. June 30

Baskets of yellow daisies and white gladioli adorned the altar of the First Presbyterian church in Arlington Heights June 30 for the marriage of Miss Barbara K. Ransdell, daughter of Mr. and Mrs. Joseph T. Ransdell, 1010 N. Chicago, Arlington Heights, and Carleton R. Bergstedt, 2628 E. 93rd, Chicago, son of Mrs. and Mrs. Carl D. Bergstedt, 2323 Walter ave., Northbrook.

The Rev. Paul Stumpf officiated at the 4:00 p.m. double ring ceremony. Mrs. Earl Auge rendered the organ music.

Coming down the aisle beside her father, the bride wore a ballerina length white silk shantung princess style gown fashioned with short sleeves and a scoop neck edged in lace. She wore a nylon net finger veil and carried a bouquet of white roses and lilies of the valley.

Miss Doris Skoog of Arlington Heights was the maid of honor, wearing a ballerina length gown of aqua crystallette. She carried a bouquet of yellow daisies. The bridesmaid, Miss Linda Aldridge of Alton, was dressed identical to the maid of honor and also carried a bouquet of yellow daisies.

Younger brother of the bridegroom, Leland W. Bergstedt of Northbrook was the best man. Ushers were Paul E. Ransdell, Chicago, brother of the bride; Dale C. Bergstedt, brother of the groom from Long Lake; and Justin C. Webster, Jr. of Evanston.

About 100 guests attended the reception following the ceremony in the church fellowship hall where the bride's mother, Mrs. Ransdell, received in a beige sheath dress with pink accessories. Mrs. Bergstedt received the guests in a gray blue silk print dress with white accessories. Both mothers wore corsages of pink roses and white carnations. After the reception, the bride's parents entertained the immediate family and close friends at home.

The couple honeymooned at a resort in Bailey's Harbor, Wis.

Both the bride and her husband were graduated from the University of Illinois where the new Mrs. Bergstedt was a member of Phi Beta Kappa, honorary scholastic fraternity. The bride was previously graduated from Arlington Heights high school and Mr. Bergstedt from Northfield hwp. high school. This fall the bride will teach language arts in junior high in Hazel Crest. She is a former employee of Paddock Publications.

With a degree in electrical engineering, her husband is now employed by the Standard Oil co. in Whiting, Ind.

Anita Petersen Married To Malcolm James Jr.

St. Paul Evangelical Lutheran church, Mt. Prospect, was the scene June 23 of the wedding of Miss Anita Margrethe Petersen, daughter of Mr. and Mrs. Emil Petersen of Mountt Prospect, and Malcolm Fulton James Jr., son of Mr. and Mrs. Malcolm F. James Sr., Palatine.

The Rev. J. E. A. Mueller performed the 4:30 p.m. ceremony with Elmer R. Jackisch at the organ and Edward Rogers, soloist. The latter sang the "Lord's Prayer" and Grieg's "Ich Liebe Dich."

The altar was decorated with vases of gladioli and daisies, and the church with baskets of gladioli, peonies and fern. Pew markers were white daisies and greens.

The bride, given in marriage by her father, wore a long sleeved chapel-length dress with lace in handkerchief points over satin, tulle from points to hem, lace collar and embroidered net insert edged in sequins and pearls. From a crown of sequins and pearls fell her scalloped fingertip veil of illusion. She carried a crescent bouquet of gardenias, stephanotis and ivy.

Maid of honor was Miss Doris Petersen sister of the bride, who wore pale green dotted swiss, with bateau neck, fitted and tucked torso, full skirt and a large bow at the hipline in back. She wore a green picture hat and all white accessories. She carried a colonial bouquet of white daisies.

Bridesmaids Miss Barbara Jensen, cousin of the bride, Mrs. Gene Dassonville and Miss Eleanor Mizer, wore light yellow dresses styled the same as the maid of honor's.

Marcia Ann James, 12-year-old sister of the bridegroom, was junior bridesmaid, and wore a dress like those of the bridesmaids and had dasies in her hair.

Marvin Trepton was best man, and Robert Rankine, George Latturner, William Shulze and John Jolley were ushers.

A reception for 180 guests was held following the ceremony at the VFW club house in Mt. Prospect.

The bride's mother was gowned in white imperial lace over pink taffeta with pink accessories and a corsage of pink sweetheart roses. Mrs. James wore a beige shantung sheath dress with scoop neckline, v-neckline in back with bow and streamers to the hemline and with a beige feather hat.

The newlyweds honeymooned in Northern Michigan and are now at 34 S. Main st., Mt. Prospect. They are leaving for Ft. Benning, Ga., in September.

The new Mrs. James, who attended Arlington Heights high school and Wittenberg college, Springfield, Ohio, is employed by the Peoples Gas, Light and Coke, co., Chicago. Mr. James is with the Northern Trust co. and is a graduate of Palatine high school and Knox college.

The molded shrimp salad we are featuring today is elegant party fare!

The recipe has been shared with us by Mrs. Paul M. Tabar, who recommends serving it for a luncheon or buffet supper.

This Shrimp Party Mold is especially tempting served during these hot summer months. The shrimp is molded in lime gelatin, made creamy by the addition of mayonnaise and whipped cream. Also included are hard-cooked eggs, cubed pimento cheese, diced celery and chopped nutmeats, with minced green pepper and grated onion giving added zest.

The combination of ingredients makes this salad exceptionally flavorful, and it can be made in either a ring mold or a loaf pan. It can also be made the day before it is to be served.

Mrs. Tabar usually accompanies it with relishes, hot rolls and beverage.

The Tabars moved from Mt. Prospect to their new home at 107 W. Willow, Prospect Heights, a year ago.

They have a daughter, Karen, who is 12 years old.

Mrs. Tabar is a member of the St. James Mission and the Prospect Heights Woman's club.

Shrimp Party Mold

1 package lime gelatin
1 cup boiling water
½ teaspoon salt
1 teaspoon grated onion.
½ cup mayonnaise
½ cup heavy cream, whipped
3 hard-cooked eggs, chopped
½ pound pimento cheese, cubed
1 tablespoon minced green pepper
1½ cups diced celery
1 cup nutmeats, chopped
2 cans shrimp, or 1 cup freshly cooked shrimp

Dissolve gelatin in boiling water. Add salt and grated onion. Allow mixture to jell slightly.

Fold in mayonnaise and whipped cream. Stir in remaining ingredients.

Turn into a ring mold or loaf pan and chill for a few hours. Serves 6 to 8.

Record Budget Approved; Total 23% Higher Than '55

An ordinance appropriating a whopping $989,072.52 for expenses of the village of Arlington Heights during the current fiscal year was unanimously approved last week.

The amount of the appropriation set a new record, as has each budget for the past few years. The sum is $184,794.52 higher than for the year that ended April 30, 1956, or an increase of about 23 per cent.

Approved by the board were these amounts:

General corporate fund — $413,887. This is $32,922 less than the $446,809 appropriated last year. The decrease is chiefly due to inclusion of $102,000 for off-street parking last year. Off-street parking appropriations were placed in a separate section this year.

Off-street parking and parking meter purchase and repair—$132,700. This is $37,700 more than was approved last year. Of the total, $100,000 is for purchase of parking areas, $20,000 for improving areas.

Water and sewerage department — $312,605 Trustees approved an increase of $24,454 over the 1955-56 figure. Water and sewer revenues are expected to cover the entire appropriation.

Public library — $24,100, up $900.

* * *

SPECIAL TAX levy and special assessment funds — $43,780. This provides for retirement of library, fire department and other bond issues and street widening assessments.

Police pension fund — $12,900, up $100.

Salary for community nurse — $4,600, up $1,300.

Civil defense—$2,000, same as last year.

Working cash fund—$2,500, included in the corporate fund last year.

Township road and bridge fund —$10,000. This amount will be paid to the village by Wheeling and Elk Grove townships.

State motor fuel tax program —$30,000. The state will reimburse the village for this expense under the motor fuel tax program. Neither this expense nor the township fund was included in last year's appropriation.

* * *

THE GENERAL corporate fund, which accounts for about 42 per cent of the entire appropriation, is divided as follows:

Administrative department — $28,645, up $630.

Department of accounts and finance—$44,272, up $4,212.

Police department — $142,415. The $13,190 increase is chiefly due to additions of $7,770 for salaries and $3,000 for rental of equipment.

Building department — $32,520, up $5,700.

Municipal buildings — $7,990, down $1,800.

Fire department—$41,225. This is nearly triple the $14,100 voted last year, the difference being mostly in new appropriations to pay 4 full-time firemen and complete and furnish the new north side fire station.

Health department — $6,426, down $1,300.

LEGAL DEPARTMENT — $9,400, up $2,350, mainly because of $2,500 added for legal services.

Street department — $106,150, up $10,900, most of which will go for control of Dutch elm disease.

Plan commission — $8,700, up $5,700.

Weed control, $450; zoning board of appeals, $350; zoning commission, $1,340; board of fire and police commissioners, $1,100; loss and cost of tax collections, $2,500, and contingency fund, $2,000.

(Estimated receipts for the fiscal year, which began May 1 and ends April 30, 1957, will be outlined in a later article.)

Urges End Of Package Sales In Local Bars

Trustee Richard Bronwell thinks Arlington Heights taverns ought to get out of the package liquor business.

* * *

THE TRUSTEE isn't concerned so much about package liquor sales by existing taverns, which he says do little package business.

What he fears is the opening of future tavern-stores which are primarily devoted to selling package liquor.

Under a recent ruling by Village Atty. Hugo Thal, it is legal for taverns with class A licenses to also sell liquor by the bottle. (Most local taverns have been doing this anyway.)

Bronwell wants to divorce the 2 operations and limit package sales to the 3 class B liquor store licenses.

* * *

SEVERAL MONTHS ago a move to increase the number of package liquor stores from 3 to 6 was defeated only when Major Goedke cast a tie-breaking vote. Now a tavern licensee has announced that the will open a bottle store and tavern using only his class A license.

"This means we're letting in more package liquor stores through the back door," said Bronwell. "It is an undesirable change in the principal usage of class A licenses."

He will attempt to have the board's judiciary committee study the issue. (AF

Ordinance

AN ORDINANCE AMENDING SECTION 21-103 OF THE MUNICIPAL CODE OF ARLINGTON HEIGHTS OF 1954.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That Section 21-103 of Article I of Chapter 21 "Buildings," be and the same is hereby amended by adding to said section, at the end thereof, a paragraph which shall be and read as follows:

"That before a building permit is issued for structures other than regulated by the provisions of an ordinance entitled: "An Ordinance Relating To New Subdivisions," passed and approved on the 4th day of October, 1955, the applicant shall deposit or cause to be deposited with the Village Treasurer an amount equal to $3.00 per lineal front foot of the lot or premises for which the building permit is to be issued, and $3.00 per lineal foot of sideline of such lot or premises, if such lot or premises are located at a street intersection, to assure the construction of a 5 foot cement sidewalk of the quality and specifications covering the construction of sidewalks. If such premises are located in an area where sidewalks more than 5 feet in width are required the amount deposited shall be increased in proportion to such increased widths. If the person to whom such permit is issued shall construct such sidewalk the deposit shall be returned. If such sidewalk shall not be constructed by the person to whom such permit is issued, or by the owner, within 60 days from the completion of the building, the Village shall have the right to construct such sidewalk and apply the moneys deposited on the cost thereof."

SECTION 2. This Ordinance and said amendment shall be in full force and effect from and after its passage, approval and publication thereof, as required by law, and the Village Clerk of the Village of Arlington Heights is hereby authorized and directed to cause said amendment to be incorporated in the printed Municipal Code of Arlington Heights of 1954, under the section and chapter aforesaid, at such time as there may be a reprint of said chapter or any part thereof.

Public Notice

NOTICE OF PROPOSED CHANGES IN SCHEDULE

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that certain revisions in Schedule E-3 have been filed with the Illinois Commerce Commission on June 26, 1956.

This filing proposes changes, to be effective with meter readings on and after October 1, 1956, in the meter rental charges set forth in Rider 7 for metering equipment in excess of that normally furnished by the Company, to reflect changes in the cost to the Company of furnishing the additional equipment.

Also proposed is the cancellation of Rider 19, Electric Service for Defense Customers, which now applies to only two of the Company's industrial customers. Service henceforth would be supplied to single-purpose defense plant customers on the same terms as to other customers. This cancellation is proposed to be effective on July 27, 1956.

Further information with respect to these changes may be obtained directly from the Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party in any business office of this Company.

Notice Of Special Election

COMMUNITY CONSOLIDATED SCHOOL DISTRICT NUMBER 21, COOK COUNTY, ILLINOIS

Notice is hereby given that on Saturday, the 28th day of July, 1956, a special election will be held in and for Community Consolidated School District Number 21, Cook County, Illinois, for the purpose of voting upon the following propositions:

1. Shall the Board of Education of Community Consolidated School District Number 21, Cook County, Illinois, purchase as an additional schoolhouse site for said School District the following described property:

A tract of land described as follows:

PARCEL A

The West 495 feet of Lot III of Herzog's First Industrial Subdivision in the South East Quarter (SE¼) of Section 10, Township 42 North, Range 11, East of the Third Principal Meridian in the Village of Wheeling.

PARCEL B

Lots 2 and 11 in Block VII in Dunhurst Unit No. 3 (also known as Dunhurst Third Addition to Wheeling) in the South East Quarter (SE¼) of Section 10, Township 42 North, Range 11, East of the Third Principal Meridian in Cook County, Illinois.

said property being located on the East side of Merle Lane approximately 250 feet south of its intersection with South Wayne Place in the Village of Wheeling, containing fifteen (15) acres, more or less, the estimated price of acquiring the same being $44,500.00?

An exact description of the proposed site as above described, together with a map thereof has heretofore been recorded in the records of the Board of Education of said School District and is now on file in the office of the Secretary of the Board of Education and open to public inspection.

2. Shall the Board of Education of Community Consolidated School District Number 21, Cook County, Illinois, issue bonds of said School District to the amount of $45,000.00 for the purpose of purchasing an additional schoolhouse site for said School District, said bonds to bear interest at the rate of not to exceed four per cent (4%) per annum, payable on December 1, 1957 and semi-annually thereafter, and such bonds to become due serially $15,000.00 on December 1 of each of the years 1958 to 1960, inclusive?

That for the purpose of said election said entire School District shall constitute a single election precinct, and the polling place designated for said election is the Wheeling Public School in the Village of Wheeling, in said School District.

The polls at said election will be open at twelve o'clock noon and will be closed at seven o'clock P.M. on said day.

BY ORDER OF THE BOARD OF EDUCATION OF COMMUNITY CONSOLIDATED SCHOOL DISTRICT NUMBER 21, COOK COUNTY, ILLINOIS.

Dated this 10th day of July, 1956.

ERNEST STAVROS
President of the Board of Education of Community Consolidated School District Number 21, Cook County, Illinois

AN ORDINANCE REGULATING THE PRESENCE OF MINORS UNDER THE AGE OF SEVENTEEN YEARS IN PUBLIC STREETS AND OTHER PUBLIC PLACES BETWEEN CERTAIN HOURS.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. Loitering Of Minors Prohibited. It shall be unlawful for any minor, under the age of seventeen (17) years, to loiter, idle, wander, stroll or play in or upon the public streets, highways, roads, alleys, parks, playgrounds or other public grounds, public places and public buildings, places of amusement and entertainment, vacant lots, railroad stations and grounds, bus stations or other unsupervised places, between the hours of 11:00 o'clock P.M. and 5:00 o'clock A.M., of the following day, Central Standard Time or Central Daylight Time, whichever may be in force at the time of the happening of any violation of the foregoing provisions of this ordinance; provided, however, that the provisions of this section do not apply to any minor accompanied by his or her parent, guardian or other adult person having the care and custody of the minor, or where the minor is upon an emergency errand or legitimate business directed by his or her parent, guardian or other adult person having the care and custody of the minor. Each violation of the provisions of this section shall constitute a separate offense.

SECTION 2. Responsibility of Parents. It shall be unlawful for the parent, guardian or other adult person having the care and custody of a minor under the age of seventeen (17) years knowingly to permit such minor to loiter, idle, wander, stroll or play in or upon the public streets, highways, roads, alleys, parks, playgrounds or other public grounds, public places and public buildings, places of amusement and entertainment, vacant lots, railroad stations and grounds, bus stations or other unsupervised places, between the hours of 11:00 o'clock P.M. and 5:00 o'clock A.M. of the following day, Central Standard Time or Central Daylight Time, whichever may be in force at the time of the happening of any violation of the foregoing provisions of this ordinance; provided, however, that the provisions of this section do not apply when the minor is accompanied by his or her parent, guardian or other adult person having the care and custody of the minor, or where the minor is upon an emergency errand or legitimate business directed by his or her parent, guardian or other adult person having the care and custody of the minor. Each violation of the provisions of this section shall constitute a separate offense.

SECTION 3. Penalties. Any minor violating the provisions of Section 1 of this ordinance shall be dealt with in accordance with the laws and ordinances relating to juvenile offenses. Any parent, guardian or other adult person having the care and custody of a minor violating Section 2 of this ordinance shall be fined not less than $10.00 nor more than $200.00, or confined in jail not more than five days, or punished by both said fine and imprisonment for each offense.

SECTION 4. Separability of Provisions. It is the intention of the President and Board of Trustees that each separate provision of this ordinance shall be deemed independent of all other provisions herein, and it is further the intention of said President and Board of Trustees that if any provision of this ordinance is declared invalid all other provisions thereof shall remain valid and enforcible.

SECTION 5. Date of Effect. This Ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

PASSED this 3rd day of July, 1956.

Wedgewood Terrace

Association Meeting

The Wedgewood Terrace Improvement association held its monthly meeting Monday night in the home of John Revus. It was voted to pay the balance on the lot they have acquired for the proposed community hall. Sunday the men of the association turned out in force to take care of the shrubs and trees in the parks and on the roads.

The Les Schneiders entertained former neighbors Friday evening from Chicago, the Henry Seinkuwitzes and children, Kathy and Dennis. The Seinkuwitzes now reside in California.

Willard Hain recently spent 2 weeks fishing in Canada. Mr. Hain and a friend from Glen Elyn, Russ Suppiger, were in a secluded spot at Separation lake in Ontario, which was attainable by plane only. They both caught the legal limit of fish and were allowed to ship only 12 home.

July 4 was celebrated by the Clyde Houses by giving a barbecue party for several friends and neighbors in their back yard. Present from Wedgewood were the Les Schneiders and Louis Sylvestors. The Ed Sels from Park Ridge and the Bob Elkes from Franklin Park, also the Pat Carrolls from Chicago.

Congratulations go to Mrs. R. T. Sachtschale on her good fortune in winning a new model car from the Des Plaines VFW.

The president of the Triangle club has asked this reporter to remind all members of the next kaffee klatsch in the park, which will be July 28 at 10 a.m. Coffee and cake will be served.

Sympathy

Deepest sympathy and condolence to Mrs. Joe Warfsman and her family upon hearing of the death of her father, Lloyd Lingenfelter, who died Friday night in a hospital in Kansas. Mrs. Warfsman flew to the funeral at Edina, Mo. Sunday morning and returned Monday night.

News Of Prospect Meadows

Community Activity

Meadowites enjoyed a busy week participating in a Fourth of July parade and patronizing the annual fair.

After all the contestants and spectators had gathered at the park the parade officially opened with the presentation of colors by the members of Prospect Meadows cub scout dens 12 and 13. Under the direction of Ed Moeller, scouts Richard Moeller, Gregory Wehrheim, Bruce Blim, Dennis Battaglia, Tom Hemesath, Bobby Webber, Danny Wills, Richard Hehnen, Wayne Harland, Dick Cody, Jim Kandul, Tom Seymour and Jay Chaiser, in full uniform, presented a flag ceremony with the audience joining them in the pledge of allegiance followed by the singing of the "Star Spangled Banner," which was led by Vera Valentine. Mrs. Khulmann, Jane Redeen and Ruth Bolling, as judges, tackled the difficult job of selecting the winners, giving prizes to the following children: Marcy Vosburgh and her super circus, Sandy and David Sepke, as Mr. and Mrs. Independence, and Susan Hoglund, as a little organ-grinder in the 1 to 5-year-old group; Dolores Schons as Miss Liberty, Billy Toner with his elephant and Marsha Wells as Annie Oakley in the 6 to 8-year-old group and Marilyn Murdock and Evans Wells in the 9 to 12 year-old-group. After the judging the contestants all received soft drinks and suckers.

A few scattered showers failed to dampen the spirits of Meadowites and their friends who helped make the 1956 community fair a success. Congratulations go to Dollie McGivney, fair chairman, and to all booth chairmen and their fellow workers who gave their time to this community project. Holding winning tickets were Bill Vosburgh, who received the Cory cookware, and Mr. Meier, fellw worker of Don Finch, who received the rotissiere. The stole in the grandmothers' booth was won by Peggy Orlowski and the big winners in the fish bowl booth were members of Skeets Hoglund's family, with his mother, Mrs. Carl Hoglund, winning the clock radio and his sister, Mrs. Frank Szafran, winning the electric frying pan. All the children came home happy with prizes of straw hats, canes, gold fish and a personalized autograph from Art Hern of television's "Happy Pirates."

Ball Games

The teenagers and the men of the Meadows clashed in their second ball game of the season Sunday morning with the teenagers coming out victors this time with a score of 27 to 24. Playing for the teenagers were Kenny and Dicky Anderson, Dennis Hartmann, Donald Clark, Matt Gora, Larry and Barry North, Roger Kreft and Tim Lonigan. Making up the men's team were Wayne Wilkins, John McGivney, Bob Blim, Evans Wells, Tony Toner, Skeets Hoglund, Howard Johnson, Walter Vartanian, John Harland, Sam Abbinanti and Tom Hehnen.

Prospect Meadows boys lost a ball game to the Arlington Giants, 17 to 19, in a game played at the park last Thursday night. The boys participating were Richardson, De Berge, Bischoff, Anderson, Wells, Middleton, Hehnen, Johnson, Burt, Pelletier, Abbinanti, Wehrheim, Jarm and Wills. The hitting stars for the Meadow's boys were Richardson and Middleton with 2 hits apiece. There will be more games at the park Tuesday and Thursday nights. All 8 and 9-year-old boys are reminded to be on time Saturday morning for the baseball school as teams will be made up of this age group before the regular classes start.

Members of cub scout den 12, Dick Moeller, Bruce Blim, Dennis Battaglia, Tom Hemesath, Bobby Webber, Danny Wills, Richard Hehnen and Dean Valentine, enjoyed a treat Sunday afternoon when Ed Moeller and Gail Webber took the boys to Cubs park to watch the benefit ball game between the policemen and the Navy.

Outdoor Entertaining

An outdoor barbecue on the Fourth at the home of John and Alma Berchmans was enjoyed by the following relatives: Mr. and Mrs. Axel Lindgren, Mr. and Mrs. Robert Lindgren and family, Mr. and Mrs. Lawrence Lindgren and family, Mrs. Hilda Marine and son, Jerry, and Mr. and Mrs. William Berchmans and their 4 children.

Hosts at an outdoor barbecue at their home July 4 were Chuck and Rita Durec. Their guests were Buzzie and Blanch Buzzas, Pete and Jean Dudesek and their 3 children, Bob and Laverne Weber and their children, Alice and Chester Dankowski and son and Gene and Marilyn Whitney. The men spent the afternoon playing horseshoes while the women enjoyed a game of cards.

July 1 Janet Hollen and Ruth Bolling entertained Janet's fellow workers and their families from National Metal Trades association with an outdoor supper at their home. Included among the 40 guests were the commissioner of the association and his wife, Mr. and Mrs. George J. Earl of Evanston. The Earls presented Janet and Ruth with a copper planter complete with plants and other members of the office group presented them with a radio.

Guests at the home of Gail and Millie Webber on the Fourth were Mr. and Mrs. B. G. Markey and their sons, Dave and Dan, and Mr. and Mrs. Ken Lyons. Mr. and Mrs. Lyons of Chicago were overnight guests of the Webbers last Tuesday.

Watching the Meadows parade with Art and Kay Sepke were Al and Esther Johnson and their 3 children. Later in the day Kay and her children joined the Johnsons at their home in Park Ridge and Al Johnson watched Art play ball.

Sam and Lee Abbinanti entertained a group of their relatives last Saturday with an outdoor supper at their home.

Vacationing

John and Jane Harland and their 2 sons, Wayne and Teery, recently returned from a week's visit with Jane's parents, Mr. and Mrs. Percy Miller in Hollidaysburg, Pa. It was the first time the Harlands had been to Hollidaysburg in 4 years and they enjoyed visiting the Millers and many other members of Jane's family.

Last Monday John Harland, having a day off, took his sons fishing at Lake Geneva.

Glen and Irma Ehlke and their children, Ricky and Kristie, made 2 trips to Wisconsin last week. On the weekend Glen and Irma drove to Bear Creek to attend the wedding of Irma's niece, driving through Milwaukee on the way and leaving the children with their grandmother, Mrs. Louise Ehlke. On the way home they stopped in Milwaukee for Kristie, leaving Ricky to spend a few days with his grandmother. July 4 the Ehlkes drove to Neenah to visit relatives, picking up Ricky on the way and returning home Saturday. This time Kristie was left in Neenah with her aunt, Mrs. Irene Tonn, who came to the Meadows Wednesday for a few days' stay, bringing Kristie home again.

House Guests

Visiting for a week at the home of Chuck and Rita Durec were their nephews, Wayne and Greg Krall of Lyons. The boys' parents Gene and Flo Krall, spent Sunday with the Durecs and took their sons home again.

Weekend guest at the home of Vic and Anne Incinelli was Anne's sister, Mrs. Magdeline Folk of Chicago.

Ray and Nora Roths entertained guests in their home the weeknd of June 30. Friends from Detroit, Mr. and Mrs. Wally Fleming and their 4 children, Mr. and Mrs. George Schulz and their 2 boys and Mr. and Mrs. Ted Schneider and their son, enjoyed a visit in the Meadows. The Flemings brought their own accommmodations, traveling with their trailer.

Ray Roths, the Roths' 7-year-old son, has been visiting his grandmother, Mrs. Emma Harthun, and uncle, H. Harthun, for several weeks on their farm in Michigan.

Baby Shower

Elaine Tanney was the guest of honor at a baby shower given for her by Mrs. Edward Friesendorf in Mt. Prospect last Friday evening. A buffet supper was served to approximately 25 guests.

Dick and Elaine Tanney entertained at their home Saturday evening. Their guests were Dr. and M Robert Smick, Mr. and Mrs. William Tanney, Mr. and Mrs. Walter Loewecke and Harold Cooksey. Everyone enjoyed seeing Dr. and Mrs. Smick's home movies of their wedding and scenes from Des Moines, Ia., where Dr. Smick recently completed a year of internship.

Ray and Ethel Larson entertained guests in their home last Saturday evening. The group, who all spent part of the evening at the fair, included Frank and Oakley De Berge, Tom and Alice Stoddard and son, Toddy, Chuck and Ina Larson and children, Kenny and Diane, of Antioch, Miss Terry Karner and her fiancee and Ray and Nora Roths and Nora's sister and brother-in-law from Milwaukee, who were visiting the Roths for the weekend.

Ed and Pearl Moeller were paid a surprise visit Sunday afternoon from former Meadowite Mary Suchy and her daughters, Debbie and Pam. The Suchys now reside in Bellwood.

In Sympathy

All Meadowites feel the deep sorrow of Carey and Joan Stevens on the loss of their first child. A girl, Deborah Gay, weighing 3 pounds 14½ ounces, was born 7 weeks prematurely Sunday morning in Resurrection hospital. Due to an undeveloped lung, she died Monday morning.

ART HEARN, known as "Moby" of the "Happy Pirates" television show, was the center of attraction at the Prospect Meadows community fair Saturday. The fair is held annually to raise funds for the improvement of Prospect Meadows.

Fox Lake Parks

Work will begin by August 1 on 3 new free public access areas on the Fox Chain O' Lakes, it was announced recently by Director Glen D. Palmer of the Illinois Department of Conservation. The boat landings, parking and picnic areas are the beginning of a public access program which will extend to all areas of the state.

NEARLY 200 CHILDREN of migratory farm workers now employed on northwest Cook county truck farms received Salk polio vaccine shots recently. The children attend summer school at St. James Catholic school in Arlington Heights. Administering the vaccines are, from left, Dr. R. F. Fitch and volunteers Mary Joyce, Irma Stacy, Bernice Hurley and Lillan Peters. —Staff photo

Migrant Kids Master 3 R's Despite Many Handicaps

GOING TO SCHOOL IN THE SUMMER holds no particular terrors for these smiling youngsters. Joe Perez, Oralia Salazar and Eluia Garcia are 3 of some 200 enrolled in summer classes for children of migratory farm workers at St. James Catholic school in Arlington Heights. As their parents move frequently from place to place, the children hope to catch up on their classwork in the summer. Many of the Spanish-American families return to Texas and the Southwest after harvest season. —Staff photo

Changing schools constantly as your family crisscrosses the nation following the harvest is not an ideal way to get an education.

Add to that the handicap of learning in a language other than the one you probably speak at home and you'll begin to realize how tough it is for kids of migratory farm workers to master the 3 R's.

To make up for the transfers and lost months and even terms of school, 200 boys and girls are enrolled in special 5-week summer classes at St. James Catholic school in Arlington Heights.

The youngsters from 6 to 13 are of Mexican extraction, mostly from Texas and the other states of the southwest.

A FACULTY of 14, including 4 nuns, 2 priests, 2 seminarians and 6 local women volunteers, teaches religion, arithmetic, English and reading. In addition, half a dozen high school and college girls help out. Principal is the Rev. Robert A. Reicher, assistant pastor of St. James church.

"The kids are behind in their reading more than anything else," noted Paul Burke, one of the seminary students and son of Mr. and Mrs. Paul E. Burke Sr., of 1910 E. Euclid ave., Arlington Heights. An intensive program of reading instruction, with classes of 7 or 8 and use of mechanical reading aids, has been devised to correct this.

Burke doesn't speak Spanish but most of the children understand English fairly well and with 3 teachers who do speak it, things go along amazingly well.

"The kids were reserved for the first week but they're beginning to feel at ease now," the teacher said.

AS THE CHILDREN lined up in front of the buses to return home at noon, Father Reicher pointed to a number of the smallest who were being kept firmly in tow by older brothers and sisters.

"The family circle means much among the migrants," he said. "It compensates considerably for crowded living conditions."

Although Catholic Charities is financing the summer school program, the cost has been held to a minimum through donations of time, money and transportation by many local people. A local doctor and dentist, for example, offered to inoculate against polio and diphtheria and a member of the Arlington Heights Nurses club is at the school daily. (A

Guests

Guests at the Ollman residence last week were Mrs. Harold Ollmann's brother and family from Portsmouth, Ohio.

Mrs. Harry Zender entertained guests in her home Friday afternoon. They were Mrs. Gertrude Martineau of Chicago, Mrs. Tom Martineau of Des Plaines and Mrs. B. Rideout of DeRidder, La.

Mary and Paul Johnson left July 2 with their aunt, Mrs. Inga Minnick, to spend the rest of the summer vacation at Old Mission, Mich.

Saturday evening a dinner and small celebration was held in honor of Guy Horbus' sixth birthday which was July 6. Guests at the party were Guy's great grandmother, Mrs. M. Follett and grandparents, Mr. and Mrs. B. Grothman of Chicago.

A long time friend of college and teaching days, Mrs. Roy Magoreen and 2 children of Ravenswood, W. Va., were luncheon guests of Mrs. E. Ostrowski Friday. Mrs. Magoreen's brother, Mrs. Jack Sheean, and his son of Chicago also joined the party.

Highlight of an overnight visit July 3 to relatives on Wonder Lake for Mr. and Mrs. George Horbus, Susan and Guy was the display of fireworks presented to the spectators off the shores of an island.

Birthday

A double birthday and Fourth of July celebration was held at the Ed Ostrowski home. Ed's mother, brother, aunt and their families were present to enjoy the party.

Littlest and last of the children to contract measles is Lee Blast, who is now recovering.

Birthday greetings go to Timmy Moder, who will be 9 July 12.

To celebrate the Fourth of July Ted De Palma's 3 brothers and their families from Chicago visited the DePalm home. During the visit the men began to construct the garage which Ted plans to complete this summer. Saturday evening during the wind and rain storm, members of the DePalma family narrowly escaped injury when a tire rack at a service station blew over against their car.

Estab'ish New Air Mail Dispatch From O'Hare

Air mail in the northwest suburbs has been speeded up by the establishment last week of an air mail field at O'Hare. Ceremonies held Thursday morning with the first dispatch was attended by Postmaster Mrs. Virginia Dodge, Arlington Heights; Arthur S. Petersen, Bensenville; Wm. R. Wesley, Des Plaines, and a number of postal officials of Chicago.

Additional motor vehicle service is provided to O'Hare. This additional service connects at Skokie for mails from Northbrook, Deerfield, Glenview, Morton Grove and Wheeling.

Connection is made at Park Ridge with regular star route trips intercepting air mail and airlift mails from Barrington, Palatine, Arlington Heights, Mt. Prospect and Des Plaines.

All air mail and airlift mails from Elgin, Bartlett, Ontarioville, Bloomingdale, Roselle, Medinah, Itasca, Wood Dale, Bensenville, Schiller Park and River Grove are intercepted at Franklin Park and forwarded to O'Hare.

The initial step in improved service, utilizing AMF O'Hare, is expected to be followed by a definite shifting of flights to this field, thereby permitting the development of this facility on a par with AMF Midway and expediting the dispatch of mails from suburban area offices located along the North Shore and northwest of Chicago.

The importance of O'Hare for air mail dispatch will increase as additional flights are made. Robert R. Justus anticipated that within 5 years air mail will require 250 employees at both airfields.

Polio Despite Shots

A 9-year-old Deerfield girl, who received her second shot of the Salk polio vaccine at the Highland Park clinic last January, has remained hospitalized with polio at the Evanston hospital.

Tombstone Robbing

Libertyville police were informed last week of the thefts of 2 tombstones, potted plants and shrubs from Libertyville Lakeside cemetery.

ANOTHER STEP toward using all the advantages that O'Hare field will eventually give this area was taken Thursday when the first flights of air mail from the new commercial airport were inaugurated. Pictured here are postal officials who participated in the first-day ceremony at O'Hare. They are Postmaster Arthur S. Petersen, Bensenville; regional motor vehicle manager C. S. Raymond; postmaster Virginia Dodge, Arlington Heights; Ed Freeman, AMF Postal Manager, Chicago; Chicago region director Robert R. Justus; air stewardess Helen H. Crisman, Chicago.

All air mail and air lift mails generating in 41 of Chicago's northwest suburbs will be speeded up greatly by dispatching from O'Hare. Motor vehicles star routes will haul mail from suburban post offices directly to the new airport. A 3-man skeleton staff at the new air mail field station at O'Hare will be expanded as the volume of air mail increases. It is anticipated that within a five year period the O'Hare postal substation will require at least 250 employees.

Radar In Des Plaines

Des Plaines police chief Jack Wigham told the city council last week that radar has been installed for speed control. Wigham reported that 40 speeding arrests were made during the first week the radar control was in action.

Enroll Children For Second YMCA Day Camp Period

Two weeks of adventure packed activities for boys and girls 7 - 12 years of age begin July 17 at the Northwest Suburban YMCA "Day Camp Adventure." Under trained supervision, many youngsters in the area experience the thrills of outdoor cooking, horseback riding, archery, crafts, swimming, fishing, hiking and many others.

Day camp is in operation 4 days a week, Tuesday through Friday from 9:00 a.m. - 5:15 p.m. The children are transported by chartered bus to Deer Grove park where they enjoy the wonders of nature. Each child brings a lunch every day he is in camp. All other equipment such as milk, craft supplies etc. are furnished.

This unique experience in group living offers a child the opportunity to adjust in an informal group setting. Day Camp Adventure is more than baby sitting; it is an educational experience.

Those interested in registering their child are asked to contact the Northwest Suburban YMCA, 1488 Miner st., Des Plaines at Va 4-4156. Registrations are accepted on a first come, first served basis.

Arlington Classic Highlights Card At Track Saturday

KICKIN' IT AROUND

by Bob Paddock

STOCK CAR RACING is maimed and proclaimed throughout the country during the summer months, but when you're down on East Davis street, Arlington Heights, you have to feel you're all for it whenever you pass the McLean manufacturing plant. Inside that building is owner Bill Cherney, stock car veteran, enthusiast, engineer and promotor.

Bill Cherney

Bill has been following the stock cars ever since his racing days of 20 years ago. Since that time he has become a race car owner, auto racing official and has spent years studying auto tracks throughout the country preparatory to building his own layout.

Bill teamed with another engineer, Tex Wooten of Niles, in constructing the O'Hare stadium plant, with a highly banked, asphalt track with seating and parking for 8,000 spectators. Late model stock car races Thursday and Sunday nights, plus midgets Friday nights are proving a popular activity for auto racing fans in this area.

★ ★ ★

QUARTERBACK, that important word in football, whether it be high school, college or pro, is a 5-fold term at Lake Forest college this week as the Chicago Cardinals opened practice sessions for the coming season. Coach Ray Richards summoned 5 signal callers to camp a few days early, headed by LaMar McHan, the Cards' No. 1 draft choice in 1954. McHan now has 2 years experience behind him, and is certain to show to advantage this season, as he did against the Bears in that memorable (darn it!) 53-14 victory last fall.

The Big 5 from which Coach Ray Richards hopes to draw several good men include McHan from Arkansas, Ogden Compton of Hardin-Simmons (school made famous by Bulldog Turner and Ed Sprinkle), Tony Curcillo of Ohio State, Joe Huske of Southern Illinois, and John Roach of Southern Methodist. They'll be fighting for the starting jobs in the Chicago Cardinals intrasquad game at Arlington Heights Thursday night, Aug. 9, under the lights.

★ ★ ★

THERE ARE SOME golf fans who shed a tear for Coach Curtis Larsen when some of his Arlington high golfers graduated in June after winning the state title. Away went Spinello, Rolfs, McDonald, Evans and Holm. Then Eddie Moehling, who earned frosh-soph numerals at Arlington last spring, won Chicago JC golf tourney.

At the same time Tom Jacobsen, only returning varsity letterman for Larsen in '57, won Des Plaines JC golf title. Tom will also be captain of the Heights cagers next November.

Other Cardinal golfers in the Des Plaines tournament, behind Jacobsen's winning 80, were Moehling in fifth with 85, Bob Hammerl in seventh with 87, Rick Lindstrom in eighth with 89, Bob Cagann in 12th. Tom also won trophy for longest drive, a 275-yarder.

★ ★ ★

THEN THERE'S THE FAN who thought his team was wronged by playing in a park larger than the Bums. "When Illinois plays football at Ohio State the field is the same length as at Memorial stadium," he continued, "and if you run the 100-yard dash on any track in the country you still run the same distance. They ought to even things up by making all ball parks standard size."

In the National league the variance on right field distances is from 258 feet and an 11-foot fence at the Polo grounds to 353 feet and a 12-foot fence at Wrigley field.

In center the distance varies from 387 feet and an 18-foot fence in Cincinnati to 475 feet and a 17-foot fence in the Polo grounds. In left field the longest distance is at Forbes field, 365 feet with a 12-foot fence. The shortest is again the Polo grounds, 280 feet and a 17-foot fence.

In the American league the longest right field fence is at Fenway park, 380-feet, and the shortest is in Yankee Stadium, 296-ft.

The Yankees also have the shortest left field fence, 301 feet, and Comiskey Park the longest, 352-feet. The Yanks claim the longest distance to center, 461 feet, and Fenway Park has the shortest, 388. The largest park is Municipal Stadium in Cleveland but temporary fences limit the right and left field lines to 320 feet and center to 410.

★ ★ ★

GREATEST THRILL for Coach Bob Zuppke, now retired from active football ranks but enjoying life at 77 as he paints and converses, was "when I had my nails manicured in Oklahoma City" . . . Interestingly enough, in Bob's younger days before he took to coaching he did a lot of sign painting, once workeed the Milwaukee business district for Dunn & Bradstreet . . . Mickey Mantle has received a tape measure from a surveyors group "for measuring home runs" . . . In case you are interested in where the future baseball players of the nation are now in action, last year's national champs in Jr. Legion ball hailed from Cincinnati, Little League from Morrisville, Penn., Babe Ruth league from Terre Haute, Ind., Pony league from Washington, Penn., and NCAA champ Lake Forest college . . . And then there's Harold Lloyd Griggs, Washington pitcher, who was named after the famed comedian.

Sign of changing times is the new slingshot with a scope-type sight, disintegrating pellets safe for inside use, super-power rubber bands and a leather pouch for the pellets.

We all know Pat McDonald who directs the destinies of Rob Roy golf club . . . This week we have news of Tom McDonald, no relation, who put in lights over 9 holes of Little Nine course at West Chicago . . . "Just because the sun sinks in the west until you can't see the ball is no reason you should give up and go home," says Tom . . . Em Lindbeck, Illini grid and baseball star now with Eau Claire, Wis., nine is getting discouraged after 1 day of action in center field in 3 weeks.

That offer from Los Angeles Rams to play football is becoming more attractive as the days roll by . . . Em thinks Class C. Northern ball is inferior to Big Ten ball.

All Niles football games this fall will be broadcast on a radio station . . . Director of recreation for families of jockeys, stable hands, etc., living on Arlington Park property is Andy Puplis, all-American from Notre Dame currently grid coach at Proviso high . . . Former Chicago Cub great Guy Bush now lives in Orchard Place, south of Des Plaines, and helps with Little League down that way.

★ ★ ★

UNIVERSITY OF INDIANA athletes who lost their lives in World War II will be remembered with a new spire campus chapel, a $1,250 item to be supplied by the "I" men's club . . . Mail order for Illini football tickets is ahead of last year with California, Ohio State, Michigan State and Wisconsin on the home schedule . . . Traveling opponents will be Washington, Minnesota, Purdue, Michigan and Northwestern . . . Of 125 junior and senior athletes at Michigan State, 38 are majoring in physical education, 16 in engineering, 15 in business . . . Taking a track award at Southern Illinois was Tom Hill of Glenbard.

Swoon's Son Heads Top Field Of 3-Year Olds

Saturday is Arlington Classic day at the popular northwest suburban plant.

A field of America's finest 3-year-olds, headed by E. Gay Drake's near-sensational Swoon's Son, Calumet Farm's Preakness champ, Fabious, C. V. Whitney's Head Man, and Claiborne Farm's courageous Doubledogdare is expected to give local racing fans the thrill of the 1956 meeting.

A race steeped in tradition and replete with the names of America's greatest thoroughbreds, Saturday's $100,000 Classic affords fans an opportunity to see the remaining candidates for the '56 3-year-old crown battle it out at the popular one mile distance.

* * *

THE BIG question is: can Swoon's Son, undefeated in four starts this year, whip the likes of Saturday's field at 1 mile?

The colt's most ardent partisans naturally believe he can. But, in all fairness, it must be admitted Swoon's Son has not met such formidable opponents as Fabius, Head Man, or Doubledogdare this year.

He's humbled everything else, though, and in winning Balmoral's 1 mile Chicagoan in the sparkling time of 1:35 1/5 seconds, fastest one mile of the spring session, he proved the could negotiate the 1 mile.

* * *

TWO WEEKS ago he sauntered off with the 7 furlongs Warren Wright Memorial, winning in a gallop by 5 lengths, only 2/5 of a second off the track standard.

Fabius is no slouch, however. The royally-bred son of Citation is bred for greatness and the presence of jockey Bill Hartack in the saddle will not hurt his chances.

Fabius has won 6 of 15 starts in top-flight company this year, including the historic Preakness Stakes, Kentucky Derby Trial, and the Jersey Stakes. The Classic will mark his first start in Chicago this year.

* * *

HEAD MAN, winner of the Experimental Free Handicap and the Wood Memorial this year, may prove to be a troublesome foe Saturday. The roan son of Eight Thirty does his best at one mile and may ready to redeem himself for his dismal performances in the Kentucky Derby and recent Shevlin Stakes.

Walmac Farm's The Warrior looms more than an outside chance of upsetting the favorites. The stretch-running colt was a winner at Arlington last week, surviving a stretch long battle with Gregory and Maggio's Ben A. Jones, also a Classic candidate.

Next week Arlington will present 2 of the nation's most important events — the $50,000 added Equipoise Mile and the $75,000 added Arlington Park Futurity for 2-year-olds.

Prospect Heights Cubs, Tigers Deadlocked In LL

Two straight defeats have pushed the Tigers into a first place tie with the Cubs in the Prospect Heights Little league. Only 1 game out of the lead are the Braves with the Yankees settled in fourth and the Sox titals still unreported.

The Cubs and Braves both pounded out impressive wins over the Tigers last week with 11-7 and 16-1 triumphs respectively. In other Little league action the Yankees crushed the Sox, 19-8, and the Cards topped the Yanks, 5-2.

Another tight race has developed in the Prospect Heights Pony league with the Giants and Indians currently waging a close battle for the division lead. The Giants are 1 game on top of the Indians with the Senators in third, 2 games off the pace, and the Dodgers in fourth, 3 games from the top.

* * *

IN LAST WEEK'S Pony league action the Giants had an even split, topping the Dodgers, 10-4, and losing to the Senators 5-3. The Indians edged the Dodgers, 5-4.

Five games are on the docket for next week's action in the Little league. Monday, July 16, the Cards and Braves will tangle and the Cubs and Sox meet on Tuesday. Wednesday's action will find the Yankees meeting the Tigers, and on Thursday the Cubs will play host to the Braves. The Cards-Tigers tilt will conclude the week's action.

In the Pony league the Giants will meet the Dodgers, July 16; the Indians take on the Dodgers July 18, and the Giants will battle the Senators, July 20. (Sp

THE CUBS are involved in a furious battle for first place with the Cardinals in the National League of the Arlington Heights Little League. Both clubs were deadlocked for first as of the week ending June 30.

VFW Sox, Braves Cop Pony League Victories

by BETTY KIRCHHOFF

Wednesday, July 4, the VFW Sox started on their way to a second half crown in the Mt. Prospect Pony League by trimming the Yanks, 6-3, behind the hurling of George Bork. Although they won, the Sox played their sloppiest game of the year in the field, committing 7 errors, 4 of these in the seventh when the Yanks got their last 2 runs.

The victors found that Jeff Kobi, the losing pitcher, wasn't very generous in the way of hits as he allowed only 8 while fanning 9.

George Bork came through in his usual style giving up only 4 hits, all singles, and only 1 earned run in coming up with his fourth victory of the year.

THE BRAVES started out the second round of the season in grand style last Saturday by setting back the Cubs, 12-8.

Both teams proved in the very first inning that it wasn't going to be a pitcher's day. The Braves tallied 3 on Tom Weller's home run blow and the Cubs came right back with 4 when Bob Voight smashed one out of the park with the bags loaded. From then on, it was strictly the Braves' contest. They tallied 4 times in the second, once each in the fifth and sixth, and then came up with 3 more in the seventh.

Besides Weller's homer, Bob Hammarley and Mike Starshak slammed 4 baggers for the victors.

Lack Of Base Hits Costs Poole Fords Key District Tilts

by BOB FRISK

For 12 games this season it appeared that Arlington's Jr. Legion baseball team was the exception rather than the rule when it came to having a productive hitting attack joined by a winning ball club.

The local Poole Fords kept rolling along with 8 victories in 12 contests and the lack of any concentrated batting attack didn't seem to affect their winning pace. But, the inevitable finally caught up with Manager Lloyd Meyer's club and going into this week's action, the locals had produced just 8 hits in their last 4 contests and had dropped 3 of the tilts, 2 in the important ninth district race. As a team the legion 9 was hitting .189 after 15 games.

Tuesday of this week the Fords were slated to meet River Grove, a team they had previously beaten, 9-0, then on Wednesday they were to play host to Portage Park in a highly important game at Recreation Park. Saturday Arlington will meet Northlake at 3 p.m. at Recreation Park.

* * *

PORTAGE only had one league loss going into this week's action and Arlington and Park Ridge A both had 2 defeats. It's not likely that 3 clubs will tie for the loop crown but it's very likely that 2 teams will share the championship. Let's look at it this way:

Portage must play Park Ridge A again. If the former whipped Arlington Wednesday, it would mean that a win over Park Ridge A would almost assure them of the title barring any unforseen upsets. Now, if Portage got by Heights, then lost to Park

Redwings, Oak Park To Clash Sunday

Three straight defeats have dropped Arlington's Redwings into second place in the Midwest Semi-Pro loop with Kolski's Boosters holding a 1 game edge. The latest loss was a tight 1-0 affair to the Kolskis, July 1.

Sunday the locals will play host to a strong Oak Park club at 3 p.m. at Recreation Park. Oak Park, one of the top first division clubs in the league, boasts 5 players from the University of Illinois' varsity squad: right fielder, Jim Frillman, one of the Bib Ten's top hitters as a sophomore; second baseman, Don Lukaszewski, for 2 years a starter on the Illini and a member of the Pan American diamond team in 1954; first baseman, Ray Thonn, Proviso high grad who lettered as a sophomore at Illinois; center fielder, Bob Shoptaf, a highly regarded fly chaser in the conference ranks; and pitcher Ray Nitschke, strong-armed right hander who will be Illinois' starting fullback come fall and another football season.

* * *

LAST SUNDAY the Redwings, minus their top hurler Dick Bokelmann, lost a tight 1-0 ball game to Kolski's Boosters with Bud Blumenthal handling the mound chores and turning in a creditable performance. Blumenthal was only touched for 4 infield hits, 3 of them coming in the fifth frame when Kolski tallied the 1 counter of the contest.

The victors' 1-run segment was touched off when Schultz beat out a bunt. Kolosowski followed with another bunt single, then with runners on first and second, Caminiti sacrificed the runners to second and third but Schultz over-ran the bag and was tagged out. A disputed play followed when Kolosowski stole third. With runners on first and third and one out, Hommy Hoffman tapped a ball to third which took a bad hop and permitted the game's lone run to score.

The Redwings' 3 safeties were scattered as the locals didn't come up with any threat of a score. Collecting the singles for Arlington were Whitey Ebeling, Bud Blumenthal, and Bill Sprintz.

Wheeling LL Pix Saturday

Wheeling Little League teams will have their pictures taken by Paddock Publications staff photographers Saturday morning, July 14.

Arrangements have been made for the 4 Little League teams as well as all minor league teams in Wheeling to appear at 9:30 a.m. on Amvets field for the pictures. Included will be both boys and adult coaches and managers. Teams are asked to report on time so pictures can be taken with a minimum of interruption for all concerned. (Sp

Schwans, Professionals Cop 2 Mt. Prospect LL Contests

Schwans and Professionals both captured 2 wins and the Lions picked up 1 triumph in recent contests in the Mt. Prospect Little League.

The Professionals opened up the week's report by edging the Elks in a free-scoring affair, 17-15, June 30. Blasting 14 hits and scoring in 3 frames—5 in the first, 8 in the fourth, and 4 in the fifth—the Professionals had to hold off a last inning rally by the Elks. Griffiths, McLennon, and W. Steinmiller shared batting honors for the game with 3 safeties.

IN ANOTHER June 30 contest Schwans blanked the Builders, 3-0, behind the effective 7-hit pitching of R. Hanson. Hanson also blasted out a homer and 2 singles to spark the winner's offensive. Sbarbaro had 3 singles for the Builders.

Schwans	110	001—	3-7
Builders	000	000—	0-7

Batteries: Schwans, Hanson and Lewin; Builders, Runo and Holmes.

Another impressive offensive at back was delivered by the Professionals, July 3, as they routed the Builders, 14-5, with Walker and Weber sharing the mound duties. Three boys had 2 hits each in the contest: Weber, Nav, and Jones.

Professionals	361	40—	14
Builders	140	00—	5

Batteries: Professionals, Weber, Walker, and W. Steinmiller; Builders, Hope, Browne, and Holmes.

SCHWANS TOOK their second contest of the week's play with a 6-4 decision over the Elks, July 4. Hanson once again led the way for the victors with a 4-hit pitching job and 3 straight singles and 3 runs scored. D. Hanson, Schwans' second baseman, had 2 hits and Laden, Elks' third sacker, also had 2 safeties.

Elks	022	000—	4-5
Schwans	201	03*—	6-8

Batteries: Elks, Schaefer and Trebat; Schwans, R. Hanson and Lewin.

The hard-hitting Professionals were checked by the Lions' Palmer, July 5, as the latter club captured an impressive 3-0 win. Palmer only allowed 2 hits and he also led his team's offensive with 3 hits and 2 runs scored.

Yankees Win 2 In Mt. Prospect Pony League Play

by BILL GODMAN

Combining good pitching, good fielding, and timely hitting, the Yanks defeated the Braves, 14-5, in a Mt. Prospect Pony League game at Lions Park, July 1.

In playing their best game of the year the Yanks collected 10 hits off 3 Braves pitchers, the loser being starter Al Kruse. Leading the attack, as usual, was left fielder Jeff Kobi with 2 homers, a single, and a walk. All that hitting support made it easy for Wayne Stewart to record his first Pony League victory of the season.

Other leading hitters for the evening were the Braves' Tom Weller and Al Kruse, and the Yanks' Ron Schafer.

THE YANKS and Braves also played a makeup game, July 5, at Lions Park with the Yanks winning 6-4.

The victors took advantage of wildness on the part of Brave pitcher, Mike Starshak, and scored 5 times in the first inning with the aid of a single, 4 walks, an error, and a bases-loaded single by catcher John Dempsey. They added 1 in the second but were held scoreless for the final 4 innings by the fine relief pitching of Bob Hammarley.

Hammarley's 3-run homer in the third was the big blow in the Braves' attack as it drove in all their runs of the contest.

Excessive heat was the only difficulty Yank twirler Ron Schafer experienced as he scored his third victory of the year on a yield of only 5 hits. The game's most exciting play was the theft of home by the Yanks' Jeff Kobi.

Dick Youngberg Cops State JC Golf Tournament

Arlington Heights won just about everything in sight as Dick Youngberg of Northbrook, representing Arlington, won the Jaycee Illinois State golf tournament, July 10. The tournament, 36 holes medal play, was held at Sandy Hollow Golf course, Rockford, Illinois. Dick also won the long ball trophy and the Coca-Cola award.

The Arlington team, which also consisted of Bob McDonald, Mt. Prospect, and Frank Huss, Glenview, played well enough to win the first place team trophy. Dick's 75-76-151 was good enough to win by 1 stroke. Bob shot a 79-84—163 and Frank had a 77-85—162 which beat the nearest team by 4 strokes.

Dick will represent Illinois in the National Jaycee Golf tournament to be held at Fargo, N. D., August 20.

MAC SAYS

by G. A. McELROY

IT WAS OUR PRIVILEGE to witness the greatest track meet ever held on this continent in the final Olympic track trials held in the Coliseum in Los Angeles. In this meet to select the United States Olympic squad of 3 competitors and an alternate in each of 17 events, every record except the broad jump was equalled or bettered for Olympic trials. Eight new American records were set in the 17 events and 3 world marks made with 2 others.

It goes without saying that the track squad representing the U. S. in the November games at Melbourne, Australia, will be far and away the finest this country has ever produced.

The fact that so many records were set is due to a number of things. Unusual competition was one of the most vital factors. Eligibles for the final tryouts were the first 6 men placing in the 3 big meets of the national collegiate athletic association, the American athletic union, and the armed forces. The latter group from army, navy, and air force coached by Dean Cromwell, former University of Southern California coach (1908-1948) was outstanding. Not all of the 18 eligibles in each event competed because for some the chance was slim compared to the cost of the trip. Some men qualified in more than one event and chose their best one while still others had injuries and could not compete.

Another reason for such a fine squad is due to the advances colored men have made in track work and the added chances given them to attend college and benefit from the type of coaching which makes champions. Close to half of all the competitors in the 2-day trials were colored.

Of the 9 men who set new American records, 4 were colored. Nine of the 19 individual champs or ties for first place on the Olypmic squad are colored.

Youth was really served as the Olympic team was selected. Charles Dumas, a 6 foot, 179 pound freshman at Compton junior college near Los Angeles, became the first athlete ever to jump 7 feet. Dumas, a colored lad who won the AAU at 6' 10", cleared 7' 5/8" for the world record.

★ ★ ★

ANOTHER EVENT which went to students was the 400 meter hurdles. Glenn Davis, an Ohio State sophomore, broke the world record by 9/10 of a second when he ran the event in 49.5. It was only the sixth time Davis had run the event in competition as it is not regularly on the track program in O. S. Eddie Southern, an 18 year old colored freshman from the University of Texas was second in 49.7 breaking the world mark by 7/10 in his fourth time running the event. Southern set a national high school record in the 880 as a senior in high school.

Davis may be remembered as the boy who scored all the points to win the state track championship for his small Ohio high school in 1954, taking 3 firsts and a fourth.

Notre Dame coach Terry Brennan will not be too sad about the fact that Aubrey Lewis, one of his star halfbacks, hit the last hurdle in the 400 meter hurdles event preliminary and lost a chance on the Olympic team. Lewis beat Davis, the new world champ, in the NCAA finals, but fell when he hit the last hurdle Friday night while leading in his preliminary heat. If Lewis had qualified, he would have been forced to give up football this fall to train and compete in track.

★ ★ ★

BOBBY MORROW, soph at Abilene Christian college in Texas, only 19 years of age, was top hero of the trials gaining a double victory in the 100 and 200 meter events. Morrow along with Ira Murchison of the army tied the world records in the 100 at 10.2 and Morrow tied the world mark of 20.6 for the 200 around a curve. In the 200 he beat Andy Stanfield and Thone Baker who ran 1-2 in the 1952 Olympics and who qualified to go again this year.

Dave Sime, who went to Duke university on a baseball scholarship and then became one of the finest sprinters of all time, was one of the hard luck competitors. He pulled a muscle in the NCAA meet and did not qualify to run the 200 at the Coliseum.

However, in view of the fact that earlier this year he had set a world mark of 20 seconds flat for a straight away 200 meters, the committee gave him another chance.

He qualified in the 100 before his injury, but in the prelims Friday night he pulled up 10 yards from the start as the injury had not healed. Several major league baseball clubs want Sime. He may still return to his first love in sports.

★ ★ ★

TOM JONES, former Manhattan college star, a big rugged colored star who had set a world 400 meter mark in the Pan American games at Mexico City in March 1955 reduced it by 2/10 to 45.2. It was a blistering pace that Jones and Jim Lea set in what developed into a 2-man race with Jones in the outside eighth lines on a staggered start with Lea in seventh lane. Jones is a former enrollee at Father Flannigan's Boys Town in Nebraska.

Jones stated that he thought the high altitude helped him set the world mark at Mexico City. Saturday's new world record, however was set at a point as near sea level as he is ever likely to run.

The 3000 meter steeple chase event was extremely interesting. It developed into a 3-man contest between Phil Colman of the Chicago athletic club, Charley Jones of the University of Iowa, and Horace Ashenfelter who annually runs in the Chicago relays and was the 1952 Olympic champ. This event which is 240 yards short of 2 miles involved going over 3 hurdles and a special barrier at a water jump on each of seven laps around the track. Superior hurdling ability by Coleman gave him the edge particularly on the final lap. Superior endurance by Jones gave him second ahead of the aging Ashenfelter in a grueling race. Jones is the national cross country champ as a soph at Iowa, but was ineligible for spring track.

★ ★ ★

ANOTHER IOWAN who got a second and a trip to Melbourne was Ted Wheeler who was state high school champ for Evanston high school before matriculating at Iowa City. Wheeler took second behind Jerome Walters, another colored athlete, who was first in the AAU meet. Don Bowden, sophomore at University of California who took third in this metric mile, had only run twice in competition since April 7 due to an Achilles tendon injury and had made the finals by a sixth place in the NCAA meet. Boyden's final lamp sprint edged out the veteran Fred Dwyer, who loosened up the last 10 yards thinking he had an Olympic spot cinched.

Browns Strengthen Lead In Arlington's Pony League

by BOB FRISK

Arlington's Pony League Browns just keep rollin' along!

With 2 more victories last week in division play the pace-setting Browns have now increased their league leading margin to 2½ games over the runner-up Hawks who have captured 7 of 11 contests.

An impressive pitching duo of Don Gerken and Dave Kussow, with the former serving as the big "stopper," has pushed the Browns into their current commanding role. Gerken, who burned up the Little League 2 summers ago, and Kussow are both unbeaten in the '56 campaign as O'Connell has been tagged with the Browns' only loss.

Elsewhere in Arlington baseball, the Cardinals have moved out to a slim ½ game lead over the Cubs in the National League of the Little League and the Red Sox hold a game and a half lead over the White Sox in the American League. The Red Sox suffered their second loss of the season last week, an 8-7 decision to the third place Yankees.

* * *

GERKEN and Kussow combined talents to limit the Orioles to 4 hits July 2, as they stopped the tailenders, 9-1. Gerken picked up the win and also blasted a homer. Ronnie Weber, a product of a strong Cardinals' Little League club for 2 summers, contributed a homer and triple to the Browns' 7 hit attack.

Browns .....101 007 0—9-7
Orioles .....000 100 0—1-4

Batteries: Browns, Gerken (WP), Kussow and Schuman and Burfeind; Orioles, Beckway (LP) and Hartman and Sckolski and Pakyz. 3B—Weber (B); HR—Weber, Gerken.

Frank Zizlavsky, Bob Inman, and Jim Kennedy combined to check the Indians, 7-5, July 3 with Zizlavsky getting the decision. Don Snell and Ken Dougan shared the work for the Indians with Snell absorbing the loss. Chuck Rehfeldt and John Link both rapped homers for the Indians.

THE PHILLIES and Redlegs, both battling to move into third place, put on a tight battle, July 5, with the Phils taking a 3-2 decision behind Rich Passmore. Nick Tuttle and Dave Brodnan both slapped out triples for the Redlegs.

Phillies .....003 00—3-8
Redlegs .....100 10—2-4

Batteries: Phillies, Passmore (WP) and O'Hagen; Redlegs, Scholl (LP) and Tuttle. 3B—Tuttle, Brodnan (RL).

Completing an unfinished game of July 6, the Indians bounced the Orioles deeper into the Pony League cellar, 13-8. Don Snell went the route to gain the victory though touched for 9 hits.

THE INDIANS made the most of their base hits, July 7, when they stopped the Redlegs, 9-3. Collecting only 5 hits in the 6 inning affair, the Indians scored in every inning, adding 3 in the second and 2 in the fourth.

Indians .....131 211—9-5
Redlegs .....100 002—3-7

Batteries: Indians, Dougan (WP) and Rehfeldt; Redlegs, Brodnan (LP) and Tuttle.

Phil Gustafson hurled a 7 hitter and rapped a homer to spark the Phillies to a convincing 10-6 victory over the Orioles, July 7. The Orioles used 3 pitchers with the starter, Denny Hartmann, taking the loss. Don Hamachek added a triple to the Orioles' attack.

Orioles .....000 510— 6-7

ONE OF THE top games of the year in any Arlington league was turned in July 7 when the 2 front-running Pony League clubs, the Browns and Hawks, battled on the high school diamond. Don Gerken and Jim Kennedy did the mound chores with a yield of 1 and 3 hits respectively. Dave Kussow broke up the duel in the sixth with a lead-off home run and the Browns wound up with a 1-0 victory. Gerken fanned 11 and Kennedy sent 14 down on 3 strikes.

Browns .....000 001 0—1-3
Hawks .....000 000 0—0-1

Batteries: Browns, Gerken (WP) and Burfeind; Hawks, Kennedy (LP) and Empkie. HR—Kussow.

The Cardinals held off a 3-run Braves' uprising in the sixth for a 4-3 decision, July 2, in the initial report from the National loop of the Arlington Little League. Chuck Close started from the Cards and picked up the win although he needed help from Jimmy Nelson.

Braves .....000 003—3-4
Cardinals .....000 13*—4-6

Batteries: Braves, Koeppen (LP) and Freise and Fitzpatrick; Cardinals, Close (WP), Nelson and Staahl.

Cardinals .....010 200—3-3

Batteries: Dodgers, Behrens, Haworth (WP) and Smith; Cardinals, Benson, Nelson (LP) and Staahl. 3B—Williams (D).

The Braves fought back from an early 4-0 deficit to knock off the Cubs, one of the leading NL clubs, 5-4. Stu Fitzpatrick's fifth place squad pushed over 3 deciding runs in the home half of the fourth inning after tallying single counters in each of the first and third innings. Terry Conner picked up the triumph on a yield of only 3 hits, all by Tommy Klement.

SIX RUNS in the seventh inning turned a tight ballgame into a decisive White Sox victory, July 6. The Sox tied the score in the sixth inning with a single counter, then pushed over the 6 big tallies for an 11-6 triumph over the Yankees.

White Sox .....001 031 6—11-6
Yankees .....320 000 1— 6-5

Batteries: White Sox, Helfogt (WP), Blix, and Roble and Carns; Yankees, Nicols, Cordez (LP) and Cordez. HR—Blix (WS), Cordez (Y).

The Yankees harnessed the Red Sox, July 7, 8-7, with a quarter of counters in each of the second and fourth frames. The losers almost tied the count in the fifth but they fell 1 short. Ross Retterer of the Red Sox banged out a triple for the only long smash of the afternoon.

Red Sox .....000 070—7- 7
Yankees .....040 400—8-10

PICKING UP their second win of the summer campaign, the Senators slapped down the Tigers, 7-1, July 7 with Lind tossing a neat 4-hitter. Cordaro and Lind both rapped triples for the Senators with Wood adding a 3-bagger to the Tigers' attack.

Senators .....201 211—7-8
Tigers .....001 000—1-4

Batteries: Senators, Lind (WP) and Sielken; Tigers, Crossin (LP), Ball, and Miller. 3B—Cordaro, Lind (S) and Wood (T).

Poole Fords —

(Continued from perceding page)

Ridge A., both clubs would have 2 defeats and a tie for the league crown would be likely. If Arlington beat Portage last night (Wednesday), the latter would have to knock off Park Ridge A to stay in the race. All these observations are based on the assumption that the 3 title contenders — Portage, Arlington, and Park Ridge A — will not get upset along the way. And you can't bet on that!

* * *

LEFTY BOB GRUBER handcuffed Arlington Sunday, 3-0, to keep Park Ridge A's hopes alive in the ninth district. Gruber was practically untouchable as he yielded only 1 infield single by Lee Magnuson and allowed only 2 balls to be hit to the outfield — both to right field by right handed batters.

Proof that Arlington's line up hasn't posed much of a threat to opposing pitchers is clearly indicated by a quick rundown of the starting nine against Park Ridge A with season averages for 15 games in parenthesis: Dick Nickelsen (.111); Denny Thill (.097); Bob Miller (.067); Dan Vittum (.260); Ed Meinken (.209); Larry Webber (.190); Jerry Klement .189; Lee Magnuson (.237); and Al Smeby (.250).

Vittum was paciing the regulars after Sunday's contest with his .260 mark although Al Sander had the top mark of .500 for 4 at bats. Sustained batting slumps have taken their toll this season. Vittum went 12 times without a hit over one stretch; Magnuson reached 20 hitless at bats before his infield single Sunday, Miller had gone 14 trips up officially without a safety going into this week's play; Klement had a streak of 15 from the fourth game to the eighth, and Thill has a string of 19 unproductive at bats. All these totals exclude the second Elmwood Park game which was played although Arlington won by a forfeit.

* * *

WEDNESDAY, July 4, Winnetka stopped the Fords for the third time this season, 6-2. The long ball was in evidence with 5 home runs, 2 by the locals' Pat Brownell and Dan Vittum. Winnetka's Tom Riley blasted 2 long four base clouts and also added a single for game batting honors, and, once again, the victors' Bill Reno had a productive day against Arlington pitching. In three games against Arlington, Reno, whom his coach admits is just an average hitter, has rapped 9 hits in 12 bats.

Brownell started his first game for Arlington this summer and did a creditable job, allowing 9 hits while striking out 3 and walking 3. Four of Winnetka's runs were earned.

Capitalizing on 4 errors and 8 walks, Arlington blanked Park Ridge B, 6-0, July 5, although the locals could only collect 2 hits by Meinken and Klement. Smeby and Brownell worked the hill for Heights and allowed 4 hits with Smeby picking up his fifth win.

Comets, Spartans Increase Leads In Arlington's Minors

The league leading clubs in 2 of Arlington's 4 Minor leagues found a little breathing room going into this week's action. Both the Comets of the Northside Intermediate League and the Spartans of the Southside Juniors division held slim leads in their respective races.

Ronnie Gordon collected 2 home runs to spark the Redbirds' crushing 16-8 victory over the Colonels, July 2, in the Northside Intermediates league. The Colonels upset the first place Broncs, 6-5, July 5; the Comets rocked the Bruins, 13-8, July 7, and the Saints and Redbirds battled to a 10-10 tie, July 7, for the remaining reports from the Northside Intermediate loop.

* * *

ANOTHER 10-10 tie was recorded when the Seals and Stars battled down to the wire, July 2, in the Southside Intermediate division. The Dons were involved in the 2 remaining league reports with a 3-0, 1-hit victory over the Solons and a 10-0 loss to the Stars.

With the exception of the Blues' 5-4 decision over the Sox, the week's action in the Northside Juniors League featured some heavy, hitting, high-scoring contests. The Millers dumped the Sox, 16-10; the Bisons stopped the Blues, 14-2, with Tommy Ewert picking up the victory, and the Badgers routed the winless Gophers, 20-7, with Tim Wade gaining the win.

Five reports from the Southside Juniors division finds a team winning 7-4 though failing to get a hit, and a 33 run outburst by another club which collected only 8 hits. The Oaks were the club which failed to get a hit but still stopped the Padres, 7-4, July 5. The Angels crushed the Beavers, 33-1, July 6, by scoring in every frame with 12 runs in the final inning. Concluding this week's reports, the Spartans rapped the Buckeyes, 15-9, and the Beavers, 17-12, to strengthen their league leading spot.

Berlin's 38 Sets Pace For Rob Roy Leaders

Cully Berlin's 38 on the front 9 for Johnny Brennan's pill pushers set the pace for the win over Smith and Dawson in the Rob Roy Tuesday golf league. Only 3 weeks of play remain before the Paddock Tourney entries are posted and the leaders have a 7-point edge to work on. Next week will find the Pharmacy opposed by a strong Dunteman Dairy team which has won the last 2 times out.

Jacobs Hardware regained second place by beating Kirchhoff Insurance 8-1, while Gunnells Recreation lost to Dunteman's, 6-3. Next week the Hardware team faces Michaels IGA and Gunnells meets Smith and Dawson. The IGA team won its match Tuesday night, 8½-½, so the Hardware Store will have no easy time.

PROSPECT HEIGHTS Variety Store, the last team in the standings with a chance for the Paddock berth, slaughtered Park Ridge Stop and Sock Tuesday, 8½-½. The Variety Store will play Ehler and Wenborg next week in its bid for first.

C. P. Flooring, led by Len Arnold's 37, beat L-Nor Cleaners, 7½-1½. The loss dropped the Cleaners out of a good chance for the tourney slot.

Country Club Ties Black's For Golf Lead In Arlington League

The Mt. Prospect Country Club team, playing in the Arlington Heights Twilight golf league at Mt. Prospect Country Club, moved from sixth place into a tie for first with Black's Memorial Home. They took 10½ of a possible 12 points from Koops Mustard and dumped the latter from first to seventh place.

With the league very closely bunched, we expect to see other teams alternate positions. At this time, it is anybody's guess as to what team will win the right to represent the league in the Paddock Tournament, August 19.

Dave Borgardt and Ken Fuhr tied for low gross honors with 37's. John Pergler, Jim Cummins, and Bud Horcher tied for low net honors with 32's.

Birdie shooters were Lathen on 13 and 15, Barrett on 1, McGregor on 3, Luczak on 10, and Clarbour on 18.

Parkway Advances In Old Orchard Golf

Friday, June 29, saw some real golfing in the Old Orchard Scratch league with 3 sub-par rounds chalked up. The best card turned in was D. Burkett's 33 against B. Blessings' 37. The cards read:

Par	443 455 443—36
B. Blessing	444 445 433—37
D. Burkett	343 445 433—33

July 6 saw Parkway Liquors take 6 points from State & Rand to jump into fourth place from seventh. Hot-shots for the evening were J. Newbauer with a 1 under par 35 on the back 9 to win over B. Hornbostel who fired a 38. B. Hugo won over L. Arnold, B. Kronn over H. Kamps, and V. Hoffman over B. Knight. Second low with a 36, Don Hager of Flaherty Jewelers won his match against F. Steinken's 37 of Arlington Pharmacy.

The top 3 teams still maintained their positions with a slight edge in points but the top team to compete in the Paddock Tourney is definitely not decided. This Friday members will be competing for a blind bogey prize.

Arlington Twilight League Fetes Wives

The Arlington Heights Twilight League invited the wives to play on Sunday afternoon at Mt. Prospect Country club. Twenty seven wives accepted the invitation even though in some instances their experience had been limited to listening to their husband's prowess after the Friday night sessions.

The event was a nine hole, two-ball foursome. Prizes were given on the basis of net scores on a peoria handicap.

Charley Kleinofen and Mrs. Ed Wolf had the low gross score with a 144. Bud McKaig and Helen Kleinofen had second low gross with a 149. The teams of Charley Poss and Mrs. Dahl and Mr. Dahl and Mrs. Wally Kuczonski tied for low net with 33's.

As many wives with their partners beat out their respective husbands and their partners, we believe there will be some new golf stories at home.

Entries For Paddock Golf Go In The Mails

The entries for Paddock Publications Inter-League Handicap golf tournament are in the mail to 10 golf league secretaries with first place teams as of Saturday, August 4, eligible.

The tournament will be held at Roselle golf club Sunday, August 19, with first tee offs scheduled for 12 noon, sharp. Up for grabs will be 12 trophies to members of first, second and third place teams, a dozen golf balls for low individual net, and the opportunity for the sponsor to gain possession of the large traveling trophy for 12 months.

* * *

JUST WHO will represent each twilight golf league is up to league officers. Paddock Publications ask that first place teams of each of the cooperating leagues be sent to compete, though actual naming of just which men in case of illness, vacations, etc., is up to league officials.

The entry blanks, sent to league secretaries this past weekend, have room for listing of one alternate as well as the foursome. Five best scores of the season up to August 4 will be considered for computation of handicaps. The latter will be based on "80 per cent of the difference between a player's average 9-hole score for his 5 best nights and par for the course on which he plays. This difference, including fraction, is to be multiplied by 2 to obtain the 18-hole handicap."

* * *

GREENS FEES of $12 per foursome will be the only cost whatsoever to leagues. The checks Saturday, August 11, leaving inwill be due with entry blanks by dividual golfers "free as a bird" mentally the day of the tourney. These entry fees will exactly cover the greens fees for the golfers, with Paddock Publications sports department underwriting all other expenses of the tournament.

In case of ties duplicate medals will be given. In event of a first place tie, a flip of the coin will determine which foursome has its name inscribed on the trophy. Cooperating leagues include Mt. Prospect Monday and Tuesday leagues and Arlington Heights league, all competing at Mt. Prospect country club; St. James and Rob Roy leagues at Rob Roy; Friday night men's league at Arlington; Arlington VFW and Scratch leagues at Old Orchard; Bensenville VFW league at Mohawk; and Roselle league at Roselle. THESE SIX BOYS are a minor segment of the large staff employed during the racing season at Arlington Park to service the large area of the stands and outer buildings. There are 75 hired during the 36 day period with a large majority coming from towns in the immediate area. Bradley, Colorado Attract Seven Arlington Athletes

by BOB FRISK

What colleges have attracted the largest number of athletes from Arlington's 1956 June graduating class?

In a recent check of some of the top senior athletes at Arlington High two schools in particular stood out among the choices. Bradley university in Peoria has attracted four of the local athletes and the University of Colorado at Boulder has drawn three of the preps. Our state university at Champaign is batting zero while Northwestern will land one boy.

Slated to head for the Peoria school this fall are Ron Ashley, Jim Summers, Wayne Haemker, and Dick Van Note. Wayne Malzahn, Mickey Harris, and Dave Schimmel plan on attending Colorado.

* * *

ASHLEY, second leading hitter on the Arlington varsity baseball team and one of the best defensive outfielders to ever play for Heights, is going to a good baseball school as indicated by Bradley's place in the NCAA playoffs. Ashley also lettered in basketball where he earned an honorable mention ranking in the West Suburban Conference.

Summers was one of four three-sport athletes at Arlington this past school year. Jim lettered in football, basketball, and baseball, earning an honorable mention listing at halfback on the WSC All-Star grid squad. Jim picked up 255 yards in 64 carries for the football team.

Haemker picked up his varsity letters in cross country and basketball, running as number two man all season behind Bill Palmer in cross country. Wayne finished 23rd in the conference meet as Arlington captured sixth.

* * *

VAN NOTE was Coach Russ Attis' number one sprinter as he gained his second varsity track letter. Dick, handicapped by a bad leg during the latter part of the spring campaign, finished fourth in the 220 yard dash in the conference meet at R-B and led off on one of Arlington's best 880 yard relay teams in recent years. The quartet, which placed third in the WSC affair, had a top clocking of 1:34.0 for the season to earn an early place on the prep honor roll.

An All-Conference tackle last fall and letter winner in basketball, Wayne Malzahn should play a lot of football for CU. Wayne, who stands a solid 6-1, 195 and formally played fullback, was a two-way performer for Coach "Bus" Ormsbee.

The Boulder school is also picking up Arlington's best low hurdler on record, Dave Schimmel, and a top wrestler and football guard, Mickey Harris. Schimmel holds the school record for the 180 yard lows and he had the third best time in the state this year.

* * *

OF COURSE, the big question when you talk about Arlington's athletes revolves around one of the most versatile boys to ever compete for the local school, Johnny Sujack, an all-conference performer in no less than three sports and an All-State halfback in football. Sujack's marks will stand a long time in Arlington annals but at the last report it looks like John will by-pass school and try for a baseball career. However, this is as yet unofficial.

Bob Getts, the leading swinger on the baseball team with an impressive .390 mark and another all-conference selection, is headed for the Pier division of the University of Illinois, and another outstanding baseball performer, pitcher Al Smeby, will go to Northwestern. Two other schools in the state will draw three local athletes. Football player and trackman Larry Long will go to Southern Illinois in Carbondale with Mike Spinello and Wayne Rolfs, two mainstays on the state championship golf squad, headed for Northern Illinois State college in DeKalb.

Speaking of the golf squad Bob McDonald is planning on Miami and Denny Evans has listed Indiana at Bloomington as his preference.

* * *

THE STATE of Colorado will also get Bill Lussow and Carl Coffman who have named Colorado A & M in Ft. Collins as their place of higher learning.

Another three sport man, Bill Randag, who picked up letters in football, basketball, and track, will travel to Spring Hill, Ala. come fall and another school year.

Bob Harrington, all-conference end for Arlington, is slated for Johns Hopkins where he will study medicine and Lew Green, letter winner in football and track who threw the discus in the state finals, is still undecided between Purdue and Wisconsin.

* * *

DENNY STRIEGEL, another in Arlington's long line of outstanding weightmen under the tutelage of Bill Beckman, will go to Georgetown in Washington. Striegel will concentrate on track in college as the school does not field a football team. Another trackman and football letter winner, Bob Busse, will further his education at Evansville college.

The list is far from complete with the aforementioned athletes but these 22 boys do give some indication on just where Arlington High will be represented in intercollegiate sports next fall and for some years to come.

Floyd Plumhoff In 30th Year As Track Superintendent

FLOYD PLUMHOFF is a Palatine resident who has served as track superintendent of the stands and outer buildings for 30 years at the Arlington Park Jockey Club. Plumhoff helped survey for the track and turned the first shovelful of dirt back in 1927. —Staff photo

by BOB FRISK

In terms of service to the maintenance department Arlington Park's Floyd Plumhoff is in a class by himself.

Last week we reported on Clarence J. Brinkman who has served as Arlington's head superintendent of the grounds and running area for 27 years. Well, Plumhoff surpasses that outstanding record by three years, for this Palatine resident, who lives at 114 S. Greenwood, has served as the superintendent of the maintenance of the stands and outer buildings for 30 years — in fact, Plumhoff helped survey for the current track and turned the first shovelful of dirt at the Park's inception in 1927.

* * *

"THE OUTSTANDING thing I've observed in all my years of association with Arlington," Plumhoff asserted when queried on any particular highlights in his career, "is the tremendous growth of not only the Park itself but of racing on the whole into its present high class standards."

* * *

PLUMHOFF was quick to praise the large staff of employees that are hired during the summer's 36 day racing period. He stated that there are 75 employees who work for him during the track season with 8 serving on a year-round basis.

"During the first year of the track we used to run with 55 employees, but the tremendous growth has upped our summer employment considerably. I don't know what we'd do without the excellent help supplied in the summer sessions by this area's youths. Almost all the boys who are working here are from the neighboring towns — Arlington, Palatine, Mt. Prospect, etc. They each have their specific jobs which range from sweeping the grandstand area to work as photo runners and on the jockey change and scratches. Bob Uhlhorn and Rober Engleking handle the latter job which is one of the main items in our program."

* * *

FOUR LOCAL men act as assistant foremen on the maintenance of the stands and outer buildings. Curtis Larsen, who coached the Arlington high school golfers to the state championship this spring, serves as foreman of the clubhouse section. Larsen has served in this capacity for five years. Arthur Swanson, an Arlington man who has worked for Mr. Plumhoff for three years, is the superintendent's "right hand man." A Palatine resident, Arthur Johnson, handles supervision of the grandstand area and Arlington's Barney Colvin is in charge of the main floor. Johnson has been with Plumhoff for four years with Colvin in his twelfth season.

Prior to his work at Arlington Park, Plumhoff worked county fairs as a youth in the west through Minneapolis, then came to Chicago where he worked a a carpenter for 3 years before coming out to Arlington. He has been at the Park for 30 years although he spent 3 at Washington Park during the war.

Palatine's Floyd Plumhoff is another in the long list of leaders in the excellent operation of the beautiful Arlington Park Jockey club — people whose names may go unnoticed to the racing public but whose work certainly merits daily praise and recognition. (Sp

Mt. Prospect Boy Cops National Title In Roller Skating

Gregory Brooke, 8 year old son of Mr. and Mrs. Robert Brooke, 121 S. Elmhurst, Mt. Prospect, recently won the U. S. National championship in the juvenile boys' free style roller skating.

The tournament, held the week of July 1-7 at the North Avenue Roller Way in Melrose Park, was organized by the U. S. Amateur Roller Skating Association. The national contest included 16 entrants who had placed 1, 2, and 3 in individual state tournaments. Seven boys made the finals including the boy who had taken first in the Illinois State Tournament at the Swant roller rink in Chicago. Brooke had taken second in the state meet.

The young Brooke has been skating for only 1½ years. He's a member of the North Avenue Dance and Figure Skating Club.

O'Hare Features Late Model Cars On Two Nights

by BUD BOOTH

Although open only a few weeks, O'Hare Stadium has proven such a popular spot for midwestern auto race fans that Promoters Bill Cherney and Tex Wooten have just announced that late model stock cars will now be featured every Thursday as well as Sunday night.

These so-called "hardtops" of auto racing, the same as are driven on public streets and highways, have attracted turn-away crowds several times already this season at O'Hare and it's hoped that the addition of Thursday evening to their weekly schedule will help meet the demands of the spectators.

Competing around the highly banked, quarter-mile oval pits are many of the best known stock car drivers in this part of the country. Included the Steve Joyce of Indianapolis, Freddy Lorenzen of Elmhurst, Kenny Paulsen of Stone Park, Gene Marmor of Chicago and scores of others.

* * *

O'HARE STADIUM is also the scene of exciting midget auto races every Friday under the lights. The top purses being posted by Promoters Bill Cherney and Tex Wooten are also bringing the cream of the crop in this type of speed activity to the new track

Last Friday, for example, the stellar field of cars and drivers on hand at O'Hare represented no less than five states and this has proven to be the rule and not the exception every week to date. Entries compete on a come one, come all basis for purses totalling $1,500 each night.

The newest oval in Chicagoland is located conveniently nearby on Mannheim rd. (rte. 45), just south of Irving Park rd. (rte. 19) and can be easily reached in a very few minutes. Gates open each evening at 6 p.m., time trials get underway at 6:30 and the first race is scheduled at 8:30.

Meet The Cardinals

Arkansas Product Serves As Cards' QB For 2 Seasons

Following is one of a series of thumbnail sketches featuring Chicago's Cardinals' professional football players. The Cardinals will play as intra-squad game in Arlington Heights the night of August 9. Sponsoring the game are the Arlington High school Booster club and Little League teams of the area. Tickets for the game are now on sale at $2.00 each or may be ordered by mail by sending check to Arlington Booster club, c/o Arlington high school.

LaMar McHan is in his third year as a quarterback with the Chicago Cardinals. He was the Cards' first draft choice in 1954 and immediately was given the starting assignment as a T quarterback. In the past two seasons LaMar has completed 183 passes out of 462 attempts, good for 2560 yards and 17 touchdowns. He has carried the ball 90 times for 346 yards and 3 TD's. McHan's three year total offense record at Arkansas is 3,578 yards. He completed 78 of 150 passes for 1,107 yards and 8 touchdowns as a halfback in 1953.

* * *

ALEX BURL, a halfback from Colorado A & M, is the fastest man on the Cardinals' roster with a :093 clocking for the 100 yard dash. Burl competed in football and track at Manual High in Denver and also at Colorado A & M. Besides his :09.3 100, Burl has turned in a :21.3 time for the 220 yard dash. In his junior and senior years at A & M he carried the ball 127 times for 647 yards, an average of 5.1 yards per carry and he scored three touchdowns in a game for A & M two days after suffering a broken jaw.

Leo Sugar, defensive end in third year with the Cards, was the club's 10th draft choice in 1951. He was selected to the College All-Star team and played in the '52 game, then went into the Army. Sugar was a fullback in high school but switched to end at Purdue because of lack of wingmen, and did so well that he was named to many All-American teams.

The place kicking specialist on the Cardinals is Pat Summerall, a product of the University of Arkansas. Summerall is in his fourth year with the Cards, fifth in the league, having played with the Detroit Lions in 1952. Pat set an all-time mark in high school in Florida when he caught 73 passes during the 1948 season. In 3 years with the Cards Summerall has kicked 67 out of 71 points after touchdown attempts and has booted 25 field goals.

* * *

TWO TOP halfbacks in the Cardinals' camp are Jim Psaltis and Jim Sears. Psaltis, a defensive performer from USC, is in his third season with the Cards. In 1952 he was regarded as the nation's top defensive back. Jim was the Cards' second draft choice in '53 and he played with the Cards in 1953 and 1955—with Green Bay in 1954. Sears, another USC product, is in his first year with the Chicago club. Jim, who can run the 100 in 10 seconds, led the USC Trojans in passing, total offense, punt returns, and scoring and was second in rushing, punting, and kickoff returns. The Cards look forward to him getting out of service before the 1956 season opens.

Carnell Neuman, fullback from the University of Illinois Navy Pier division, is in his initial campaign with the Cards. Neuman can run the 100 in :09.9 though he stands 6-2 and weighs 209. In 2 years at the Illini he carried the ball 316 times for 1,763 yards and 15 touchdowns.

Hobo Summer In Europe

Summer Adventure Begins With Exciting Weekend In New York

by NANCY EMIG

My European adventure began at Midway airport where I boarded a plane at 7:30 a.m. June 19 for New York.

Flying time was only 2 hours and 45 minutes to travel 767 miles.

When I mentioned the fact that I was starting a series of articles for my hometown newspaper, the Arlington Hights Herald, the pilot invited me to see the cockpit. He informed me we were flying 285 miles per hour, would consume 1200 gallons of gasoline, weighed 91,423 lbs. airborne, and the temperature outside was 40 degrees farenheit, 75 inside.

* * *

THE VIEW from the cockpit was quite impressive for a novice like myself. I looked down on a sea of clouds that looked like a ribbon of cotton puffs stretching as far as the eye could see. Occasionally miniature towns and farmlands were visible, giving the impression of toy villages.

It was a smooth flight and we landed at LaGuardia airport where I was met by a Mrs. Marinus de Nooyer with whom I stayed in Rutherford, N. J.

A surprise thrill came when I found we were to ride in the Commissioner of Passaic's car to Rutherford—with a police escort yet! We drove under the Holland Tunnel which runs on the bottom of the Hudson river separating New York and New Jersey.

During our trip, Mrs. de Nooyer told me about the time she mended Liberace's pants.

It seems he was living in Minneapolis where he took piano lessons, about 16 years old at the time, and in need of a quick stitch.

Mrs. deNooyer is a very good friend of George Liberace and his wife, and she told him when he became famous to remember the time she mended his britches. He still remembers.

* * *

THE NEXT DAY we spent at "the shore"—Asbury Park—which is considerably cleaner and closer to New York than Atlantic City, but comparable.

There I saw my first bath house, an ancient structure, about 1920 vintage, with hundreds of dressing rooms and no resemblance to a Florida cabana. The water was cold so we worked on a tan, ignoring our goose bumps.

That night, a school friend from the University of Illinois, took me for a drive through New Jersey and Manhattan. We drove down Boulevard East on the New Jersey side and stopped at Ye Old Wagon Wheel for a drink and a wonderful view of the New York skyline. It is everything I had hoped for, and more, with the lights from the buildings glowing so beautifully and adding a spark to the dark of the night and the sky.

On we went, over the George Washington bridge and along Riverside Drive, past the Bronx, around Times Square, past the Latin quarter where Johnnie Ray is now featured and into Grenwich Village where we proceeded on foot down Bleeker st. and around Washington Square. It was 2 a.m. and a misty drizzle definitely added to the atmosphere where men slept in doorways between the many art shops.

* * *

THURSDAY A BUS took me into New York City, the Port of Authority Building and National Student Association office for final check before sailing.

From there I went to Radio City Music Hall—a must for tourists and especially worthwhile.

As you no doubt know, this is the largest theatre in the world, smoking is allowed in the balcony, and they feature the Rockettes on stage.

Time flew and I missed Chinatown and the Empire State Building but did get to Palisades Amusement park that evening. It overlooks the Atlantic Ocean, a smaller Riverview or Coney Island, and we did the usual—rode the roller coaster which was really a thrill, ate cotton candy and tried our luck at games of chance.

Friday, we took the bus and subway to the Brooklyn Navy Yard to visit the S.S. Lake Champlain, in port for repairs. The desk sergeant acted as though we were concealing bombs under our petticoats but, after 2 hours, when we got permission to board we decided to "do" the Battery and Bedloe's Island instead. Bad luck followed us as the new S. S. Saratoga was coming in after a check run and held up boats going to the Statue of Liberty.

* * *

WE TOOK ANOTHER subway into the heart of Manhattan where I went to my first Automat restaurant.

It was fun getting change in nickels and quarters, putting the required amount into slots, turning a knob where the glass window opens for you to take your food. The prices are very reasonable and the people interesting as they range from skid row characters to those in semi-formal dress.

Friday night was probably the most memorable. I met Joe Rubis, at the Sheraton-Astor hotel. He just graduated from the University of Illinois with a Master's degree in electrical engineering and is in New York job-prospecting. We went to see "Witness for the Prosecution" at the Henry Miller theatre. This Agatha Christie melodrama, stars Francis L. Sullivan and Patricia Jessel and has been running on Broadway for 2 years. It was great.

After the show we walked along Fifth avenue to Park where we had a cocktail in Peacock Alley at the Waldorf Astoria. A cab took us to Central Park where we hired a horse-drawn hansom-cab for a ride around the park. It was a beautiful night with a full moon and the clippety-clop of the horses' hoofs on the cement street added to the perfection of the scene. The lighted hotels, the RCA building and the beacon light flashing from the Empire State Building simply added more charm.

When the carriage pulled up at the Plaza Hotel on 58th st., we began walking on the Avenue of the Americas toward the bus terminal on 42nd st.

It was quite an evening and one I'll never forget—and here I am, still in the good old U.S.A. Times Square was strangely quiet at that time in the morning—quiet and peaceful. I was not. Tomorrow, off to Europe! (B10

'Tobacco Road' At Shady Lane Theater

"Tobacco Road" the most discussed play in the history of the American Theatre has been selected as the fifth presentation at the Shady Lane Playhouse July 10 and continues for 6 performances through July 15.

The scene of "Tobacco Road" is the exterior of the Lester farm house, a tumble down shack, and the extremely dusty yard in front of it. The Lesters have for years been going into a sullen decline. Old Grandma Lester can now do no more than grovel wearily in the dust, until she summons the strength to totter out and die in the fields. Her son Jeeter, says he must go out and have a look at her one of these days. This shiftless no-account, does a little stealing now and then, but little else to provide for his family or their worn-out acres.

His wife can summon no higher aspiration than to have a stylish dress to die and be buried in. One of their daughters, though afflicted with a hare-lip, is animal like enough to have no trouble finding a mate. Her sister was forced into marriage at the age of twelve. Another Lester, a raucous callow youth, marries an older, buxom "Lady Preacher" because she promises to buy him a new car.

Shortleaf Pine

Four years after thinning, a shortleaf pine plantation at the Dixon Springs experiment station of the University of Illinois had more than doubled its volume.

Fire Extinguisher

A good fire extinguisher on your truck or tractor may save your small grain crop and a season's work during harvest, says a University of Illinois farm safety specialist.

THE THREE STARS of "Trapeze," Burt Lancaster, Gina Lollobrigida and Tony Curtis, prepare to go aloft to perform their startling aerialist act. "Trapeze," filmed in CinemaScope and color, a Hecht-Lancaster production, opens Friday at the Catlow theatre through United Artists release.

Meet Nutria--Illinois' Strange Animal Newcomer

There's a newcomer to Illinois who few people have ever seen.

The newcomer is Nutria, a South American fur-bearing animal being introduced in the state by 2 enterprising businessmen in downstate Rushville.

They have established a ranch in Rushville known as Cabana Nutria of Illinois for distribution of breeding stock in this area.

The Nutria's coats and neck pieces have been in vogue for generations. But in 1900 the animal was so close to extinction that the South American government established a ranch known as Cabana Nutria Blanca to domesticate them.

* * *

SINCE THEN it has been meticulously culled until today the animal is far superior to its ancestor.

The animal in its native haunts weighs 8 to 10 pounds but through strict registration and culling of litters the ranch-raised Nutria now weighs 20 or 30 pounds and the pelts have more density.

The animal is a prolific breeder farrowing from 4 to 8 kits per litter and averages 5 litters in 2 years and is full grown at one year of age.

It is lovable and easily tamed. The young are born with their eyes open and go swimming the second date after birth.

* * *

NUTRIA'S STANDARD color is brown but some are white, black and golden. They possess an oddity of features such as: head like a beaver, large orange tusks, whiskers like a walrus, front feet like a monkey, and webbed back feet.

It has a long round tail used in swimming and balancing as he sits up to eat or bathe.

They have no odors nor diseases and on occasion, when happy, moan like a human in pain or cry like a baby.

The animals will be exhibited at the state and county fairs this summer. (B-7

Chicago's 6-County Area Is Nation's Most Complex

The Chicago metropolitan area has probably the nation's most complex local government, according to the Federal Reserve bank.

Right now, over 6 million people live in the 6-county area. They are served by 960 separate units of government which spend close to a billion dollars annually.

* * *

CHICAGOANS pay taxes to at least 6 local governmental agencies: county, city, school board, sanitary district, park district and forest preserve district.

Over 400 separate school districts provide primary and secondary schooling for 900,000 pupils at a cost of nearly $350 million a year, while an additional 350,000 parochial students are educated at no public expense.

Six counties, 108 townships, nearly 200 cities and villages, and park districts in Chicagoland have something to do with building and maintaining roads and streets. Cost: $100 million a year.

* * *

WATER AND sanitation add another $100 million to government costs. Nearly all the cities and villages distribute water — over 1.2 billion gallons are pumped daily.

About 200 municipal, park district and county police forces serve the area.

Most, but not all, of the region is served by municipal fire departments and special fire protection units. Police protection costs about $65 million annually, fire protection about half as much. (B-10

Hi-fi enthusiasts welcome summer because of the many opportunities to make their own permanent tape recordings from Europe's many summer music festivals are projected on short-wave bands, and the music-lover with a receiver like the National NC-88 can, by attaching his tape recorder via the phono jack, transcribe memorable operatic and concert programs. In taping, be sure to preserve the life and sonic quality of your recordings by using a mylarbase tape, which resists tension and physical stresses including humidity. Our own test and demonstration work is made on LR Audiotape, 1800 feet to a 7-inch reel which gives over three hours of recording time at 3¾ inches per second, dual track In playing back your tape albums, connect an external speaker to the recorder and you'll take professional pride in the realistic sound!

VICTOR has some delightful summery lps for your entertainment. The Ames Brothers, one of the best vocal quartets in the business, have waxed a 12-incher "Exactly Like You" with Joe Reisman and his orchestra. These boys sing with good diction and feeling, have excellent musical taste. The title song starts off in great style, and then there's "I Hadn't Anyone Till You," "When My Sugar Walks Down the Street," "I Only Have Eyes for You," "You Were Meant for Me," "You and I" and "The Very Thought of You," to name only some of the standouts. A good romantic mood for background listening, we'd say! And superb sound.

Don't miss Victor's "Cuban Carnival," a 12-inch waxing by Tito Puente and his ensemble, an outstanding treat in Afro-Cuban and Latin-American styling. Tito plays piano, sax, bongo drums, vibes and timbales, and also composes, as eight of his own tunes are included. Small, medium and large combos are used. Numbers include such pulse-stirring rhythm giveouts as "Happy Cha-Cha-Cha," "Mambo Buda," "Cuban Fantasy" and "Que Sera." "Gorgeous life-like sound for you hi-fi addicts!

Marine 2nd Lt. James M. Adkins has been awarded a swimming trophy at the marine corps base, Camp Lejeune, N. C. His regimental commander, Col. Merritt Adelman, made the presentation June 1.

Second Lt. Adkins is the son of Mr. and Mrs. Virgil S. Adkins of 513 S. I-Oka st., Mt. Prospect.

He was awarded the trophy for swimming the 50-yard dash and the breaststroke which aided the battalion in taking first place in a regimental competition.

Second Lt. Adkins is a member of F company, 2nd battalion, 10th marine regiment, 2nd marine division at Camp Lejeune.

Before entering the service in June 1955, he graduated from the University of Texas. (WUS

In Korea

Army Capt. Glenn M. Ebaugh, whose wife, Roberta, lives at 303 Yale, Arlington Heights, recently arrived in Korea and is now a member of the 24th infantry division.

Captain Ebaugh, an aviation officer in the division's combat aviation company, entered the army in May 1949. He was last stationed at the army intelligence center in Baltimore.

Captain Ebaugh, son of Mrs. Doroary H. Ebaugh, 35 Woodcrest, La Due, Mo., is a former student at Illinois college in Jacksonville. (WUS

With Marine Group

Marine sergeant Michael P. Casella of the Evanston marine corps recruiting office has announced that young men from Arlington Heights and vicinity have two weeks in which to apply for enlistment in the marines with the North Shore platoon. The special group will leave for San Diego, Cal. July 26.

All young men 17 to 28 interested in enlisting with their friends for 2 years should contact Sergeant Casella at the marine corps recruiting office located in the Evanston post office building or call University 9-9709 for more information. (WUS

'East Lynn' At Melodrama Theater

An entirely new approach in summer tent theater will be presented in Glenview when the new Melodrama Theater opens it's first season next Thursday, July 12, with "EAST LYNNE" together with a curtain-raiser "THE MAN WITH THE GOLDEN LEG" a dance satire.

Melodrama Theater is located at the corner of West Lake avenue and Waukegan road in Glenview.

Hoover, Ty Cobb, Henry Ford Now In The Navy

Herbert Hoover, Ty Cobb, Henry Ford and "Rocky" Marciano have forsaken their civilian occupations for the lives of sailors aboard the attack aircraft carrier USS Randolph.

In addition, Phil Harris, Wayne Morris, George Murphy and Robert Ryan are wielding swabs and standing watches aboard the Randolph instead of starring in motion pictures.

All of the people mentioned are sailors with names similar to those of the more famous and better paid civilian personalities.

* * *

HERBERT C. Hoover, a gunner's mate third class from Pittston, Pa., will probably never become president, but he does a fine job in the ship's gunnery department.

Tyrus R. Cobb of Dallas, Tex., never achieved a batting average of .367, but he's happy as an airman aboard the Randolph.

As a commissaryman first class, Henry W. Ford of Franklin, Tenn., will never make a million dollars, but his talents in the ship's galley are appreciated by the crew.

And "Rocky" Marciano, really Joseph P. Marciano of Baltimore, Md., is a good man to have around the Randolph's operations department even though he's not likely to win the world's heavy-weight boxing championship. (WUS

First Of New Double Deck Coaches Delivered To RR

The first in a series of 32 new double-deck air-conditioned suburban coaches has been delivered to the Chicago and North Western railway with the remainder of the coaches scheduled for delivery at the rate of 2 to 3 every week.

The new "Superbanite" coaches are generally similar in exterior appearance to 16 double-deck coaches which have been in suburban service for the past year.

Principal changes have been made on interiors which are roomier, have more luggage space and wider seats designed for more comfort. The new cars also have a seating capacity of 161 per car as compared to 169 per car in the original "Superbanite" fleet.

* * *

ACCORDING to C. C. Shannon, general manager of the North Western, the new double-deckers will go into suburban service immediately after routine test runs are made on each car. Delivery of the new equipment is expected to be completed early in September.

The 32 new coaches and the 16 acquired by the railroad last year represent an investment of approximately $6,800,000. With their high seating capacity, the 48 cars will simultaneously accommodate more than 7,800 commuters, equivalent to the seating capacity of about 100 conventional coaches.

To Exhibit Art At Ravinia Park

Ravinia Park — the home of the Ravinia festival — will be open free to the public Sunday, July 15 as a salute to Chicagoland artists.

From 11 a.m. to 9 p.m. there will be a varied program offered amidst beautiful and artistic surroundings as well as an opportunity to picnic on acres of green lawns or dine in the gaily decorated Carousel.

An exhibition of painting and sculpture by 25 of Chicagoland's outstanding artists will be presented in the newly created Casino Gallery. Classical music of high fidelity recordings, with intervals of dance music, will provide a melodious background.

The art exhibit — an innovation of the 1956 Ravinia festival season — will continue through Sunday, August 5.

Among the exhibiting artists is Martyle, Roselle. (Bill

Grant Park Concerts

Grant Park concerts of the fourth week offer varied and interesting music under the direction of resident conductor, Nicolai Malko, and Julius Rudel of the New York City Opera company.

The Wednesday, July 18, program, conducted by Mr. Malko, opens with "Bourree Fantasque" by Chabrier and continues with Symphony No. 1 by Kalinnikoff and "Euryanthe" overture by Weber.

The concert of Friday, July 20, will bring you Beethoven's "Egmont" overture and Symphony No. 5 in C minor.

The Wednesday and Friday concerts will be the last concerts of the season under the direction of Nicolai Malko, distinguished conductor who returns to Europe each winter to repeat his outstanding successes as guest conductor in the music capitals of many countries.

Even Youngsters Can Help With Those Family Picnics

Picnics truly become family events when everyone has a part — even your 4-year-old child.

Virginia Guthrie, home management instructor at the University of Illinois, suggests that you begin your family picnic with accurate planning.

Probably nothing is more annoying than going on a picnic and finding that you have forgotten some essential items, says Miss Guthrie.

* * *

YOU CAN avoid this by making a list of things to take. Miss Guthrie suggests that one person make a detailed list of both food items and equipment if food is to be prepared at the picnic site.

After you make the list, let each person be responsible for certain items. As he puts them into the car or basket, he can check them off the list. This plan will avoid confusion and prevent getting 2 of one thing and none of another.

How can your 4-year-old help? He can take charge of such items as the napkins and salt and pepper shakers. This will give him a feeling of belonging and a sense of responsibility.

When you use the check list system of planning a picnic, each person will have a part in the activity, and there should be no extra burden on 1 person. (DL

Famed Suburban Garden To Be Open To Public

Chicago area gardeners will converge this weekend on Western Springs to visit one of the midwest's most interesting and complete home gardens.

Saturday and Sunday the woman's board of the Chicago Horticultural society will conduct a Garden Institute at the home of Mrs. Rose Vasumpaur, 4138 Garden ave., Western Springs.

* * *

PURPOSE of the event is to emphasize how one may have a garden of beautiful flowers during the heat of summertime when spring and earlier blooming plants have finished their contribution.

Hours for visiting Mrs. Vasumpaur's famous garden will be 11 a.m. to 4 p.m. and the tour is open to the public. (B7

IN THE SHADOW OF THE STEEPLE

Tells A Tale Of Religious Union

by William McGill

In recent weeks, we have read reports on the discussions of the proposed unions of various denominations.

There is the Presbyterian church in the U.S.A. and the United Presbyterian church, the Congregational Christian churches and the Evangelical and Reformed church, and the possibility of some groups merging with the United Lutheran church.

Some of the discussions remind me of my favorite story about church unions.

It happened in Scotland during the debate in the Free church over reunion with the Church of Scotland. A distinguished professor of church history in one of the colleges had finished a brilliant address summing up all of the arguments from history as to why this union should not be consummated.

* * *

AN OLD gentleman who had once served as Moderator of the church asked for the floor. He started to tell the story of a farmer who had driven his donkey cart to Aberdeen to the market. On the way to Aberdeen, they had to cross a river by means of a ford. But there had been a sudden spring rain, and the freshet roaring down the channel caught the donkey squarely.

Donkey, cart and farmer all were turned head over heels. They came out, wet and frightened, several yards farther down the stream.

Members of the General Assembly of the Free church were taken aback at the trend of the remarks. But custom required that a former Moderator, however old and doddering and wandering in his speech, should be treated with respect. They could take a moment to be courteous before getting back to the serious business of turning down the proposal for reunion.

* * *

SOME MONTHS later, the old gentleman went on, the farmer again took his donkey and cart to Aberdeen. It was now the middle of a dry summer and the same stream was barely more than a thin trickle. But the donkey balked at the edge of the stream. He would not move.

The farmer got down from the cart and spoke to his donkey. "JACKASS!" and her the old man's finger was almost casually pointed at the distinguished professor of church history, "YOUR MEMORY IS BETTER THAN YOUR JUDGMENT!"

When the vote was called the decision of the Free church was unanimous to re-unite with the Church of Scotland. (B10

Feed Trees That Are Wearing Second Leaf Crop

Some trees now are operating on "emergency" rations. This is the food woody plants have stored away to draw on when needed.

In many sections of the country, severe frosts hit half-unfolded, tender foliage this spring. Now chances are trees that lost their first leaves are growing or already have grown a second crop.

Because of the replacement greenery, home owners may be unaware their trees can use a helping of extra vitamins to ease the drain on food reserves. O. L. Follin, field representative of the Davey Tree Expert Co., advises the best way to reestablish growing vigor is to see that trees get adequate helpings of food high in nitrogen content.

Feeding trees showing their second foliage garb is doubly important since they are open to attack by leaf-eating insects. Loss of this second leaf crop could seriously weaken tree friends.

Leaves are the trees' food manufacturing factories and tree men recommend feeding as the only proved method for countering foliage loss, whether from frost, insect attack or disease. (DL

HOME OWNERS' QUESTION BOX

Q — I'm planning to pour concrete steps. What's an easy way to be sure the concrete cures properly?

A — For full strength, concrete poured should be kept damp as it hardens. One way to do this is to cover the concrete with burlap after it has set for a day, then keep the burlap damp with a garden hose. Concrete never should be poured when the temperature is below freezing.

* * *

Q. — WHAT SHOULD be done to a furnace during the summer to get it ready for the next heating season?

A — Here's a check list recommended by a heating and air conditioning manufacturer, the Coleman Company; Clean or replace the air filter (replacement is better), vacuum-clean the burner if gas is the fuel you use, and oil the fan bearing assemblies and the fan motor according to the manufacturer's instructions. In addition, call in a service man to make a routine check. Inspection and regulation of the controls and the burner are part of the job he'll do.

* * *

Q — I WANT TO build on a pier foundation. How far apart should the piers be?

A — Piers should be about six to eight feet apart around the perimeter of the building. If they are placed much farther apart, the floor will not have proper support and may have an objectional amount of bounce.

cutting holes in rock or masonry?

Q — Is there a simple tool for

A — A star drill will do the job. It is held in one hand and tapped with a hammer. The drill is revolved slightly after each tap.

Q — Can I solder two pieces of aluminum together?

A — Use special aluminum solder. Roughen both pieces of metal with emery cloth or a wire brush.

* * *

Q — THE WALLS of my house are brick veneer. I'd like to insulate the walls, but is there any way to get the insulation behind the brick?

A — A few individual bricks would be removed and holes drilled in the sheathing to permit insertion of a hose to blow mineral wool into the walls. When the blowing is finished the hole is sealed and the bricks are carefully replaced. There are similar techniques for insulating walls of all types, including stone veneer, clapboard and shingle. There's a way to insulate any hollow wall with mineral wool. (DL

Executive Assistant

Paul C. Green, C.L.U., of 300 School lane, Prospect Heights, has been promoted to executive assistant for the Continental Assurance company. In his new position, Mr. Green will assist Continental's president, Howard C. Reeder, on special assignments and will generally assist Robert B. Hamor, vice president and director of agencies.

After joining Continental in 1948, Mr. Green had varied experience as group sales and service representative, agency assistant, agency secretary, assistant superintendent of agencies, and most recently as superintendent of agencies.

He received his bachelor's degree from the University of Nebraska and his master's degree from the Harvard business school. In 1952 he was awarded his C.L.U. designation and currently is vice chairman of the educational committee for the Chicago C.L.U. chapter. He is a member of the committees on relations with universities and agency costs of the life insurance agency management association. (BB

Shell Game To Boost Oil Sales

A $500,000 contest aimed at improving service station operations and boosting the sales volume has been launched by Shell Oil company for its service station dealers throughout the nation.

Described by the company as the "biggest, most exciting contest ever held in the service station business," the Shell all-star sweepstakes will run for a period of 1 year, ending May 31, 1957.

More than 10,000 awards in the form of nationally known merchandise at a total value of $500,000 will be distributed. Awards will be made at the end of each quarter and at the end of the contest. As the highest recognition, each Shell marketing division will select a Shell station retailer of the year.

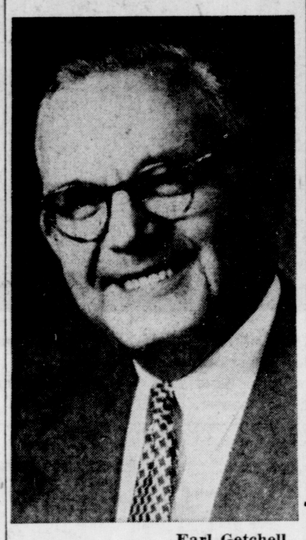
30 Years Service



Earl Getchell

Earl Getchell, 13 S. William st., Mt. Prospect, celebrated the completion of 30 consecutive years of engineering service with Commonwealth Edison company July 1. Senior engineer in the transmission engineering department since 1955, he formerly worked in distribution, field and plant engineering departments as well as line installation and line design departments.

A native of Minneapolis, Mr. Getchell received a degree in electrical engineering from the University of Minnesota in 1926. He is treasurer and past master of William B. Warren lodge, A.F. & A.M., and a member of Medinah Temple, A.A.O.N.M.S. During World War I he served overseas with the Rainbow Division and he is a member of Commonwealth Edison Post of the American Legion. He has been active in Boy Scout work at Calvary Lutheran church and Howell Neighborhood House in Chicago.

Gardening and landscaping are Mr. Getchell's favorite hobbies and he has lived in his Mt. Prospect home for 3 years. Previously he lived on Chicago's northwest side for 27 years. He and Mrs. Getchell will celebrate their 29th wedding anniversary next month. (BB

F. J. Robinson Completes 30 Years With Bell

Frank J. Robinson, 511 S. Emerson st., Mt. Prospect, celebrated 30 years of service with the Illinois Bell Telephone Co. on July 6. Robinson now holds the position of supervising engineer in the transmission department in Chicago.

Robinson resides with his wife, Grace L., and is the father of 2 children, Bonnie and Richard.

He is currently a member of the American Institute of Electrical Engineers and a Mason.

* * *

GRADUATED from Purdue university with a Bachelor of Science degree in electrical engineering, Robinson became employed with Illinois Bell in 1926 and has held several positions with the company. Prior to his present position, he was an engineer in the transmission department and before that the wire chief in Gary, Ind.

For his leisure time activities Robinson enjoys gardening and reading. (BB

Junction

There is only one point in the United States where four states join. Those states are Utah, Colorado, Arizona and New Mexico.

41 Years Service

Arnold R. Hatch

Arnold R. Hatch, 214 S. Elmhurst ave., Mt. Prospect, retired July 1 from Commonwealth Edison Company after more than 41 consecutive years of service. He started in 1914 as an apprentice substation operator and in 1917 was made a chief operator. In 1923 he transferred to the engineering department as a draftsman and since 1954 was a designer in the drafting department.

Member of the Arlington Heights Masonic lodge, Mr. Hatch is an adult Bible class teacher in the Baptist church. Fishing, gardening and photography are favorite hobbies and he played the flute with the former Edison Symphony orchestra. He is an honorary executive board member of the Boy Scouts council.

Married 43 years, Mr. Hatch and his wife, Ebba, have lived in Mt. Prospect 15 years and previously in Chicago. They have 5 married children, Robert, Stanton, Melvin, Norman and Mrs. Margaret Beahler. Robert works in Edison's service and meter department and Ted Beahler, who is married to Margaret, is in the painting department of Edison's central service building. The Hatches also have 9 grandchildren. They both came from Eau Claire, Wis., and plan to build a home and live there in the future. Their son, Norman, and other relatives live in Eau Claire.

"Our Aim: To Fear God, Tell The Truth, and Make Money," — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

50 Years Ago

July 13, 1906

The editor of the Herald is conscientious and honest. His editorial opinions are not for sale at any price. Anybody can secure a fair deal from us. If you know of reforms needed or public abuses that need righting, we will take our share of responsibility.

Some people kick about automobiles, but forget that an open umbrella or a dog are worse to frighten horses. Train your teams by gentle treatment and they will not be easily scared.

Camp 20-Wheeling Station — Charles Behlendorf got tired of batching; he—didn't get married, but hired a housekeeper.

Palatine now has four large department stores each with a full line of seasonable goods for which they court your patronage. A lively competition makes this a good place to get bargains.

Itasca's celebration on the Fourth consisted of a ball game in the afternoon and fire works on the school hill was the only excitement here. Nearly everybody went to Wooddale or Roselle.

Bensenville — Postmaster Elfring and a party of land seekers will start on a landseekers excursion to South Dakota, July 17. You better go along and see that beautiful country and land which South Dakota has to offer. Excursion rates, one fare plus $2 for round trip. All of the fare will be allowed if you buy land.

Diekeville — E. H. Deike, popular merchant and creamery man donated $5 to the new church; may the Lord bless him in his business.

"Pe-ru-na strengthens the entire system, says Mr. Charles Sauer, I was induced to try Peruna, and after taking several bottles in small doses I am pleased to say that I was entirely restored to my normal condition and have ever since recommended the use of Peruna to my friends."

A party of 13 went to Fort Sheridan, Sunday to see the sights at the Fort and along the Lake shore; they say Sheridan drive is like a boulevard. They met automobiles at the rate of 100 in an hour.

Bloomingdale — Little Bill took Nora out riding. It is fun to see him spit whenever he talks with her. He says he is more struck on the money than the girl. Look out, boys, Bill thinks he is the man with his 16-year-old spooner.

40 Years Ago

July 14, 1916

Our usually quiet village was startled Thursday morning to find that real burglars had gained entrance to Arlington Garage during the night, found his machinist tools, drilled the door of his safe, shattered it with a charge of nitoglycerine and stolen the contents, over $25 in money and all his valuable papers kept therein. The thieves must have been familiar with the town and knew that we had no night watchman. They had probably watched L. W. Roehler making change and knowing that he sells many automobiles, thought they would make a big haul from his safe. The thieves evidently had prowled about the shop and knew where to lay their hands on the auto drill which was found next day across the street. The three safe drawers and many papers were scattered about E. Greenberg's outhouse where the theives probably sorted over their plunder. There is no clue to the culprists. We don't believe any citizen would be so bold and can't make a plausible guess but NOW COMES THE MORAL.

Our citizens and property ought to be protected by two or more police on duty all night, especially while so many strangers are in town.

The Lincoln Chautauqua at Barrington opened Wednesday with a lecture by Rufus King, who spoke at both sessions to large audiences. This big six-day entertainment feature promises to be of wonderful influence for good in the community.

In behalf of a hundred mothers of the village of Palatine, the Enterprise wants to register a protect against the practice of some parents of allowing their children afflicted with whooping cough to roam the streets. To show that the Enterprise is sincere in its remonstrance, we will publish next week a list of all children who are sick and are being allowed the freedom of the streets.

Being the 70th anniversary of her birthday, Grandma Busse, nee Kirchhoff, held a family reunion at the school grounds Sunday. In good health, strong and spry for her age, she enjoyed the presence of 6 sons, 3 daughters, 47 grandchildren, 16 great grandchildren and with those married in the family, there were 89. All are of Lutheran faith and live within a radius of 15 miles.

The people of Mt. Prospect have their own quiet yet jolly way of doing and celebrating things. On the Fourth the Frauenverein gave a picnic at the public school grounds. Although the financial side was not lost sight of, there was no barking nor molesting. The children sang the songs, gave recitations, the choir too gave some good songs and selections, while the band rendered music at intervals. The parade was small but unique with old time horse back riding. The affair was pleasant all the way and marred by nothing.

L. C. Busse and family moved into their new house last week. His new greenhouse is generally conceded to be the best put-up in the country.

The story you have all been waiting for, "The Auction Block" by Rex Beach, a vivid tale of a girl who bought her own redemption, will be our new serial. Watch for the first installment!

The enthusiasm of the Methodists of Arlington Heights in entering into a building program is indicated by the fact that the first money asked for to defray preliminary expenses, was quickly oversubscribed last Sunday. The tentative plans are to use all of the present building as a community house to be dovoted exclusively to Sunday School work. The building committee's biggest problem is to determine how to get the new church auditorium on the corner without spending too much money in moving the present building.

Besides being a top notch town in many other ways, Arlington Heights is the cherry orchard center. This year cherries have been a good crop, and reasonably priced. It used to be the Klehms, Mr. Fairchild, Mr. Pfluger and Mr. Burkitt were the largest producers. Time was when Mr. Burkitt was dubbed the cherry king. But other orchards are now producing large quantites of the favorite summer fruit. The Schnebergers have a fine orchard and there was quite a cherry orchard on the Chapman place, now Mr. J. G. Beaty's home.

The marriage of Miss Anna Meyer, daughter of Mr. and Mrs. J. H. Meyer Palatine, and Mr. John Oltrogge, Arlington Heights was soleminized June 26.

The greatest crowd which ever witnessed a horse race in the Chicago area crowded every available inch of Arlington Park on July 4th when over 42,000 people poured through the turnstiles.

Arlington Heights is probably the only town of 5,000 inhabitants in Cook county without a bank, but there are a lot of business men and public spirited men who are getting behind the bank movement that has been started by the Lions club. It has reached a stage where the bank itself is almost ready to be dumped into the lap of Arlington Heights.

The voters of all township organizations in Cook county must authorize a special tax of thirty cents for relief purposes some time this month, or there will be no state relief money available after Sept. 1.

Supervisor Chas. Grandt and Howard Helm, town clerk, have been doing everything possible to find, some means by which relief orders can be released to local families upon the relief roll.

Supervisor Grandt is aware of the great need for relief that exists but at the present time has no funds for that purpose and he has no legal right until after the town meeting of next Tuesday to issue any orders.

"The First Commandment" to be staged July 21 and 22. A most unusual and sensational event is scheduled for Palatine. It is something new and different and cannot be compared with anything that has ever been produced in the past. Many prominent citizens of Palatine are cast in important Biblical roles. Marvin Plate, well-known juvenile actor, has been chosen in the role of Joseph. Mr. Roy LaLonde will portray the Pharaoh of Joseph's time and John Mangels will play the Pharaoh of Moses' time.

The people of Arlington and Palatine are helping the Barrington pool show a profit again this year.

It was so hot in Mt. Prospect Wednesday that Albert Busse pulled in the remaining thermometer, the other having gone up in smoke as it only registered 120. At the same hour the temperature in Arlington Heights was 102 (without any sun rays.).

Arlington Heights is a step nearer to a government owned postoffice building. C. A. Hughes, chairman of the postoffice committee, has received a letter from Congressman Link that Arlington Heights has first priority on any postoffices to be built in Illinois.

Arlington Heights 1946 July 4 celebration is history and it is pleasant history. The possible financial returns were secondary in the minds of the general committee, but the gross receipts passed the $10,000 mark.

The big holiday week at Arlington Park saw records fall like Autumn leaves. Attendance and mutuel records went by the wayside and while the public was hanging up new records the horses, too, were doing their part.

The great demand today for locker service is evidenced by the success that has been attained by, the Palatine Locker Service, Chicago avenue, which opened its doors June 21. All of the 480 lockers were rented prior to its opening and there is a waiting list of sixty.

The people of Mt. Prospect placed their ok on the proposed municipal building Wednesday when by a vote of 229 to 13 the $145,000 bond issue was approved.

Something new has been added to next Wednesday night's Town Mettin' in Prospect Heights. It's the Improvement Association's eighth birthday and the tribute will be paid to the founders and officers of earlier days.

THE GREAT LAKES NAVAL TRAINING center band was in Arlington Heights and Mt. Prospect last week to participate in the parade celebrating the Fourth of July. The largest official Navy band in the midwest is composed entirely of Bluejackets who are trained Navy musicians. About half of the 60-member band are World War II veterans and career Navy men. Others have served in the Korean war. Warrant Officer John H. Norris is bandmaster. Chief Petty Officer De Moss directed the bands in both parades.

LAST WEEK'S HEADLINES

Resume of front page news that appeared in various editions of Paddock Publications and other newspapers of the area that will keep readers informed on headline news of their neighbors.

ARLINGTON HEIGHTS

Residents of Arlington Crest and other areas which seceded from Rolling Meadows will form their own park district. They have filed a petition for a special election August 3 to form the Salt Creek Rural Park district.

Last weekend for the fourth weekend in a row residents of Wilson school district picketed model homes along Palatine rd. They are attempting to force a subdivider to donate land or money to the school. The builder wants to put up 575 homes in the school district.

MT. PROSPECT

More than 120 Elk Grove township farmers and home owners are involved in a suit filed recently in Circuit court. The legal action, which came as a surprise to many property owners last week when they were served with subpeonas, is designed to declare invalid a restrictive covenant requiring minimum lot sizes of 30,000 sq. ft. and limiting ownership and possession to members of the Caucasian race.

Boos, applause and frequent shouting matches marked a recent meeting on a proposal to incorporate 4 square miles of Elk Grove township as a city. Chief opposition came from farmers along Tonne rd. who objected to inclusion of their farms in the proposed city.

PALATINE

A new plan to solve the village's parking problem was outlined to the board last week. It calls for diagonal parking on both sides of Greeley and Bothwell sts., with retention of trees in the parkways. Curbs will be cut back between tees.

DES PLAINES

Des Plaines has the first confirmed case of Dutch Elm disease in the northwest suburbs. Tests conducted by the University of Illinois showed definite infestation. The tree was cut down and burned.

Benefit

The Women's Auxiliary, United Charities of Chicago, wishes to thank you and the members of your staff for your cooperation in publicizing our third annual benefit, the Riverview Ramble.

Without your help in bringing the work of our agency and the benefit to the attention of the public, the Ramble would not have been the success it was.

Everyone had a wonderful evening of fun at Riverview Park, and we are turning over nearly twenty thousand dollars to the agency for its work in helping families. We certainly appreciate your help with our 1956 Ramble.

Crusade

The recent Cancer Crusade is now history.

I am sure that everyone who worked in the interest of his great cause has an exceptionally warm feeling regarding it. I know that we think, many times, about those less fortunate during certain times of the year. Yet a drive such as the Cancer Crusade gives us all a real opportunity to specifically help those who need it.

* * *

THE CANCER Crusade, like most drives of this nature, must be brought to the attention of the people through publicity gained from newspapers, radio, billboards, etc. No matter how important the cause, if it is not publicized it will fail. I wish to thank you sincerely for the wonderful job that you did in bringing this Cancer Crusade message dramatically and directly to the many thousands in the Chicagoland area who gave.

I sincerely hope that the good which you have done comes back to you many times during the year. I know that those benefited will have a silent prayer for all of us who helped.

Yours very truly,
David F. Leahy, Chairman

Astonished

I read with interest (not unmixed with astonishment) your front page account of the upcoming Democrats' "Stevenson for President" dinner in Mount Prospect.

This was surprising to me because I happened to examine several other weekly papers in this area — and in 2 of them the story was buried deep within the paper, and in the third it was omitted entirely.

Which all goes to prove that Paddock's are broad-minded — and not afraid to publish news offensive to the sensitive political eyes of "Brink of Health" Eisenhower's suburban devotees.

Sales Tax

June 21, 1956

Mayor Olsen:

In reading the front page of the Palatine Enterprise, we, the undersigned, have come to the conclusion that the Palatine Chamber of Commerce is wrong in expecting to dominate the sales tax, including parking meter funds. These funds are paid by the people and should go back to the people, as far as improving the condition of the neighborhood streets, lighting and drainage, etc.

Businessmen on the highway have to pay for parking areas in their monthly rent. The only fair thing to do is for all the business people involved get together, raise money between themselves, purchase a lot, pay taxes as well as maintenance on this lot for the convenience of their customers.

We can't see where the Palatine Chamber of Commerce gets the idea the town should foot their bills.

Mr. Mayor, please give due consideration to the people that can't venture out of their homes after dark, because there's no street lights, on top of this, the streets are quite bad. No street lights to help you, a broken axle can result or a broken ankle or leg. We thank you.

Why Not?

It looks to me that Elk Grove is being tossed up for grabs — one section to become a village, another section a city, and the Man's Land," the present status area along route 58 a bit of "No of which is being threatened by a large development.

I don't like the idea of forming a new city, a new village or new development. There is a lot more to the formation of a new municipality than meets the eye. They say you don't have to have all the frills (police, city water, sewer, streets, etc.), but once a municipality is formed, all those things are certain to follow, as new residents demand all of the civic improvements in the country to which they were accustomed when residents of Chicago.

Frankly, I think the best bet for Busse Country Estates would be to get annexed to Mt. Prospect. Here's why!

1. They already have a village government.
2. They already have an established police and fire department.
3. They are connected with Chicago sanitary sewers and eliminating possible sewer problems.
4. Water, too, could be worked out easily if present wells go dry.
5. The area is outside Mt. Prospect grade school district. Its residents would continue to support Elk Grove school.
6. Taxes may be a bit higher, but at least residents of the Country Estates can estimate what the additional cost may be. With a new city or village, they would be walking down a blind alley.

Of course, the land to be annexed must at some point, be adjacent to property in the village. If the whole area is annexed, it could probably meet this requirement somewhere along the golf course.

I no longer live in Palatine but for 9 years heard complaints about the commuter segment of the town's population.

Your recent editorial column mentioned the patience of the housewives with the problem of the commuters' parked cars.

The patience of the merchants in ringing the commuter's dollars through their cash registers should also be noted.

Thoughtless

I was delighted to read the letter sent to you by "A Resident."

We, too have such a thoughtless neighbor who burns leaves as close as possible to our bushes. Needless to say, the bushes look pretty bad from the heat and flames.

We have spoken to our neighbor about this, but to no avail. If there isn't a law now, there certainly should be one for those who destroy others' property.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

The world is full of opinions, but there is a sad dearth of convictions, at least among the common people such as you and me. And there is a vast difference between an opinion and a conviction. A man will defend his convictions with vigor and determination, because he knows, as far as he is able to know, that they are right. He is sure; but if he has only opinions, there is an undercurrent of unconfidence that makes his defense weak, and he is as likely as not to accept the opinions of another person who is fluent and convincing in his talk.

There is a difference of opinion in the world about religious faith, but today, there is precious little conviction. We acquiesce readily to the opinions of others, because we lack conviction as to our own faith. We say, "we are all on the right track," when we know that where there is a difference of rewrong. We do so because we lack wrong. We do so because we lack conviction.

THERE IS a difference of opinion regarding morals, and very little of conviction. As long as there are only opinions, these differences will remain. Only where there is strong conviction about moral principles will there be strong morals; and as long as we ascribe to the "live and let live" opinion, there will be no improvement in them.

A nation could never be successful if its leaders had only opinions to guide them. Only men and women with strong convictions reach the top in any society. America became great because its leaders achieved the conviction that "all men are created equal" before the law, and with regard to "Life, Liberty and the Pursuit of Happiness." They believed that, and held to their belief until they had established a nation founded on that conviction.

AN INDIVIDUAL who has no convictions, but only opinions, will never do well in any walk of life. From birth to death, he will be confused, lack a sense of direction, and soon lose hope. When that point is reached, he is commonplace. (G

JUST AROUND THE CORNER

from Patty McArdle

Dear Peg:

It's surprising how quickly you forget what to expect in an infant's development, as soon as your "infant" starts growing up. Having had no baby around the house since Bridget, Patrick really seems like a first baby and I'm compelled to read and learn about babies all over again. One of the things about "Paddy" that was bothering me the most, until I read about it again, was the seeming lack of control he showed over his eyes.

Until about two weeks ago, when for the first time he seemed to actually perceive people and his surroundings, his eyes would roll, cross, and sometimes stare vacantly in such a fashion as to lead the uninformed person to believe that surely there was something wrong with the child. Of course, I knew that a baby has little control over his eyes when he is born and during the first couple of weeks, but, in true mother-like fashion, I felt that by the time he was three or four weeks old our son would surely have acquired a more intelligent appearance.

* * *

I RECALLED READING, sometime ago, in what I refer to as my "Dr. Spock's companion," what to expect in an infant's growth and development. According to Doctors Arnold Gesell and Frances Ilg, in their book "Infant and Child in the Culture of Today": "The eyes of a new born baby are apt to rove around both in the presence and the absence of a stimulus. After several days or even hours the baby is able to immobilize the eyeballs for brief periods. Later, he stares at surroundings for long periods.

When he is four weeks old, we may dangle a ring (4 inch red embroidery ring) in the line of his near vision: he regards it. We move the ring slowly across his field of vision: he 'follows' it with his eyes through an arc of 90 degrees . . . by 8 weeks he likes to follow movement and enjoys seeing people move about the room . . . at 12 weeks the baby's eyes can follow the ring past middle, through an arc of 180 degrees. If during the first few months the head prefers the horizon or side position, it is for good developmental reasons. This position enables the baby to catch glimpses of his hand, for he often holds his arm extended toward the same side to which his head is directed, the other arm being flexed at the shoulder."

* * *

AFTER READING about the development of a baby's eyes (and satisfying myself that all was in order), I became fascinated with what the chapter had to say about the other aspects of the one month old. He usually wakes up crying, and although he may stop momentarily while being changed, will continue until fed. By the time he is four weeks old, he has cut down his feedings to five or six, taking in somewhere between 32-36 ounces in 24 hours. He enjoys his bath but doesn't like to be dressed or undressed, therefore clothing should be simple as possible and not the type that pulls over his head. He enjoys artificial light, but has a violent negative reaction to sunlight. If he cries in the evening—which is his way of asking for social stimulation—he quiets if picked up and held. Although unconventional, this is a good time for his bath. In fact, you may find that he will enjoy it at this time when he disliked it intensely in the morning.

Patrick is now seven weeks old and I can tell you one wonderful development you can expect from your baby at this age—a beautiful, heart-warming smile that says without any doubt, "I know you—you're my Mom!"

My love,
Patty.

QUITE CONTRARY

BY MARY

There is at present a gentleman in the Mt. Prospect-Arlington area who is bitter. He is bitter and he may give up that good old game of golf. Last Sunday's experience is enough to make the most patient soul gasp for breath.

Last Sunday the golf league that the master of the household belongs to held a two ball, well not exactly a two ball, it was more like a three ball, well there were actually more balls than that. It goes like this.

* * *

ALL THESE MEN who play golf all the time together decided to get the little women out on the course for what is supposed to be a good time. Get the babes into the fresh air, get them interested, and it will all be such gay good fun.

This is a fine idea except that most of us little women have either never popped at a golf ball or have whacked at it very seldom. The idea is for each man to draw a woman out of a hat—her name that is— and together they will go nine holes both hitting the same ball. This, I have discovered, can be demoralizing to the extreme.

* * *

IT ALL STARTED out in high good humor. Everyone was terribly witty and all the fellas were such good sports. But as time went on, my partner in crime seemed to be getting slightly grim. Don't misunderstand he still smiled, it was just that his lips appeared to be getting a trifle stiff.

Around the seventh hole he laughed wildly as I humbly apologized for my forty fifth bad shot and said gamely that it was all right. On the eighth hole after my fifty-seventh bad shot, he tossed the score card into the air and babbled that what did score matter, weren't we having fun?

* * *

WELL, I DON'T know about him, but I became a little concerned for his sanity at about this time. I was glad when it was all over. And all my partner said to my husband was that if they ever had another outing, would husband please leave me at home. This cut me to my already raw and bleeding quick. But, I don't blame him, I guess.

Corn Production Forecast Is About The Same As Year Ago

The July 1 government estimate of corn production last year was 3.4 billion bushels; this year, the condition of the crop on July 1 seems slightly better on a trifle smaller acreage, so the U.S.D.A. July 1 forecast, which comes out about July 10, should be about the same as a year ago.

Those wide spread areas in Iowa, Nebraska, South Dakota and Minnesota with low subsoil moisture have been sustained by timely showers, so that the corn crop has thrived, but the subsoil moisture has not been replenished. July moisture of 3 to 5 inches in well distributed showers will be necessary for a good corn crop in the previously mentioned states.

* * *

THOSE NORMAL seasons just don't seem to exist any more. Corn again is well ahead of average in the west half of the Corn Belt. July 4 saw much of the crop shoulder high. Worries about maturity would again seem unnecessary in the northwestern Corn Belt, as they have been for several years.

DeKalb Seed Corn crop reporters indicate that both wheat and soybeans look excellent in the Corn Belt. First yields of wheat combined in Missouri, Kentucky, Illinois, Indiana and Ohio are reported as excellent, with some yields up to 60 bushels. An increase of fertilizing, both at seeding time and as a spring top dressing, is in large measure responsible for these phenomena yields.

* * *

SOYBEANS are reported thriving wonderfully on the biggest acreage ever. The high prices of beans - above $3.00 - just before planting time probably influenced the acreage increase.

Side dressing corn with the many forms of nitrogen now available is almost a standard practice. With ample moisture this practice can increase yields 10 to 40 bushels per acre. (Fm

Hay Quality Lowered When Harvest Delayed

Low protein and high fiber content reduce feeding value of hay harvested in late stage of maturity, says J. A. Jackobs, University of Illinois agronomist.

As the hay crop approaches the seed stage, the proportion of stems to leaves increases. At the prebloom stage the plant is 53-55 per cent leaves and 45-47 per cent stems.

* * *

THE PER CENT of protein in stems is lower and less digestible than that in the leaves. Stems contain 8 per cent protein, of which 51 per cent is digestible, while the leaves contain 19 per cent protein, of which 77 per cent is digestible.

Crude fiber found in stems is higher and less digestible than leaf fiber. Stems contain 41 per cent fiber, which is 39 per cent digestible, and leaves contain 16 per cent fiber, which is 55 per cent digestible.

From prebloom to seed stage, protein content decreases from 22 per cent to 14 per cent, and fiber content increases from 25 per cent to 37 per cent. As the plant matures, the crude fiber content of increases much more rapidly than the crude fiber content of the leaves. This change in composition of leaves and stems reduces quality.

* * *

MOST FARMERS realize that as the hay crop becomes more mature it has a tendency to become woody because of loss of leaves and more rapid stem growth. This decrease in proportion of leaves and increase in proportion of stem is more pronounced in grasses than legumes.

Since leaves are more digestible than stems, quality drops faster in grasses than legumes as the plant approaches maturity.

For high quality hay, the best time to harvest is when the grass or legume is about one-tenth in bloom, Jackobs recommends.

Farmers Get Notices Of Corn Base Acreages

Every North Cook county corn farmer should have received notice within the past few days of his Soil Bank corn base acreage for 1956. Notices have been mailed from the County Agricultural Stabilization and Conservation office, according to Chairman Carl M. Bormet.

A farmer's soil bank corn base acreage is about 18 per cent above the allotment previously set for the farm and provides the basis of the farmer's participation in the 1956 Acreage Reserve program for corn.

* * *

TO EARN acreage reserve payments, the farmer places specified acres of his corn base in the acreage reserve and agrees not to harvest corn or any other crop from them. He can then earn payments at the rate of 92 cents per bushel based on the yield determined by the ASC County committee, provided the minimum requirement and other conditions are met.

The minimum amount of corn land that may be placed in reserve is the larger of 10 per cent of the base acreage or 5 acres, or the allotment in case it is below 5 acres. The maximum acreage which may be placed in the corn reserve is half the corn base or 50 acres, whichever is larger, except that it may not exceed the soil bank corn base acreage.

* * *

AGREEMENTS for participation in the corn acreage reserve are now available for signature at the Arlington Heights county ASC office and must be signed by July 20, Mr. Bormet said. (Fm

University Lab Tests Good On Fly Repellents

Laboratory tests at the University of Illinois have shown encouraging results with new fly repellents.

W. N. Bruce, research entomologist with the Illinois Natural History survey, says repellents may have many new uses for fly control.

They may be sprayed on livestock in the field, for instance, to protect animals against stable and horn flies. Where these biting flies are a problem, they can slow animal gains, with resulting higher cost to farmers.

* * *

ANOTHER BIG use for repellents will be to crowd flies from a nuisance area, such as an eating counter, into a more desirable baiting area where they can be killed. They may also be used to keep flies away from doorways and window screens.

The search for effective fly repellents has included a look for lasting qualities. Some have been found to be effective for as long as a month, Bruce says.

You may be able to buy some effective repellents at your local stores within a year, the scientist believes. In his 7 years of working with repellents, he has tested several hundred different chemicals to find the most effective and lasting materials. (FM

DOWN ON THE FARM

with Your Farm Adviser

CARL F. MEES

Many home grown vegetables are now in abundant supply and there will be many more in the near future. Some of our road side stands have already opened and the rest will be opened for business very soon.

What can you buy there? You will find beautiful cabbage, onions, radishes, strawberries (almost over) red beets, green beans, parsley, bib lettuce, etc.

Soon you will find sweet corn at the stands. Cook county growers grow the best sweet corn found anywhere in the United States. Most of our growers have done a good job controlling the corn borer so the quality should be good too. Sweet corn will be in season throughout the summer. Why don't you become a regular customer at your favorite vegetable stand this summer. For good health two vegetables should be included in every meal.

* * *

TO THOSE of you that plan to attend Farm and Home week next year, the dates are January 27-31. It is held each year at the University of Illinois. The theme will be "Your College of Agriculture Serves You."

* * *

SAFETY — July 22-28 is National Farm Safety Week. The Illinois Rural Safety council is sponsoring an all day Safety Field day July 24 at the University of Illinois campus.

I mention these 2 events merely to state that it is a good idea to stress safety at some particular time but we should strive to make every day a safety day and every week a safety week. It is alarming to think of the number of accidents that occur each day and each week. None of us are excused. I am sure many times, I have not been as careful as I should have been. There probably have been times when you have not been as cautious as you should have been.

Let us start now to take every precaution against accidents and tell others to do likewise.

Farm Safety Week Is Set For July 22

By proclamation of President Eisenhower, the nation will observe National Farm Safety Week during the week of July 22-28.

Because needless accidents continue to kill thousands of farm people every year and more than 1½ million farm residents were injured last year, the President urgently requests every farm resident to cooperate in an effort to make 1956 as accident free as possible.

* * *

THE CHANCES of being killed on the job are more than three times as great for an agricultural worker as for an industrial worker says O. L. Hogsett, Extension safety specialist at the University of Illinois college of agriculture. The loss due to farm accidents, including property and equipment, is estimated at over 1 billion dollars annually.

Of the fatal accidents to farm folk in 1955, as many occurred in and around the house as on the rest of the farm. Falls due to clutter or poor housekeeping are the principal cause of death from home accidents.

* * *

THIS IS the 13th year in which National Farm Safety Week has been sponsored by the National Safety council and the department of agriculture in cooperation with state and county safety committee farm organizations, farm press and radio and many other groups interested in agriculture.

Farm Loan Group Pays $6,214.80 In Dividends

Farmers in Kane, DuPage and Cook counties are receiving checks totaling $6214.80, as dividends on their stock in the National Farm Loan association of Geneva, according to announcement made today by Lois M. Robertson, Secretary-Treasurer.

The dividend of 6 per cent was declared by the board of directors of the association at its last meeting payable to its member-stockholders of record at the close of business on June 12, 1956.

THE PAYMENT of this dividend by the association has the effect of substantially reducing the average interest rate paid this year by association members on their outstanding mortgage loans, the association's official pointed out.

The dividend payment by this local credit cooperative was made possible by a recent dividend received on its stock in the Federal Land Bank of St. Louis. Thus the association is passing on to its members a portion of the savings made by the cooperative farm mortgage system. The remainder of the dividend paid by the bank will be used to build strong reserves in the association. (Fm

Farmer-Husbands: Keep Wife Happy With Fencerow

Keeping your wife happy is easy!

Well, at least, it's easy to get rid of those unsightly weeds she's always wanting you to cut, says F. W. Slife, weed control specialist at the University of Illinois.

Slife states that for just 1 dollar you can kill the weeds in fencerows 8 feet wide around a 40-acre field.

He gives these 3 reasons why farmers should kill fencerow weeds: to get rid of the seed supply for new crops of weeds, to destroy breeding places of insects and crop diseases, and to make your farm look better.

* * *

SLIFE recommends spraying fencerows once in May and once in Jul ywith one pound of 2,4-D an acre. The 2,4-D costs a dollar a pound, and a pound will clean up the 8-foot fencerows around that "north forty."

If there is some brush in the fences, a mixture of ½ pound 2,4-D and ½ pound 2,4,5-T will kill both brush and weeds. To get the best results, cover the brush and weeds thoroughly with the spray. You can do the job with a hand, tractor, or commercial sprayer. Most commercial sprayers charge about a dollar an acre to spray weeds.

Once the weeds are controlled, Slife says either bluegrass or bromegrass will appear in the fencerows. These are desirable grasses because they do not move into the cultivated fields to rob you of profits.

MANY FARMERS usually wait until corn is laid by to mow weeds. By this time the weeds have produced seeds. Spraying in May kills the weeds before they set seeds, and new seed is not uncovered by plowing as it may be in the field.

Slife urges care in spraying near soybeans or vegetable crops. The spray may drift onto the fields, and these crops are more easily injured than corn or small grain by 2,4-D.

You sportsmen can rest easy. Slife says that the grasses that take over after the weeds are gone give food and shelter to game. And the grasses are a lot more pleasing to look at. (Fm

Corn Needs Both Moisture And Fertility, Test Shows

You may be disappointed in your yields if you add nitrogen to corn and the year turns off dry.

Another test at the Dixon Springs experiment station of the University of Illinois in Pope county shows again how important moisture is for corn yields in addition to fertility.

George McKibben, crops research specialist at the station, reports a corn fertility trial from 1948 through 1953 on formerly untreated land that had been abandoned for about 7 years. Two years of the test were very dry, and 2 years had enough rainfall.

* * *

ALL OF THE CORN plots were treated with 150 pounds of 0-20-20, broadcast and disked in. In addition to a control plot with no treatment, 3 other plots were treated with 200 pounds of 8-8-8 as a starter fertilizer. One of these 3 plots also got 500 pounds of ammonium nitrate an acre, plowed down. The other got 200 pounds of ammonium nitrate, side-dressed at the last cultivation.

During the wet years, 1948 and 1949, the yields on these plots averaged 21.4, 35.0, 53.7 and 57.8 bushels an acre with various treatments as listed. During the dry years, 1952 and 1953, yields on the same plots averaged 20.3, 26.8, 19.2 and 28.4 bushels an acre.

* * *

NITROGEN ADDED in the wet years gave excellent yield increases where nitrogen was the limiting factor. But, in the dry years, added nitrogen did not help the situation much.

For highest corn yields, of course, McKibben points out that you'll need moisture, plenty of available phosphorus and potash, as well as other plant nutrients and enough stalks, per acre, of a good yielding hybrid variety as well as nitrogen. (FM

Garden Seeds Keep Longer When Stored In Dry Place

Many vegetable and flower seeds are good for several years' plantings if you store them properly. Commercial seedmen have found that garden seeds keep longest when stored in a dry place and at a low temperature.

You can use a gallon jar with an air-tight cap to store these seeds.

G. M. Fosler, University of Illinois floriculture instructor, suggests that you get enough anhydrous calcium chloride, a dehydrating chemical, to form a layer about 2 inches deep in the bottom.

PLACE A loose-fitting disc of heavy wrapping paper over the calcium chloride. Then stack the seed packets loosely on top of the paper and tighten the cap. Store the seed jar where the temperature is between 35 degrees and 50 degrees F. You might keep it in a basement fruit storage room or in a refrigerator.

Before planting in the spring, test the various kinds of seeds you've stored to see how well they will germinate. Some kinds are rather short-lived, even though properly stored.

SINCE THE calcium chloride takes up moisture, you may have to dry it out occasionally. Do it before putting in new seeds. But if you open the jar frequently during storage, dry it out several times a year.

To dry, spread the dehydrating chemical thinly on a cooky sheet and bake in the over at about 125 degrees F. for several hours. Then put it back in the jar while warm, and close the cap tightly. (Fm

U.S. Crack Down On Grain

Federal food and drug inspectors may seize grain in interstate shipments after July 1 that shows more than 1 per cent of insect-damaged kernels or one rodent pellet per pint.

This is another tightening of government restrictions on contaminated grain.

Steven Moor, extension entomologist at the University of Illinois, says that wheat is especially liable to contamination, since it is harvested and stored during the height of the insect season.

Sweep out thoroughly, or vacuum, all old dust, chaff and grain from inside of the bing and harvesting machinery. Those are favorite hiding places for insects. The Spray the inside of bins thoroughly with a recommended spray.

* * *

FOR SAFE storage, store your grain dry. Wheat should not contain more than 13 per cent moisture. In addition, high moisture grain attracts insects and provides good growing and developing conditions.

To prevent insect infestations, use protective pyrethrin powders or sprays on clean wheat at harvest, Moore suggests. Or you can wait 2 to 3 weeks after harvest and use a fumigant for protection. If your stored grain is infected with insects, you'll need to use a fumigant to get rid of them.

Close the bin immediately after fumigating, and leave it closed for 4 to 5 days. Inspect the grain every 30 days while it is in storage to find any insect damage as soon as it starts.

July 30 Deadline For Crop Sign Up In Soil Bank Plan

Agreement forms for the new soil bank program are now available to farmers at the county agricultural stabilization and conservation office.

They must be signed not later than July 30 if the farmer wishes to take part during the 1956 crop year.

One caution: No producer should go ahead with plans to participate in the soil bank until he has checked with his county ASC committee and has entered into an agreement with the committee regarding the practice he is to carry out.

BY KEEPING corn acreage for harvest below the level of his crop base and holding these acres out of production, a farmer can qualify for the acreage reserve payments under the soil bank.

Payment for corn will vary somewhat with the method of compliance, but in general will be computed by multiplying 90 cents a bushel times the corn yield determined by the county ASC committee times the acreage taken out of production.

For this year only, farmers may participate by not harvesting acres that suffered from weather damage or by clipping, mowing or cutting an acreage of corn. Oats must have been clipped by July 1, while soybeans and corn can be destroyed up to July 31. But each farmer should be sure to check with his county ASC committee before he destroys a crop.

THIS IS a special provision because the law was not passed until after planting was well along.

The entire 1956 program is in many respects a special one, with many provisions to meet the time limitations this season. That is why farmers are urged to seek advice from the local ASC committee before the deadlines pass. (Fm

Joins Palatine Men On Farm Committee

George F. Klein Jr., of Elgin, is the new member of the farmers home administration Cook county committee, Robert C. Becker, county supervisor, announced. Mr. Klein's appointment became effective July 1, 1956. The committee on which he will serve determines the eligibility of local farmers who apply for Farmers Home Administration loans.

The new committeeman operates a dairy farm near Elgin, and succeeds Howard G. Rahlfs whose term expired this year. The other 2 members are Harvey H. Pohlman of Palatine, and Harold D. Bergman, also of Palatine.

The committee works with the county supervisor in connection with all types of loans. These include farm operating loans and loans to buy, improve, or enlarge efficient family-type farms in this area. They also include loans to farmers or their nonprofit associations to establish and carry on approved soil and water conservation practices including improving permanent pastures, terracing, soil erosion measures, farmstead water systems, irrigation, drainage, and many other conservation practices.

Most of the soil and water conservation loans and loans to buy or improve farms are made from funds advanced by private lenders and insured by the agency. Some of these loans, however, and all loans for operating farms, are made from appropriated funds.

No loan of any type can be approved for an applicant whose credit needs can be handled adequately by other credit sources.

Get Clipped Oats Off Your Legumes

If you clipped your oats to qualify for acreage for soil bank payments, you'll need to get the straw off the field so that it will not smother the legume seeding.

You can't use the oats for feeding, but agronomists at the University of Illinois college of agriculture say that you can make compost to be hauled back to the fields later.

Or you can use a beater that will shred the stalks so fine that they won't smother the legumes.

CLIP AS high as your mower will let you — four inches or more if possible, the agronomists suggest. Then you'll clip off the least legume. Alfalfa can stand some clipping, but it will be harder on red clover.

Only farmers who have underplanted their corn base are eligible to use oats in this way for the soil bank program. Such underplanted acreage of corn plus corn otherwise disposed of must meet the minimum requirement.

In this event you can place one acre of oats in the acreage reserve for each acre by which you have underplanted your corn base. But there can be absolutely no harvest or further pasturing of these acres during 1956.

To avoid any error, always check your plans with your county ASC committee before you destroy any crop. County ASC committees are in charge of the program, and that office will make all payments. (Fm

Announce Plans For Lutheran Hour Rally

Plans for another gigantic Lutheran Hour rally to be held October 21, in the International amphitheatre, 42nd and Halsted streets, Chicago, have just been made public.

The announcement was made by O. A. Dietrich of River Forest, president of the Lutheran Laymen's league of Northern Illinois, promoters of the event.

This rally will signalize the 24th season of this international radio broadcast, "known officially as "Bringing Christ to the Nations." It will feature an address by the Rev. Dr. Oswald Hoffmann, the Lutheran Hour speaker.

Christian Science TV Programs Resumed

Station WBKB, Channel 7, Chicago, will again show the television programs "How Christian Science Heals" beginning July 15. The programs will be shown Sundays at 8:45 a.m.

These series of 15-minute programs, which are recorded actual documental cases of how prayer heals sickness and solves other problems, are produced by The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. (Ch

'BILL' GETS RESULTS

Wm. H. DePue, well-known Palatine realtor, is highly satisfied with the pulling power of Paddock Publications. His constant advertising campaign once again paid off with sales - - $215,000 worth. That's a record that's hard to beat, and it's proof that the 10 Paddock Publications reach the eyes of 100,000 people within and around the 31 communities served by these newspapers.

Attn: Mr. Stewart Paddock

Gentlemen:

I think there are entirely too few people ready to spread a good word for work well done. I'll bet you know what I mean. I want to be different.

To be a success in this highly specialized real estate business we have to put our advertising dollar where it counts the most.

Our office in the last one hundred days has sold over three hundred fifty thousand dollars worth of real estate. We are proud of this. Naturally we check our advertising costs, and the purpose of this letter, Mr. Paddock, is to tell you that Paddock Publications' readers have bought $215,000.00 worth of real estate through our office since March 1, 1956.

We are proud of the enviable position in which your readers hold us. We are striving to always maintain their confidence, and we thank you for the fine advertising medium you are furnishing in all the Paddock Publications.

Thanks very kindly,

Wm. H. DePue

Are You Tired Of Looking At 4 Walls?

Make One Of Those Walls The Beautiful Fox River

Here's your chance for the type of living you've dreamed about. Watch the fish swim by as you linger over your morning coffee, or perhaps you'd like a morning dip just 200' from your door. How about a sleep in the sun on lazy weekends? Maybe you prefer skiing in the winter on surrounding hills, and watching the big boys jump on the Norge hill in January.

Here's your opportunity to sell those 4 walls and a backyard in town, and move to this contemporary site just 20 minutes from Arlington Heights. You'll have to cut the grass now and then between dips, you'll have to awaken in the morning with the sun shining through a wall of glass. And when it's hot and stuffy in town, the windows all around at the top of the house bring you cool nights that'll make you tell summertime stories of blankets and such no one will believe.

OFFERED AT $27,000

Immediate occupancy, completely furnished, flowers a-growin', lawn chairs out, this 2-story, in-a-hill quality California Redwood home, filled with contented 2-bath living, awaits you. Simply call Stuart Paddock at CLearbrook 3-1520 during the business day to make appointment for viewing. This property is located in Gardners Point subdivision, just east of Norge ski club property, northeast of Fox River Grove, with entrance from route 22, ¼ miles northeast of route 14.

Enuf Said? See You There

$28,750—A new brick and frame ranch home located on a 76 x 230 lot in excellent residential area in Arlington Heights. This home has 3 bedrooms (all roomy) AND a den, an attached garage, aluminum storms & screens, a full basement that is completely tiled and has plumbing for an extra bath (an ideal game room for the children.) The Mrs. will like the 15' 6" x 11' 4" kitchen, loaded with birch cabinets and tiled.

IMPORTANT NOTICE

The Farmers Home Administration has just raised their top limit for this area to $30,000, which means that qualified buyers can now purchase farms up to $30,000 in price with as little as 10% down. To qualify you must be a tenant with personal property or an experienced farmer with cash to buy personal. Write us for our list of farms that you probably will be able to buy with 10% down—(40 years to pay at 4½% interest). In some instances you can pay more than $30,000 if you have the difference in cash between $27,000 and the selling price.

Release Official Holstein Cows Production Record

The Holstein-Friesian Association of America has announced completion of official production records by registered Holstein cows owned by:

—William C. Brockmann and Sons of Palatine. Pala View Design Segis Betty 3530999 produced a total of 13,239 pounds of milk and 462 pounds of butterfat as a 3-year-old. Milked 2 times daily for 309 days, she averaged 20 quarts of milk a day throughout her testing period.

—Dorothy Hammerstein of Roselle. Cardoa Ty Vic Judy Wana 3331275 produced a total of 13,903 pounds of milk and 610 pounds of butterfat as a 4-year-old. Milked 2 times daily for 296 days, she averaged 22 quarts of milk a day throughout her testing period.

THE UNIVERSITY of Illinois supervised the weighing and testing of this record which is part of the herd improvement registry of the Holstein-Friesian association.

The program provides individual lactation and lifetime production records on every registered Holstein cow in participating herds. Such records are valuable tools in the constant selection of individuals, families and bloodlines so important to successful dairy cattle breeding. (Fm

Future Farmers of America — FFA — 4H CLUB

Sewing Susies

June 27 meeting of the Sewing Susies was opened with the 4-H pledge by the vice president, Audrey Gronert, at the home of Lynn Rodewald. Local achievement will be July 18 from 1:30 till 4 p.m. at the Rodewald home. It will be a mother's tea. There will be a skit, demonstrations by Patricia Draut, Carol Halsted, Gerry Sieben, Audrey Gronert and Carol Conroy and Shirley Niemeyer will play the accordian.

The club worked on the mobile chest x-ray unit July 5 and 6.

All records of projects should be finished and brought to local achievement.

Demonstrations were given by Gerry Sieben, "The Different Types of Containers for Flower Arrangement;" Mary Kay Meyer, "Barbecuing Hot Dogs with Bacon;" Alene Fosselt, "How to Weave;" Audrey Gronert, "Containers for Canning" and "How to Keep Flowers Longer;" Carol Conroy, "How to Prepare for Cooking;" Carol Halsted, "Measuring Foods;" Nancy Mees, "How to Cut Flowers;" Robin Posselt, "Ways to Measure Shortening," and Shirley Niemeyer, "Planning Your Meals." Refreshments were served. (4-H

Barrington Bluebirds

The June 27 meeting of the Barrington Bluebirds 4-H club was called to order at the home of Mrs. A. E. Schaefer, 4-H leader.

Judging of some baked products was done. Marlene Hoffman gave a demonstration on placing patterns. Carolann Blume talked on their eighth grade trip of District 250 to Springfield. Virginia Blume talked on good table manners, and Janet Olsen demonstrated shaping rolls.

. . . You'll bless the
BENDIX DUOMATIC WASHER-DRYER ALL-IN-ONE

Bendix Duomatic

THE ONE — THE ORIGINAL

This fabulous machine "mothers" *you*.

Even stays up nights to wash and dry your clothes while you sleep like a baby.

It's like having regular, constant, every-day laundry help. And you don't have to give the Duomatic lunch, or Thursdays off. You don't have to do anything but put the clothes in and leave 'em . . . to wash and dry all by themselves.

YOU'LL "DRESS" THE BABY OUT OF YOUR DUOMATIC

Junior's never out of diapers, because the Bendix Duomatic can take care of dozens a day, if need be. And hand them over to you as soft as the skin they're going to touch.

And, if you'll pardon us for growing up your family in a sentence . . . the Duomatic also does a wonderful job of taking care of teen-agers. They need a lot of changes, too. But with the Duomatic to wash and dry while they're asleep, they don't *need* as many clothes.

THE STEPS YOU'LL SAVE . . . AND TIME!

The Duomatic does both your washing and drying automatically . . . in one continuous operation. You don't have to go near it while it's working. Even if you had a separate washer and dryer, you'd still have to play nursemaid . . . switching clothes from one machine to the other. Running up and down stairs a dozen times a washing. But with Duomatic, you're free as a bird.

LET'S NOT FORGET HOW CLEAN THE DUOMATIC GETS YOUR CLOTHES

The Bendix method of Tumble-Action plunges clothes deeper into suds . . . 50 times a minute! Unfolds every piece so there's not a chance of a wadded-up wash. Clothes are rinsed the same thorough way . . . three separate times in clear warm water.

And Duomatic drying is done with such loving care that leading manufacturers advise it even for Miracle Fabrics. Nylon blouses and such are often ready to put right on. Even your sheets are ready for bed-making.

HOME-PROVEN WITH 27 MILLION WASH (AND DRY) DAYS

FITS ANYWHERE . . . KITCHEN, UTILITY ROOM, BATHROOM

New as it is, the Bendix Duomatic has been in use for two years or more in homes all over the country. You can put it almost anywhere in your home . . . it's that compact. And although it needs only 36 inches of wall space, it is the only combination washer-dryer that is completely cushioned against vibration.

THE ONLY COMBINATION WASHER-DRYER AVAILABLE IN BOTH GAS AND ELECTRIC MODELS! COME IN NOW... SEE A DEMONSTRATION OF THIS MIRACLE APPLIANCE
